CHARTER SCHOOLS ACT, as amended

A. CHARTER SCHOOLS ACT, Education Code

CHAPTER 1 - GENERAL PROVISIONS

Sections 47600-47604.5

§ 47600 This part shall be known, and may be cited, as the “Charter Schools Act of 1992.”

Section 47600

Title of Act

§ 47601 It is the intent of the Legislature, in enacting this part, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:

Section 47601

Legislative intent

(a) Improve pupil learning.

(b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.

(c) Encourage the use of different and innovative teaching methods.

(d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the schoolsite.

(e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.

(f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.

(g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

§ 47602 (a) (1) In the 1998–99 school year, the maximum total number of charter schools authorized to operate in this state shall be 250. In the 1999–2000 school year, and in each successive school year thereafter, an additional 100 charter schools are authorized to operate in this state each successive school year. For the purposes of implementing this section, the State Board of Education shall assign a number to each charter petition that it grants pursuant to subdivision (j) of Section 47605 or Section 47605.8 and to each charter notice it receives pursuant to this part, based on the chronological order in which the notice is received. Each number assigned by the state board on or after January 1, 2003, shall correspond to a single petition that identifies a charter school that will operate within the geographic and site limitations of this part. The State Board of Education shall develop a numbering system for charter schools that identifies each school associated with a charter and that operates within the existing limit on the number of charter schools that can be approved each year. For purposes of this section, sites that share educational programs and serve similar pupil populations may not be counted as separate schools. Sites that do not share a common educational program shall be considered separate schools for purposes of this section. The limits contained in this paragraph may not be waived by the State Board of Education pursuant to Section 33050 or any other provision of law.

Section 47602

Limit on number of charter schools

(2) By July 1, 2003, the Legislative Analyst shall, pursuant to the criteria in Section 47616.5, report to the Legislature on the effectiveness of the charter school approach authorized under this part and recommend whether to expand or reduce the annual rate of growth of charter schools authorized pursuant to this section.

Prohibition against conversion of private school

(b) No charter shall be granted under this part that authorizes the conversion of any private school to a charter school. No charter school shall receive any public funds for a pupil if the pupil also attends a private school that charges the pupil's family for tuition. The State Board of Education shall adopt regulations to implement this section.

Section 47603
Assistance allowed county loans

§ 47603 (a) This part shall not be construed to prohibit any private person or organization from providing funding or other assistance to the establishment or operation of a charter school.

(b) This section shall become operative on July 1, 2017.

Section 47604
Operating as or by a nonprofit corporation
School district representative on board

§ 47604 (a) Charter schools may elect to operate as, or be operated by, a nonprofit public benefit corporation, formed and organized pursuant to the Nonprofit Public Benefit Corporation Law (Part 2 (commencing with Section 5110) of Division 2 of Title 1) of the Corporations Code).

(b)(1) (b)(1) On or after July 1, 2019, a petitioner that submits a charter petition of a charter school that submits a charter renewal or material revision application shall not operate as, or be operated by, a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. For purposes of this section, a for-profit educational management organization and a for-profit charter management organization are entities that manage or operate a charter school.

(2)(A) "Operate as, or be operated by," as referenced in paragraph (1), means services provided for a for-profit corporation to a charter school that include any of the following:

(i) Nominating, appointing, or removing board members or officers of the charter school.

(ii) Employing, supervising, or dismissing employees of the charter school, including certificated and noncertificated school personnel.

(iii) Managing the charter school's day-to-day operations as its administrative manager.

(iv) Approving, denying, or managing the budget or any expenditures of the charter school that are not authorized by the governing body of the charter school.

(v) Providing services to a charter school before the governing body of the charter school has approved the contract for those services at a publicly noticed meeting.

(B) A charter school shall not enter into a subcontract to avoid the requirements of this paragraph.

(c) A chartering authority that grants a charter to a charter school to be operated as or by a nonprofit public benefit corporation shall be entitled to a single representative on the board of directors of the nonprofit public benefit corporation.

(d) A chartering authority that grants a charter to a charter school to be operated by, or as, a nonprofit public benefit corporation is not liable for the debts or obligations of the charter school, or for claims arising from the performance of acts, errors, or omissions by the charter school, if the authority has complied with all oversight responsibilities required by law, including, but not limited to, those required by Section 47604.32 and subdivision (m) of Section 47605.

(e) This section shall become operative on July 1, 2019.

[OPERATIVE June 29, 2020 through December 31, 2022]

<p>§ 47604.1 (a) For purposes of this section, an “entity managing a charter school” means a nonprofit public benefit corporation that operates a charter school consistent with Section 47604. An entity that is not authorized to operate a charter school pursuant to Section 47604 is not an “entity managing a charter school” solely because it contracts with a charter school to provide to that charter school goods or task-related services that are performed at the direction of the governing body of the charter school and for which the governing body retains ultimate decisionmaking authority.</p>	Section 47604.1 Governance provisions

<p>(II) The charter school is operated by a nonprofit public benefit corporation that was formed on or before May 31, 2002, and is currently operated by a federally recognized California Indian tribe.</p>	
<p>(ii) This subparagraph does not allow a chartering authority to delay or obstruct access to records otherwise required under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).</p>

(B) A two-way teleconference location shall be established at each resource center.

(3)(A) For a governing body of an entity managing one or more charter schools located within the same county, the governing body of the entity managing a charter school shall meet within the physical boundaries of the county in which that charter school or schools are located.

(B) A two-way teleconference location shall be established at each schoolsite and each resource center.

(4)(A) For a governing body of an entity that manages two or more charter schools that are not located in the same county, the governing body of the entity managing the charter schools shall meet within the physical boundaries of the county in which the greatest number of pupils enrolled in those charter schools managed by that entity reside.

(B) A two-way teleconference location shall be established at each schoolsite and each resource center.

(C) The governing body of the entity managing the charter schools shall audio record, video record, or both, all the governing board meetings and post the recordings on each charter school's internet website.

(5) This subdivision does not limit the authority of the governing body of a charter school and an entity managing a charter school to meet outside the boundaries described in this subdivision if authorized by Section 54954 of the Government Code, and the meeting place complies with Section 54961 of the Government Code.

(d) Notwithstanding Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code, an employee of a charter school shall not be disqualified from serving as a member of the governing body of the charter school because of that employee's employment status. A member of the governing body of a charter school who is also an employee of the charter school shall abstain from voting on, or influencing or attempting to influence another member of the governing body regarding, all matters uniquely affecting that member's employment.

(e) To the extent a governing body of a charter school or an entity managing a charter school engages in activities that are unrelated to a charter school, Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code, the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code), the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), and the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) shall not apply with regard to those unrelated activities unless otherwise required by law.

(f) A meeting of the governing body of a charter school to discuss items related to the operation of the charter school shall not include the discussion of any item regarding an activity of the governing body that is unrelated to the operation of the charter school.

(g) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

[OPERATIVE January 1, 2022]

§ 47604.2 (a) For purposes of this section, “entity managing a charter school” has the same meaning as described in subdivision (a) of Section 47604.1.

(b)(1) There may be submitted to the governing body of a charter school attended by high school pupils, or to the governing body of an entity managing multiple charter schools including a charter school attended by high school pupils, a pupil petition requesting the governing body of the charter school or the governing body of the entity managing multiple charter schools, as appropriate, to appoint one or more pupil members to the appropriate governing body pursuant to this section.

(2) The petition shall contain the signatures of either (A) not less than 500 pupils regularly enrolled in the high school of the charter school, or (B) not less than 10 percent of the number of pupils regularly enrolled in the high school of the charter school. If a charter school attended by high school pupils is operated by an entity managing a charter school or managing multiple charter schools, then the petition shall contain the signatures of either (A) not less than 500 pupils regularly enrolled in any of the high schools operated by the entity managing a charter school or multiple charter schools, or (B) not less than 10 percent of the number of pupils regularly enrolled in high schools operated by the entity managing a charter school or multiple charter schools. Each fiscal year, and within 60 days of receipt of a petition for pupil representation, or at its next regularly scheduled meeting if no meeting is held within those 60 days, the governing body of the charter school or of the entity managing multiple charter schools shall order the inclusion within the membership of that governing body, in addition to the number of members otherwise prescribed, of at least one pupil member. The governing body of the charter school or of the entity managing multiple charter schools may order the inclusion of more than one pupil member.

(3) Upon receipt of a petition for pupil representation, the governing body of a charter school or of an entity managing multiple charter schools shall, commencing July 1, 2023, and each year thereafter, order the inclusion within the membership of that governing body, in addition to the number of members otherwise prescribed, of at least one pupil member. The governing body of a charter school or of an entity managing multiple charter schools may order the inclusion of more than one pupil member. The governing body of a charter school or of an entity managing multiple charter schools may appoint a pupil to serve as an alternate pupil member who would fulfill all duties and have the same rights as a pupil member if that governing body determines the pupil member is not fulfilling their duties. If the governing body of a charter school or of an entity managing multiple charter schools appoints an alternate pupil member, that governing body shall suspend the prior pupil member’s rights and privileges related to service on that governing body.

(4)(A) A pupil member of the governing body of a charter school or of an entity managing multiple charter schools shall have preferential voting rights.

(B) Preferential voting, as used in this section, means a formal expression of opinion that is recorded in the minutes and cast before the official vote of the governing body of the charter school or of an entity managing multiple charter

schools. A preferential vote shall not serve in determining the final numerical outcome of a vote. No preferential vote shall be solicited on matters subject to closed session discussion.

(5) The governing body of a charter school or of an entity managing multiple charter schools may adopt a resolution authorizing the pupil member or members to make motions that may be acted upon by that governing body, except on matters dealing with employer-employee relations pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(6)(A) Each pupil member shall have the right to attend each and all meetings of the governing body of a charter school or of an entity managing multiple charter schools, except closed sessions.

(B)(i) Each pupil member shall be appointed to subcommittees of the governing body in the same manner as other governing body members.

(ii) Each pupil member shall be made aware of the time commitment required to participate in subcommittee meetings and work, and may decline an appointment to a subcommittee.

(iii) Subcommittee meetings may be scheduled in accordance with the availability of all members of the governing body, including each pupil member.

(7) Any pupil selected to serve as a member of the governing body of a charter school or of an entity managing multiple charter schools shall be enrolled in high school within the charter school, may be less than 18 years of age, and shall be chosen by the pupils enrolled in high school within the charter school in accordance with policies and procedures prescribed by that governing body. The term of a pupil member shall be one year, commencing on July 1 of each year, except that the term of a pupil member may be adjusted only in cases where a vacancy occurs or to provide more pupils with an opportunity to serve on the governing body.

(8) A pupil member shall be entitled to the mileage allowance to the same extent as regular governing body members but is not entitled to the compensation prescribed in Section 35120, except as specified in subdivision (f) of Section 35120.

(9)(A) A pupil member shall be seated with the members of the governing body of a charter school or of an entity managing multiple charter schools, and shall be recognized as a full member of that governing body at the meetings, including receiving all open meeting materials presented to the governing body members at the same time the materials are presented to the other governing body members, being invited to staff briefings of governing body members, or being provided a separate staff briefing within the same timeframe as the staff briefing of other governing body members, being invited to attend other functions of that governing body, such as forums, meetings with pupils and parents, and other general assemblies, and participating in the questioning of witnesses and the discussion of issues.

(B) A pupil member shall also receive all materials received by other governing body members between open meetings, except for materials that pertain to closed session items.

(10) A pupil member shall not be included in determining the vote required to

carry any measure before the governing body of a charter school or of an entity managing multiple charter schools.

(11) The pupil member shall not be liable for any acts of the governing body of a charter school or of an entity managing multiple charter schools.

(12) A majority vote of all voting governing body members shall be required to approve a motion to eliminate the pupil member position from the governing body of a charter school or of an entity managing multiple charter schools. The motion shall be listed as a public agenda item for a meeting of the governing body before the motion being voted upon.

(c) A pupil member of the governing body of a charter school or of an entity managing multiple charter schools shall not be considered a member of a legislative body or a local agency for purposes of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code) or the Bagley-Keene Open Meeting Act.

(d) The governing body of a charter school or of an entity managing multiple charter schools that orders the inclusion of a pupil member within its governing body membership pursuant to paragraph (2) of subdivision (b) shall do both of the following:

(1)(A) Notify the chartering authority of the charter school within 30 days of either of the following:

(i) The inclusion of the pupil member.

(ii) Any subsequent change in the pupil membership.

(B) The notification shall be in writing, include the name of the pupil member, the duration of the term of the pupil, and a copy of the approved pupil petition described in subdivision (b).

(2) Include at the next charter renewal with the chartering authority, the inclusion of the pupil member as a change to the governing body of the charter school or of an entity managing multiple charter schools.

(e) This section shall prevail over any contrary provision in the Nonprofit Public Benefit Corporation Law (Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code), or between this section and a nonprofit public benefit corporation's articles of incorporation or bylaws, relating to pupil members on the governing body of the charter school or of an entity managing multiple charter schools. Nothing in this section otherwise alters, amends, or impairs the rights, duties, and obligations of a nonprofit public benefit corporation relating to the operation of a charter school.

(f) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

§ 47604.3 A charter school shall promptly respond to all reasonable inquiries, including, but not limited to, inquiries regarding its financial records, from its chartering authority, the county office of education that has jurisdiction over the school's chartering authority, or from the Superintendent of Public Instruction and shall consult with the chartering authority, the county office of education, or the Superintendent of Public Instruction regarding any inquiries.

CHAPTER 2 - ESTABLISHMENT OF CHARTER SCHOOLS

§ 47605 (a)(1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school.

Additional sites pursuant to request for material revision	<p>The proposed charter shall be attached to the petition.</p> <p>(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, there shall be a material revision to the charter school's charter.</p>
Limitations on single site outside school district boundaries	<p>(5)(A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:</p> <p>(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.</p> <p>(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.</p> <p>(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter schoolsite is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.</p> <p>(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.</p> <p>(D) (i) A charter school in operation and providing educational services to pupils before October 1, 2019, located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the geographic restrictions of paragraph (1) and subparagraph (A) of this paragraph and the geographic restrictions of subdivision (a) of Section 47605.1.</p> <p>(ii) The exemption to the geographic restrictions of subdivision (a) of 47605.1 in clause (i) does not apply to nonclassroom-based charter schools operating pursuant to Section 47612.5.</p> <p>(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils before October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020. This paragraph shall be implemented only to the extent it does not conflict with federal law. In order to prevent any potential conflict with federal law, this paragraph does not apply to covered programs as identified in Section 8101(11) of the federal Elementary and Secondary Education Act of 1965 (20</p>

U.S.C. Sec. 7801) to the extent the affected charter school is the restructured portion of a divided charter school pursuant to Section 47654.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

Grade levels not served by school district

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. The governing board of the school district shall publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) of subdivision (c), regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public hearing at which the governing board of the school district will either grant or deny the charter, petitioners shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

Public hearing; timelines

(c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

Written factual findings for denial

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

Unsound educational program

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

Unlikelihood of success

(3) The petition does not contain the number of signatures required by subdivision (a).

Lack of signatures

(4) The petition does not contain an affirmation of each of the conditions

No affirmation of

conditions	described in subdivision (e).
Reasonably comprehensive elements	(5) The petition does not contain reasonably comprehensive descriptions of all of the following:
Description of educational program	(A)(i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.
Description of annual goals	(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.
High schools; transferability of courses	(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A to G” admissions criteria may be considered to meet college entrance requirements.
Measurable pupil outcomes for all pupil groups	(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.
Method to measure pupil outcomes	(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.
Governance structure	(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.
Qualifications of employees	(E) The qualifications to be met by individuals to be employed by the charter school.
Health and safety procedures	(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following: (i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237. (ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.

Balance of pupil subgroups.

(H) Admission policies and procedures, consistent with subdivision (e).

Admission requirements
Annual financial audits

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

Suspension or
Expulsion of pupils

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the

	pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).
STRS, PERS, or Social Security	(K) The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.
Attendance alternatives Return rights of employees	(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools. (M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.
Dispute resolution	(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.
School closure procedures	(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.
Declaration of exclusive public employer	(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.
Community Interests	(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors: (A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings. (B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.
Fiscal impact of the proposed charter	(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 42131 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 42131, has a negative interim certification pursuant to Section 42131, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.
Statewide standards for pupil assessment	(d)(1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.
Consultation with	(2) Charter schools shall, on a regular basis, consult with their parents, legal

guardians, and teachers regarding the charter school's educational programs.
(e)(1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of that pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2)(A) A charter school shall admit all pupils who wish to attend the charter school.

Admit all pupils

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

Public random

preferences

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter

school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4)(A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (c).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E)(i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

Carve-out for special partnership

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

No charter school employment required

(f) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

No charter school enrollment required
Information on civil liability; facilities; proposed budget

(g) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(h) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. If the school is to be operated by, or as, a nonprofit public benefit corporation, the

petitioner shall provide the names and relevant qualifications of all persons whom the petitioner nominates to serve on the governing body of the charter school.

(i) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(j) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(k)(1)(A)(i) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The petitioner shall submit the petition to the county board of education within 30 days of a denial by the governing board of the school district. At the same time the petition is submitted to the county board of education, the petitioner shall also provide a copy of the petition to the school district. The county board of education shall review the petition pursuant to subdivisions (b) and (c). If the petition submitted on appeal contains new or different material terms, the county board of education shall immediately remand the petition to the governing board of the school district for reconsideration, which shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition for the establishment of a charter school to the county board of education.

(ii) The county board of education shall review the appeal petition pursuant to subdivision (c). If the denial of the petition was made pursuant to paragraph (8) of subdivision (c), the county board of education shall also review the school district's findings pursuant to paragraph (8) of subdivision (c).

(iii) As used in this subdivision, "material terms" of the petition means the signatures, affirmations, disclosures, documents, and descriptions described in subdivisions (a), (b), (c), and (h), but shall not include minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facilities arrangements, or state law, or to reflect the county board of education as the chartering authority.

(B) If the governing board of a school district denies a petition and the county board of education has jurisdiction over a single school district, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. The state board shall review a petition submitted pursuant to this subparagraph pursuant to subdivision (c). If the denial of a charter petition is reversed by the state board pursuant to this subparagraph, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

(2) If the county board of education denies a petition, the petitioner may appeal that denial to the state board.

(A) The petitioner shall submit the petition to the state board within 30 days of a

denial by the county board of education. The petitioner shall include the findings and documentary record from the governing board of the school district and the county board of education and a written submission detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education, or both, abused their discretion. The governing board of the school district and county board of education shall prepare the documentary record, including transcripts of the public hearing at which the governing board of the school district and county board of education denied the charter, at the request of the petitioner. The documentary record shall be prepared by the governing board of the school district and county board of education no later than 10 business days after the request of the petitioner is made. At the same time the petition and supporting documentation is submitted to the state board, the petitioner shall also provide a copy of the petition and supporting documentation to the school district and the county board of education.

(B) If the appeal contains new or different material terms, as defined in clause (iii) of subparagraph (A) of paragraph (1), the state board shall immediately remand the petition to the governing board of the school district to which the petition was submitted for reconsideration. The governing board of the school district shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition to the state board.

(C) Within 30 days of receipt of the appeal submitted to the state board, the governing board of the school district or county board of education may submit a written opposition to the state board detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education did not abuse its discretion in denying the petition. The governing board of the school district or the county board of education may submit supporting documentation or evidence from the documentary record that was considered by the governing board of the school district or the county board of education.

Advisory
Commission on
Charter Schools

(D) The state board's Advisory Commission on Charter Schools shall hold a public hearing to review the appeal and documentary record. Based on its review, the Advisory Commission on Charter Schools shall submit a recommendation to the state board whether there is sufficient evidence to hear the appeal or to summarily deny review of the appeal based on the documentary record. If the Advisory Commission on Charter Schools does not submit a recommendation to the state board, the state board shall consider the appeal, and shall either hear the appeal or summarily deny review of the appeal based on the documentary record at a regular public meeting of the state board.

(E) The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is

located as the chartering authority.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the chartering authority to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(5) Upon the approval of the petition by the county board of education, the petition or petitioners shall provide written notice of that approval, including a copy of the petition, to the governing board of the school district in which the charter school is located, the department, and the state board.

(6) If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

Judicial review

(1)(1) Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. A governing body of a direct-funded charter school may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. A charter school shall have authority to request an emergency permit or a waiver from the Commission on Teacher Credentialing for individuals in the same manner as a school district.

(Operative July 1, 2020 to Jan. 1, 2026)

(c) Subdivision (a) does not lessen the requirements on charter schools regarding allegations of misconduct pursuant to Sections 44030.5, 44420, and 44940 of this code and Section 80303 of Title 5 of the California Code of Regulations. (d) This section shall remain in effect only until January 1, 2026, and as of that date is repealed.

§ 47605.5 A petition may be submitted directly to a county board of education in the same manner as set forth in Section 47605 for charter schools that will serve pupils for whom the county office of education would otherwise be responsible for providing direct education and related services. Any denial of a petition shall be subject to the same process for any other county board of education denial of a charter school petition pursuant to this part.

Section 47605.5
County charters

§ 47605.6 (a)(1) In addition to the authority provided by Section 47605.5, a county board of education may also approve a petition for the operation of a charter school that operates at one or more sites within the geographic boundaries of the county and that provides instructional services that are not generally provided by a county office of education. A county board of education may approve a countywide charter only if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. A petition for the establishment of a countywide charter school pursuant to this subdivision may be circulated throughout the county by any one or more persons seeking to establish the charter school. The petition may be submitted to the county board of education for review after either of the following conditions is met:

Section 47605.6
Countywide-benefit charter school

(A) The petition is signed by a number of parents or guardians of pupils residing

Parent signatures

	<p>within the county that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a charter school pursuant to this section.</p>
Teacher signatures	<p>(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a charter school pursuant to this section.</p>
No conversion of existing public school	<p>(2) An existing public school shall not be converted to a charter school in accordance with this section.</p>
Additional sites pursuant to material revision	<p>(3) After receiving approval of its petition, a charter school that proposes to establish operations at additional sites within the geographic boundaries of the county board of education shall notify the school districts where those sites will be located. The charter school shall also request a material revision of its charter by the county board of education that approved its charter and the county board of education shall consider whether to approve those additional locations at an open, public meeting, held no sooner than 30 days following notification of the school districts where the sites will be located. If approved, the location of the approved sites shall be a material revision of the charter school's approved charter.</p>
Meaningfully interested	<p>(4) A petition shall include a prominent statement indicating that a signature on the petition means that the parent or guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.</p>
Public hearing within 60 days; additional county board requirements	<p>(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the county board of education shall hold a public hearing on the provisions of the charter, at which time the county board of education shall consider the level of support for the petition by teachers, parents or guardians, and the school districts where the charter school petitioner proposes to place school facilities. Following review of the petition and the public hearing, the county board of education shall either grant or deny the charter within 90 days of receipt of the petition. However, this date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the county board of education for purposes of commencing the timelines described in this subdivision when the petitioner submits a petition, in accordance with subparagraph (A) or (B) of paragraph (1) of subdivision (a), to the county office of education. The county board of education shall publish all staff recommendations, including the recommended findings, regarding the petition at least 15 days before the public hearing at which the county board of education will either grant or deny the charter. At the public hearing at which the county board of education will either grant or deny the charter, petitioners shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings. A county board of education may impose any additional requirements</p>

beyond those required by this section that it considers necessary for the sound operation of a countywide charter school.

A county board of education may grant a charter for the operation of a charter school under this part only if it is satisfied that granting the charter is consistent with sound educational practice and that the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Section 47605. The county board of education shall deny a petition for the establishment of a charter school if it finds one or more of the following:

- (1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.
- (2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
- (3) The petition does not contain the number of signatures required by subdivision (a).
- (4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).
- (5) The petition does not contain reasonably comprehensive descriptions of all of the following:

Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered to be transferable to other public high schools.

(iv) If the proposed charter school will enroll high school pupils, information as to the manner in which the charter school will inform parents as to whether each individual course offered by the charter school meets college entrance requirements. Courses approved by the University of California or the California State University as satisfying their prerequisites for admission may be considered as meeting college entrance requirements for purposes of this clause.

(B) The measurable pupil outcomes identified for use by the charter school.

“Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and aptitudes specified as goals in the charter school’s educational program.

Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of

- Section 52060, that apply for the grade levels served by the charter school.
- (C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

 - (iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.
- (H) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the county board of education to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.
- (I) The manner in which annual, independent, financial audits shall be conducted, in accordance with regulations established by the state board, and the manner in which audit exceptions and deficiencies shall be resolved.
- (J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

 - (ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:
 - (I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter school will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The procedures to be followed by the charter school and the county board of education to resolve disputes relating to provisions of the charter.

(P) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of public records.

(6) A declaration of whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(7) Any other basis that the county board of education finds justifies the denial of the petition.

(c) A county board of education that approves a petition for the operation of a countywide charter may, as a condition of charter approval, enter into an agreement with a third party, at the expense of the charter school, to oversee, monitor, and report to the county board of education on the operations of the charter school. The county board of education may prescribe the aspects of the charter school's operations to be monitored by the third party and may prescribe appropriate requirements regarding the reporting of information concerning the

Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment

(C) In the event of a drawing, the county board of education shall make reasonable efforts to accommodate the growth of the charter school and in no event shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. A governing body of a direct-funded charter school may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. A charter school shall have authority to request an emergency permit or a waiver from the Commission on Teacher Credentialing for individuals in the same manner as a school district.

(2) The Commission on Teacher Credentialing shall include in the bulletins it issues pursuant to subdivision (k) of Section 44237 to provide notification to local educational agencies of any adverse actions taken against the holders of any commission documents, notice of any adverse actions taken against teachers employed by charter schools. Section 47605.7

§ 47605.7 (a) A petition for the establishment of a charter school shall not

be denied based on the actual or potential costs of serving individuals with exceptional needs, as that term is defined pursuant to Section 56026.

(b) Notwithstanding subdivision (a), this section shall not be construed to prevent a school district from meeting its obligation to ensure that the proposed charter school will meet the needs of individuals with exceptional needs in accordance with state and federal law, nor shall it be construed to limit or alter the reasons for denying a petition for the establishment of a charter school pursuant to subdivision (c) of Section 47605.

§ 47605.9 (a) A petition to establish a charter school under this part may be submitted only to the governing board of the school district or county office of education within the boundaries of which the charter school proposes to locate.

(b) A charter school operating under a charter approved by the state board pursuant to Section 47605, as that section read on January 1, 2019, may continue to operate under the authority of that chartering authority only until the date on which the charter is up for renewal, at which point the charter school shall submit a petition for renewal to the governing board of the school district within the boundaries of which the charter school is located. If the governing board of the school district denies the renewal petition, the charter school may submit the petition for renewal directly to the state board, which shall review the petition in accordance with subparagraph (B) of paragraph (1) of subdivision (k) of Section 47605.

If the state board grants renewal pursuant to Section 47607, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority. Subsequent renewals shall be subject to the same requirements as other charter schools authorized by the designated chartering authority, including review by the state board in accordance with Section 47607 and paragraph (2) of subdivision (k) of Section 47605.

(c) A charter school operating under a charter approved by the state board pursuant to Section 47605.8, as that section read on January 1, 2019, may continue to operate under the authority of that chartering authority only until the date on which the charter is up for renewal. The charter school shall submit a petition for renewal to the state board. If the state board grants renewal pursuant to Section 47607, the state board shall designate, in consultation with the petitioner, the governing board of the school district or county board of education in which the charter school is located as the chartering authority. A charter school assigned to a county board of education under this subdivision shall qualify as a charter school pursuant to Section 47605.6. Subsequent renewals shall be subject to the same requirements as other charter schools authorized by the same chartering authorities, including review by the state board in accordance with Section 47607 and paragraph (2) of subdivision (k) of Section 47605.

(d) A charter school designated to a new chartering authority pursuant to this section shall be regarded by the department as a continuing charter school for all purposes.

(e) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

§ 47606.2 A petition to establish a charter school shall contain, in addition to the reasonably comprehensive description of the procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason and the explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are required by Section 47605, a statement that the suspension procedures will include both of the following requirements:

(a) Upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more schooldays, the homework that the pupil would otherwise have been assigned.

(b) If a homework assignment that is requested pursuant to subdivision (a) and turned into the teacher by the pupil either upon the pupil's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

Section 47606.5
Goals and annual
actions

§ 47606.5 (a) On or before July 1, 2015, and each year thereafter, the governing body of a charter school shall hold a public hearing to adopt a local control and accountability plan using a template adopted by the state board. The governing body of a charter school shall update the goals and annual actions to achieve those goals identified in the charter petition pursuant to subparagraph (A) of paragraph (5) of subdivision (c) of Section 47605 or subparagraph (A) of paragraph (5) of subdivision (b) of Section 47605.6, as applicable, using the template for the local control and accountability plan and annual update to the local control and accountability plan adopted by the state board pursuant to Section 52064 and shall include all of the following:

(2) A listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1).

(b) For purposes of the review required by subdivision (a), a governing body of a charter school may consider qualitative information, including, but not limited to, findings that result from school quality reviews conducted pursuant to subdivision

(b) of Section 52052 or any other reviews.

(c) To the extent practicable, data reported pursuant to this section shall be reported in a manner consistent with how information is reported on the California School Dashboard maintained by the department pursuant to Section 52064.5.

(d) The charter school shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.

(e) The governing body of a charter school shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the local control and accountability plan or annual update to the local control and accountability plan. The agenda for the public hearing shall be posted at least 72 hours before the public hearing, and the local control and accountability plan or annual update to the local control and accountability plan shall be made available for public inspection at each site operated by the charter school.

(f) The governing body of a charter school may adopt revisions to a local control and accountability plan during the period the local control and accountability plan is in effect. The governing body of a charter school may only adopt a revision to a local control and accountability plan if it follows the process to adopt a local control and accountability plan pursuant to this section and the revisions are adopted in a public meeting.

(g) Pursuant to Section 47604.33, the charter school shall submit the adopted or revised local control and accountability plan pursuant to this section to its chartering authority and the county superintendent of schools, or only to the county superintendent of schools if the county board of education is the chartering authority.

(h) The charter school shall prominently post on the home page of the internet website of the charter school any local control and accountability plan adopted by the governing body of the charter school, and any updates or revisions to a local control and accountability plan approved by the governing body of the charter school.

§ 47607 (a) (1) A charter may be granted pursuant to Sections 47605, 47605.5, 47605.6, and 47606 for a period not to exceed five years.

(2) A chartering authority may grant one or more subsequent renewals pursuant to subdivisions (b) and (c) and Section 47607.2. Notwithstanding subdivisions (b) and (c) and Section 47607.2, a chartering authority may deny renewal pursuant to subdivision (e).

(3) A charter school that, concurrently with its renewal, proposes to expand operations to one or more additional sites or grade levels shall request a material revision to its charter. A material revision of the provisions of a charter petition may be made only with the approval of the chartering authority. A material revision of a charter is governed by the standards and criteria described in Section 47605.

(4) The findings of paragraphs (7) and (8) of subdivision (c) of Section 47605 shall not be used to deny a renewal of an existing charter school, but may be used to deny a proposed expansion constituting a material revision. For a material

revision, analysis under paragraphs (7) and (8) of subdivision (c) of Section 47605 shall be limited to consideration only of the impact of the proposed material revision.

(5) The chartering authority may inspect or observe any part of the charter school at any time.

Renewals/Material
Revisions

(b) Renewals and material revisions of charters are governed by the standards and criteria described in Section 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

Academic
performance
criterion

(c) (1) As an additional criterion for determining whether to grant a charter renewal, the chartering authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2) (A) The chartering authority shall not deny renewal for a charter school pursuant to this subdivision if either of the following apply for two consecutive years immediately preceding the renewal decision:

(i) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(ii) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

(B) Notwithstanding subparagraph (A), if the two consecutive years immediately preceding the renewal decision include the 2019–20 or 2020–21 school year, the chartering authority shall not deny renewal for a charter school if either of the following apply for two of the most recent years for which state data is available preceding the renewal decision:

(i) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(ii) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

(C) Notwithstanding subparagraphs (A) and (B), a charter school eligible for technical assistance pursuant to Section 47607.3 shall not qualify for renewal under this paragraph.

(D) A charter school that meets the criteria established by this paragraph and subdivision (a) of Section 47607.2 shall not qualify for treatment under this paragraph.

(E) The chartering authority that granted the charter may renew a charter pursuant to this paragraph for a period of between five and seven years.

(F) A charter that satisfies the criteria in subparagraph (A) or (B) shall only be required to update the petition to include a reasonably comprehensive description

of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter.

(3) For purposes of this section and Section 47607.2, “measurements of academic performance” means indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 that are based on statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, the English Language Proficiency Assessments for California, or any successor system, and the college and career readiness indicator.

(4) For purposes of this section and Section 47607.2, “subgroup” means numerically significant pupil subgroups as defined in paragraph (1) of subdivision (a) of Section 52052.

(5) To qualify for renewal under clause (i) of subparagraph (A) or (B) of paragraph (2), subparagraph (A) of paragraph (1) or (2) of subdivision (a) of Section 47607.2, or paragraph (3) of subdivision (a) of Section 47607.2, the charter school shall have schoolwide performance levels on at least two measurements of academic performance per year in each of the two consecutive years immediately preceding the renewal decision. To qualify for renewal under clause (ii) of subparagraph (A) or (B) of paragraph (2), subparagraph (B) of paragraph (1) or (2) of subdivision (a) of Section 47607.2, or paragraph (3) of subdivision (a) of Section 47607.2, the charter school shall have performance levels on at least two measurements of academic performance for at least two subgroups. A charter school without sufficient performance levels to meet these criteria shall be considered under subdivision (b) of Section 47607.2.

(6) For purposes of this section and Section 47607.2, if the dashboard indicators are not yet available for the most recently completed academic year before renewal, the chartering authority shall consider verifiable data provided by the charter school related to the dashboard indicators, such as data from the California Assessment of Student Performance and Progress, or any successor system, for the most recent academic year.

(7) Paragraph (2) and subdivisions (a) and (b) of Section 47607.2 shall not apply to a charter school that is eligible for alternate methods for calculating the state and local indicators pursuant to subdivision (d) of Section 52064.5. In determining whether to grant a charter renewal for such a charter school, the chartering authority shall consider, in addition to the charter school’s performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school’s performance on alternative metrics applicable to the charter school based on the pupil population served. The chartering authority shall meet with the charter school during the first year of the charter school’s term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter school of the alternative metrics to be used within 30 days of this meeting. The chartering authority may deny a charter renewal pursuant to this paragraph only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

(d) (1) At the conclusion of the year immediately preceding the final year of the charter school’s term, the charter school authorizer may request, and the

Charter schools eligible for alternative methods to calculate academic performance

Data of pupil enrollment patterns

department shall provide, the following aggregate data reflecting pupil enrollment patterns at the charter school:

(A) The cumulative enrollment for each school year of the charter school's term. For purposes of this chapter, cumulative enrollment is defined as the total number of pupils, disaggregated by race, ethnicity, and pupil subgroups, who enrolled in school at any time during the school year.

(B) For each school year of the charter school's term, the percentage of pupils enrolled at any point between the beginning of the school year and census day who were not enrolled at the conclusion of that year, and the average results on the statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, for any such pupils who were enrolled in the charter school the prior school year.

(C) For each school year of the charter school's term, the percentage of pupils enrolled the prior school year who were not enrolled as of census day for the school year, except for pupils who completed the grade that is the highest grade served by the charter school, and the average results on the statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, for any such pupils.

(2) When determining whether to grant a charter renewal, the chartering authority shall review data provided pursuant to paragraph (1), any data that may be provided to chartering authorities by the department, and any substantiated complaints that the charter school has not complied with subparagraph (J) of paragraph (5) of subdivision (c) of Section 47605 or with subparagraph (J) of paragraph (5) of subdivision (b) of Section 47605.6.

(3) As part of its determination of whether to grant a charter renewal based on the criterion established pursuant to subdivision (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may make a finding that the charter school is not serving all pupils who wish to attend and, upon making such a finding, specifically identify the evidence supporting the finding.

(e) Notwithstanding subdivision (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d). The chartering authority may deny renewal of a charter school under this subdivision only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. The chartering authority may deny renewal only by making either of the following findings:

- (1) The corrective action proposed by the charter school has been unsuccessful.
- (2) The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

(f) A charter may be revoked by the chartering authority if the chartering authority finds, through a showing of substantial evidence, that the charter school did any of the following:

- (1) Committed a material violation of any of the conditions, standards, or

Fiscal or
governance
violations

Revocation based
on substantial

procedures set forth in the charter.

(2) Failed to meet or pursue any of the pupil outcomes identified in the charter.

(3) Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.

(4) Violated any law.

(g) Before revocation, the chartering authority shall notify the charter school of any violation of this section and give the school a reasonable opportunity to remedy the violation, unless the chartering authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils.

(h) Before revoking a charter for failure to remedy a violation pursuant to subdivision (f), and after expiration of the school's reasonable opportunity to remedy without successfully remedying the violation, the chartering authority shall provide a written notice of intent to revoke and notice of facts in support of revocation to the charter school. No later than 30 days after providing the notice of intent to revoke a charter, the chartering authority shall hold a public hearing, in the normal course of business, on the issue of whether evidence exists to revoke the charter. No later than 30 days after the public hearing, the chartering authority shall issue a final decision to revoke or decline to revoke the charter, unless the chartering authority and the charter school agree to extend the issuance of the decision by an additional 30 days. The chartering authority shall not revoke a charter, unless it makes written factual findings supported by substantial evidence, specific to the charter school, that support its findings.

(i) (1) If a school district is the chartering authority and it revokes a charter pursuant to this section, the charter school may appeal the revocation to the county board of education within 30 days following the final decision of the chartering authority.

(2) The county board of education may reverse the revocation decision if the county board of education determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence. The school district may appeal the reversal to the state board.

(3) If the county board of education does not issue a decision on the appeal within 90 days of receipt, or the county board of education upholds the revocation, the charter school may appeal the revocation to the state board.

(4) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence. The state board may uphold the revocation decision of the school district if the state board determines that the findings made by the chartering authority under subdivision (h) are supported by substantial evidence.

(j) (1) If a county board of education is the chartering authority and the county board of education revokes a charter pursuant to this section, the charter school may appeal the revocation to the state board within 30 days following the decision of the chartering authority.

(2) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence.

Appeal of
revocations

Revocation by
county board

(k) If the revocation decision of the chartering authority is reversed on appeal, the agency that granted the charter shall continue to be regarded as the chartering authority.

(l) During the pendency of an appeal filed under this section, a charter school whose revocation proceedings are based on paragraph (1) or (2) of subdivision (f) shall continue to qualify as a charter school for funding and for all other purposes of this part, and may continue to hold all existing grants, resources, and facilities, in order to ensure that the education of pupils enrolled in the school is not disrupted.

(m) Immediately following the decision of a county board of education to reverse a decision of a school district to revoke a charter, all of the following shall apply:

(1) The charter school shall qualify as a charter school for funding and for all other purposes of this part.

(2) The charter school may continue to hold all existing grants, resources, and facilities.

(3) Any funding, grants, resources, and facilities that had been withheld from the charter school, or that the charter school had otherwise been deprived of use, as a result of the revocation of the charter, shall be immediately reinstated or returned.

(n) A final decision of a revocation or appeal of a revocation pursuant to subdivision (f) shall be reported to the chartering authority, the county board of education, and the department.

No waivers by SBE

(o) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

Section 47607.2
Nonrenewal based
on academic
performance

[OPERATIVE July 1, 2020 to January 1, 2026]

§ 47607.2 (a) (1) The chartering authority shall not renew a charter if either of the following apply for two consecutive years immediately preceding the renewal decision:

(A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

(2) Notwithstanding paragraph (1), if the two consecutive years immediately preceding the renewal decision include the 2019–20 or 2020–21 school year, the chartering authority shall not renew a charter if either of the following apply for two of the most recent years for which state data is available preceding the renewal decision:

(A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state

average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

(3) A charter school that meets the criteria established by this subdivision and paragraph (2) of subdivision (c) of Section 47607 shall only qualify for treatment under this subdivision.

(4) The chartering authority shall consider the following factors, and may renew a charter that meets the criteria in paragraph (1) or (2) only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:

(A) The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(B) There is clear and convincing evidence showing either of the following:

(i) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(ii) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(C) Clauses (i) and (ii) of subparagraph (B) shall be demonstrated by verified data, as defined in subdivision (c).

(5) Verified data, as defined in subdivision (c), shall be considered by the chartering authority until June 30, 2025, for a charter school pursuant to this subdivision, operating on or before June 30, 2020, only for the charter school's next two subsequent renewals.

(6) For a charter renewed pursuant to this subdivision, the chartering authority may grant a renewal for a period of two years.

(b) (1) For all charter schools for which paragraph (2) of subdivision (c) of Section 47607 and subdivision (a) of this section do not apply, the chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 and the performance of the charter school on the local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.

(3) In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(4) Subparagraphs (A) and (B) of paragraph (3) shall be demonstrated by verified data, as defined in subdivision (c).

(5) Verified data, as defined in subdivision (c), shall be considered by the chartering authority for the next two subsequent renewals until January 1, 2026, for a charter school pursuant to this paragraph.

(6) The chartering authority may deny a charter renewal pursuant to this subdivision only upon making written findings, setting forth specific facts to support the findings, that the charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the pupils of the school, that closure of the charter school is in the best interest of pupils and, if applicable pursuant to paragraphs (2) and (3), that its decision provided greater weight to performance on measurements of academic performance.

(7) For a charter renewed pursuant to this subdivision, the chartering authority shall grant a renewal for a period of five years.

(c) (1) For purposes of this section, “verified data” means data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced. Verified data shall include measures of postsecondary outcomes.

(2) By January 1, 2021, the state board shall establish criteria to define verified data and identify an approved list of valid and reliable assessments that shall be used for this purpose.

(3) No data sources other than those adopted by the state board pursuant to paragraph (2) shall be used as verified data.

(4) Notwithstanding paragraph (3), a charter school under consideration for renewal before the state board’s adoption pursuant to paragraph (2) may present data consistent with this subdivision.

(5) Adoption of the criteria pursuant to this subdivision shall not be subject to the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(6) The state board may adopt and make necessary revisions to the criteria in accordance with the requirements of the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code).

(7) Upon adoption of a pupil-level academic growth measure for English language arts and mathematics, the state board may reconsider criteria adopted pursuant to this subdivision.

(d) This section shall remain in effect only until January 1, 2026, and as of that date is repealed.

§ 47607.3 (a) Using an evaluation rubric adopted by the state board pursuant to Section 52064.5, and beginning with the 2020–21 school year, for any charter school for which one or more pupil subgroups identified pursuant to Section 52052 meet the criteria established pursuant to subdivision (g) of Section 52064.5 in two or more years, the county superintendent of schools in which the charter school is located shall provide technical assistance focused on building the charter school’s capacity to develop and implement actions and services responsive to pupil and community needs, including, but not limited to, any of the following:

(1) Assisting the charter school to identify its strengths and weaknesses in regard to the state priorities applicable to the charter school pursuant to subdivision (c) of Section 47605. This shall include working collaboratively with the charter school to review performance data on the state and local indicators included in the California School Dashboard authorized by subdivision (f) of Section 52064.5 and other relevant local data, and to identify effective, evidence-based programs or practices that address any areas of weakness.

Repealed as of January
2026
Section 47607.3
Technical assistance
to charter schools

(2) Working collaboratively with the charter school to secure assistance from an academic, programmatic, or fiscal expert or team of experts to identify and implement effective programs and practices that are designed to improve performance in any areas of weakness identified by the charter school. The county superintendent of schools in which the charter school is located, in consultation with the charter school, may solicit another service provider, which may include, but is not limited to, a school district, county office of education, or charter school, to act as a partner to the charter school in need of technical assistance.

(3) Obtaining from the charter school timely documentation demonstrating that it has completed the activities described in paragraphs (1) and (2), or substantially similar activities, or has selected another service provider to work with the charter school to complete the activities described in paragraphs (1) and (2), or substantially similar activities, and ongoing communication with the chartering authority to assess the charter school's progress in improving pupil outcomes.

(b) For purposes of this section, the geographic lead agency, as identified pursuant to Section 52073, or its designee, as identified in subdivision (d) of Section 52071, shall serve in the role of the county superintendent of schools for a charter school authorized by the county board of education.

(c) If the charter school meets the criteria established for school districts under paragraph (1) of subdivision (b) of Section 52072, the county superintendent of schools in the county which the charter school is located may request assistance from the California Collaborative for Educational Excellence. The California Collaborative for Educational Excellence may, after consulting with the Superintendent, and with the approval of the state board, provide advice and assistance to the charter school pursuant to Section 52074.

(d) A chartering authority shall consider for revocation any charter school to which the California Collaborative for Educational Excellence has provided advice and assistance pursuant to subdivision (c) and about which it has made either of the following findings, which shall be submitted to the chartering authority:

(1) That the charter school has failed, or is unable, to implement the recommendations of the California Collaborative for Educational Excellence.

(2) That the inadequate performance of the charter school, based upon an evaluation rubric adopted pursuant to Section 52064.5, is either so persistent or so acute as to require revocation of the charter.

(e) The chartering authority shall consider increases in pupil academic achievement for all pupil subgroups served by the charter school in determining whether to revoke the charter.

(f) A chartering authority shall comply with the hearing process described in subdivisions (g) and (h) of Section 47607 in revoking a charter. A charter school may not appeal a revocation of a charter made pursuant to this section.

(g) If the governing body of a charter school requests technical assistance, the chartering authority shall provide technical assistance consistent with paragraph (1) or (2) of subdivision (a). If a charter school has not been identified for technical assistance pursuant to subdivision (a), the chartering authority may assess the charter school a fee not to exceed the cost of the service.

(h) A charter school shall accept the technical assistance provided pursuant to subdivision (a). For purposes of accepting technical assistance, a charter school

may satisfy this requirement by providing the timely documentation to the county superintendent of schools of the county in which the charter school is located, and maintaining regular communication with the chartering authority.

(i) For a charter school that is eligible for alternate methods for calculating the state and local indicators pursuant to subdivision (d) of Section 52064.5, technical assistance provided pursuant to subdivision (a) shall take into account the charter school's performance on alternative metrics applicable to the charter school based on the pupil population served.

(j) This section shall not preclude a charter school from soliciting technical assistance from other entities at its own expense.

(k) For a charter school operating before July 1, 2020, subdivision (a) as it read on January 1, 2019, shall apply until June 30, 2022.

(c) If the charter of a charter school does not specify that it shall comply with those statutes and regulations governing public school employers that establish and regulate tenure or a merit or civil service system, the scope of representation for that charter school shall also include discipline and dismissal of charter school employees.

(d) The Public Employment Relations Board shall take into account the Charter Schools Act of 1992 (Part 26.8 (commencing with Section 47600)) when deciding cases brought before it related to charter schools.

Charter school under control of public school officers

§ 47612 (a) A charter school shall be deemed to be under the exclusive control of the officers of the public schools for purposes of Section 8 of Article IX of the California Constitution, with regard to the appropriation of public moneys to be apportioned to any charter school, including, but not necessarily limited to, appropriations made for purposes of this chapter.

No ADA for non-California resident

(b) The average daily attendance in a charter school may not, in any event, be generated by a pupil who is not a California resident. To remain eligible for generating charter school apportionments, a pupil over 19 years of age shall be continuously enrolled in public school and make satisfactory progress towards award of a high school diploma. The state board shall, on or before January 1, 2000, adopt regulations defining “satisfactory progress.”

(c) A charter school shall be deemed to be a “school district” for purposes of Article 1 (commencing with Section 14000) of Chapter 1 of Part 9 of Division 1 of Title 1, Section 41301, Section 41302.5, Article 10 (commencing with Section 41850) of Chapter 5 of Part 24 of Division 3, Section 47638, and Sections 8 and 8.5 of Article XVI of the California Constitution.

(d) For purposes of calculating average daily attendance, no pupil shall generate more than one day of attendance in a calendar day. Notwithstanding any other law, a charter school that operates a multitrack calendar shall comply with all of the following:

(1) Calculate attendance separately for each track. The divisor in the calculation shall be the calendar days in which school was taught for pupils in each track.

(2) Operate no more than five tracks.

(3) Operate each track for a minimum of 175 days. If the charter school is a conversion school, the charter school may continue its previous schedule as long

as it provides no fewer than 163 days of instruction in each track.

(4) For each track, provide the total number of instructional minutes, as specified in Section 47612.5.

(5) No track shall have less than 55 percent of its schooldays before April 15.

(6) Unless otherwise authorized by statute, no pupil shall generate more than one unit of average daily attendance in a fiscal year.

(e) Compliance with the conditions set forth in this section shall be included in the audits conducted pursuant to Section 41020.

§ 47612.1 (a) Except for the requirement that a pupil be a California resident, subdivision (b) of Section 47612 shall not apply to a charter school program that provides instruction exclusively in partnership with any of the following:

(1) The federal Workforce Innovation and Opportunity Act (29 U.S.C. Sec. 3101 et seq.).

(2) Federally affiliated Youth Build programs.

(3) Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.

(4) The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Section 14406 or 14507.5 of the Public Resources Code.

(b) This section shall become operative on July 1, 2015.

§ 47612.5 (a) Notwithstanding any other provision of law and as a condition of apportionment, a charter school shall do all of the following:

(1) For each fiscal year, offer, at a minimum, the following number of minutes of instruction:

(A) To pupils in kindergarten, 36,000 minutes.

(B) To pupils in grades 1 to 3, inclusive, 50,400 minutes.

(C) To pupils in grades 4 to 8, inclusive, 54,000 minutes.

(D) To pupils in grades 9 to 12, inclusive, 64,800 minutes.

(2) Maintain written contemporaneous records that document all pupil attendance and make these records available for audit and inspection.

(3) Certify that its pupils have participated in the state testing programs specified in Chapter 5 (commencing with Section 60600) of Part 33 in the same manner as other pupils attending public schools as a condition of apportionment of state funding.

(b) Notwithstanding any other provision of law and except to the extent inconsistent with this section and Section 47634.2, a charter school that provides independent study shall comply with Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 and implementing regulations adopted thereunder. The State Board of Education shall adopt regulations that apply this article to charter schools. To the extent that these regulations concern the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (l) of Section 47605.

(c) A reduction in apportionment made pursuant to subdivision (a) shall be proportional to the magnitude of the exception that causes the reduction. For purposes of paragraph (1) of subdivision (a), for each charter school that fails to offer pupils the minimum number of minutes of instruction specified in that paragraph, the Superintendent shall withhold from the charter school's apportionment for average daily attendance of the affected pupils, by grade level,

the sum of that apportionment multiplied by the percentage of the minimum number of minutes of instruction at each grade level that the charter school failed to offer.

(d) (1) Notwithstanding any other provision of law and except as provided in paragraph (1) of subdivision (e), a charter school that has an approved charter may receive funding for nonclassroom-based instruction only if a determination for funding is made pursuant to Section 47634.2 by the State Board of Education. The determination for funding shall be subject to any conditions or limitations the State Board of Education may prescribe. The State Board of Education shall adopt regulations on or before February 1, 2002, that define and establish general rules governing nonclassroom-based instruction that apply to all charter schools and to the process for determining funding of nonclassroom-based instruction by charter schools offering nonclassroom-based instruction other than the nonclassroom-based instruction allowed by paragraph (1) of subdivision (e). Nonclassroom-based instruction includes, but is not limited to, independent study, home study, work study, and distance and computer-based education. In prescribing any conditions or limitations relating to the qualifications of instructional personnel, the State Board of Education shall be guided by subdivision (l) of Section 47605.

(2) Except as provided in paragraph (2) of subdivision (b) of Section 47634.2, a charter school that receives a determination pursuant to subdivision (b) of Section 47634.2 is not required to reapply annually for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. A charter school that has achieved a rank of 6 or greater on the Academic Performance Index for the two years immediately prior to receiving a funding determination pursuant to subdivision (b) of Section 47634.2 shall receive a five-year determination and is not required to annually reapply for a funding determination of its nonclassroom-based instruction program if an update of the information the State Board of Education reviewed when initially determining funding would not require material revision, as that term is defined in regulations adopted by the board. Notwithstanding any provision of law, the State Board of Education may require a charter school to provide updated information at any time it determines that a review of that information is necessary. The State Board of Education may terminate a determination for funding if updated or additional information requested by the board is not made available to the board by the charter school within a reasonable amount of time or if the information otherwise supports termination. A determination for funding pursuant to Section 47634.2 may not exceed five years.

(3) A charter school that offers nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is subject to the determination for funding requirement of Section 47634.2 to receive funding each time its charter is renewed or materially revised pursuant to Section 47607. A charter school that materially revises its charter to offer nonclassroom-based instruction in excess of the amount authorized by paragraph (1) of subdivision (e) is subject to the determination for funding requirement of Section 47634.2.

“Classroom-based

(e) (1) Notwithstanding any other provision of law, and as a condition of

apportionment, “classroom-based instruction” in a charter school, for the purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid teaching certification in accordance with subdivision (l) of Section 47605. For purposes of calculating average daily attendance for classroom-based instruction apportionments, at least 80 percent of the instructional time offered by the charter school shall be at the schoolsite, and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a) of Section 47612.5.

instruction”

(2) For the purposes of this part, “nonclassroom instruction” or “nonclassroom-based instruction” means instruction that does not meet the requirements specified in paragraph (1). The State Board of Education may adopt regulations pursuant to paragraph (1) of subdivision (d) specifying other conditions or limitations on what constitutes nonclassroom-based instruction, as it deems appropriate and consistent with this part.

“Nonclassroom-based instruction”

(3) For purposes of this part, a schoolsite is a facility that is used principally for classroom instruction.

(4) Notwithstanding any other provision of law, neither the State Board of Education, nor the Superintendent may waive the requirements of paragraph (1) of subdivision (a).

§ 47612.6 (a) The State Board of Education may waive fiscal penalties calculated pursuant to subdivision (c) of Section 47612.5 for a charter school that fails to offer the minimum number of instructional minutes required pursuant to subdivision (a) of Section 47612.5 for the fiscal year.

Section 47612.6
State Board
of Education
instructional
minutes waiver

(b) For fiscal penalties incurred as a result of providing insufficient instructional minutes in the 2002–03 fiscal year, or any fiscal year thereafter, the State Board of Education may grant a waiver only upon the condition that the charter school agrees to maintain minutes of instruction equal to those minutes of instruction it failed to offer and the minimum number of instructional minutes required pursuant to subdivision (a) of Section 47612.5 for twice the number of years that it failed to maintain the required minimum number of instructional minutes for the fiscal year. Compliance with the condition shall commence no later than the school year following the fiscal year that the waiver was granted and shall continue for each subsequent school year until the condition is satisfied.

(c) Compliance with the condition set forth in subdivision (b) shall be verified in the report of the annual audit of the charter school for each fiscal year in which it is required to maintain additional time pursuant to subdivision (b). If the audit report for a year in which the additional time is required to be maintained does not verify that the additional time was provided, the waiver granted pursuant to subdivision (b) shall be revoked and the charter school shall repay the fiscal penalty calculated pursuant to subdivision (c) of Section 47612.5, in accordance with subdivision (a) of Section 41344.

(d) It is the intent of the Legislature that charter schools make every effort to make up any instructional minutes lost during the fiscal year in which the loss occurred rather than seek a waiver pursuant to this section.

Supervisory oversight fees

- (a) Except as set forth in subdivision (b), a chartering authority may charge for the actual costs of supervisory oversight of a charter school not to exceed 1 percent of the revenue of the charter school.
- (b) A chartering authority may charge for the actual costs of supervisory oversight of a charter school not to exceed 3 percent of the revenue of the charter school if the charter school is able to obtain substantially rent free facilities from the chartering authority.
- (c) A local educational agency that is given the responsibility for supervisory oversight of a charter school, pursuant to paragraph (1) of subdivision (k) of Section 47605, may charge for the actual costs of supervisory oversight, and administrative costs necessary to secure charter school funding. A charter school that is charged for costs under this subdivision may not be charged pursuant to subdivision (a) or (b).
- (d) This section does not prevent the charter school from separately purchasing administrative or other services from the chartering authority or any other source.
- (e) For purposes of this section, “chartering authority” means a school district, county board of education, or the state board, that granted the charter to the charter school.
- (f) For purposes of this section, “revenue of the charter school” means the amount received in the current fiscal year from the local control funding formula calculated pursuant to Section 42238.02, as implemented by Section 42238.03.
- (g) For purposes of this section, “costs of supervisory oversight” include, but are not limited to, costs incurred pursuant to Section 47607.3.

(e) For purposes of this section, “chartering authority” means a school district, county board of education, or the state board, that granted the charter to the charter school.

(f) For purposes of this section, “revenue of the charter school” means the amount received in the current fiscal year from the local control funding formula calculated pursuant to Section 42238.02, as implemented by Section 42238.03.

(e) A charter school may enter into a partnership with an existing school food authority for the purposes of implementing this section.

§ 47614 (a) The intent of the people in amending Section 47614 is that public school facilities should be shared fairly among all public school pupils, including those in charter schools

(b) Each school district shall make available, to each charter school operating in the school district, facilities sufficient for the charter school to accommodate all of the charter school's in-district students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the district. Facilities provided shall be contiguous, furnished, and equipped, and shall remain the property of the school district. The school district shall make reasonable efforts to provide the charter school with facilities near to where the charter school wishes to locate, and shall not move the charter school unnecessarily.

(1) The school district may charge the charter school a pro rata share (based on the ratio of space allocated by the school district to the charter school divided by the total space of the district) of those school district facilities costs which the school district pays for with unrestricted general fund revenues. The charter school shall not be otherwise charged for use of the facilities. No school district shall be required to use unrestricted general fund revenues to rent, buy, or lease facilities for charter school students.

(2) Each year each charter school desiring facilities from a school district in which it is operating shall provide the school district with a reasonable projection of the charter school's average daily classroom attendance by in-district students for the following year. The district shall allocate facilities to the charter school for that following year based upon this projection. If the charter school, during that following year, generates less average daily classroom attendance by in-district students than it projected, the charter school shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education.

(3) Each school district's responsibilities under this section shall take effect three years from the effective date of the measure which added this subparagraph, or if the school district passes a school bond measure prior to that time on the first day of July next following such passage.

(4) Facilities requests based upon projections of fewer than 80 units of average daily classroom attendance for the year may be denied by the school district.

(5) The term "operating," as used in this section, shall mean either currently providing public education to in-district students, or having identified at least 80 in-district students who are meaningfully interested in enrolling in the charter school for the following year.

(6) The State Department of Education shall propose, and the State Board of Education may adopt, regulations implementing this subdivision, including but not limited to defining the terms "average daily classroom attendance," "conditions reasonably equivalent," "in-district students," "facilities costs," as well as defining the procedures and establishing timelines for the request for, reimbursement for, and provision of, facilities.

Section 47614.5
Charter School
Facility Grant
Program

§ 47614.5 (a) The Charter School Facility Grant Program is hereby established, and shall be administered by the California School Finance Authority. The grant program is intended to provide assistance with facilities rent and lease costs for pupils in charter schools.

(b)(1) Commencing with the 2017-18 fiscal year, and subject to available funding in the annual Budget Act, eligible charter schools shall receive an amount equivalent to one of the following, whichever is less:

(A) Seventy-five percent of annual facilities rent and lease costs for the charter school.

(B) For the 2017-18 fiscal year, an amount equal to one thousand one hundred seventeen dollars (\$1,117) per unit of average daily attendance, as certified at the second principal apportionment. Commencing with the 2018-19 fiscal year, the amount of funding provided per unit of average daily attendance in the preceding fiscal year, as adjusted by the percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the third quarter of the prior fiscal year. This percentage change shall be determined using the latest data available as of May 10 of the preceding fiscal year compared with the annual average value of the same deflator for the 12-month period ending in the third quarter of the second preceding fiscal year, using the latest data available as of May 10 of the preceding fiscal year, as reported by the Department of Finance.

(2) In any fiscal year, if the funds appropriated for purposes of this section by the annual Budget Act are insufficient to fully fund the approved amounts, the California School Finance Authority shall apportion the available funds on a pro rata basis.

(c) For purposes of this section, the California School Finance Authority shall do all of the following:

(1) Inform charter schools of the grant program.

(2) Upon application by a charter school, determine eligibility, based on the geographic location of the charter schoolsite, pupil eligibility for free or reduced-price meals, and a preference in admissions, as appropriate. Eligibility for funding shall not be limited to the grade level or levels served by the school whose attendance area is used to determine eligibility. A charter schoolsite is eligible for funding pursuant to this section if the charter schoolsite meets either of the following conditions:

(A) The charter schoolsite is physically located in the attendance area of a public elementary school in which 55 percent or more of the pupil enrollment is eligible for free or reduced-price meals and the charter schoolsite gives a preference in admissions to pupils who are currently enrolled in that public elementary school and to pupils who reside in the elementary school attendance area where the charter schoolsite is located.

(B) Fifty-five percent or more of the pupil enrollment at the charter schoolsite is eligible for free or reduced-price meals.

(3) Inform charter schools of their grant eligibility.

(4) Make apportionments to a charter school for eligible expenditures according to the following schedule:

(A) An initial apportionment by October 31 of each fiscal year, provided the charter school has submitted a timely application for funding, as determined by the California School Finance Authority. The initial apportionment shall be 50 percent of the charter school's estimated annual entitlement as determined by this section.

(B) A second apportionment by March 1 of each fiscal year. This apportionment shall be 75 percent of the charter school's estimated annual entitlement, as adjusted for any revisions in cost, enrollment, and other data relevant to computing the charter school's annual entitlement, less any funding already apportioned to the charter school.

(C) A third apportionment within 30 days of the end of each fiscal year or 30 days after receiving the data and documentation needed to compute the charter school's total annual entitlement, whichever is later. This apportionment shall be the charter school's total annual entitlement less any funding already apportioned to the charter school.

(D) Notwithstanding subparagraph (A), the initial apportionment in the 2013–14 fiscal year shall be made by October 15, 2013, or 105 days after enactment of the Budget Act of 2013, whichever is later.

(d) For purposes of this section:

(1) The California School Finance Authority shall use prior year data on pupil eligibility for free or reduced-price meals to determine eligibility pursuant to paragraph (2) of subdivision (c). A new charter school that was not operational in the prior year shall be eligible in the current year if it meets the free or reduced-price meal eligibility requirements specified in paragraph (2) of subdivision (c) based on current year data. Prior year rent or lease costs provided by charter schools shall be used to determine eligibility for the grant program until actual rent or lease costs become known or until June 30 of each fiscal year.

(2) If prior year rent or lease costs are unavailable, and the current year lease and rent costs are not immediately available, the California School Finance Authority shall use rent or lease cost estimates provided by the charter school.

(3)(A) The California School Finance Authority shall verify costs associated with facility rents or leases, as evidenced by an executed rental or lease agreement.

(B) The verified facility agreement shall be subject to the following conditions:

(i) Reimbursable facility rent or lease costs do not exceed the prior year's costs on file with the authority as of the 2016-17 fiscal year, subject to a cost of living adjustment consistent with subparagraph (B) of paragraph (1) of subdivision (b).

(ii) The rent or lease costs of new facility agreements are at or below market rate based on any independent appraisal paid for by the charter school.

(4) The California School Finance Authority shall verify that the grant amount awarded to each charter school is consistent with eligibility requirements as specified in this section and in regulations adopted by the authority. If it is determined by the California School Finance Authority that a charter school did not receive the proper grant award amount, either the charter school shall transfer funds back to the authority as necessary within 60 days of being notified by the authority, or the authority shall provide an additional apportionment as necessary to the charter school within 60 days of notifying the charter school, subject to the availability of funds.

(e) Funds appropriated for purposes of this section shall not be apportioned for any of the following:

(1) Units of average daily attendance generated through nonclassroom-based instruction as defined by paragraph (2) of subdivision (e) of Section 47612.5 or that does not comply with conditions or limitations set forth in regulations adopted by the state board pursuant to this section.

(2) Charter schools occupying existing school district or county office of education facilities, except that charter schools shall be eligible for the portions of their facilities that are not existing school district or county office of education facilities.

(3) Charter schools receiving reasonably equivalent facilities from their chartering authorities pursuant to Section 47614, except that charter schools shall be eligible for the portions of their facilities that are not reasonably equivalent facilities received from their chartering authorities.

(f) Funds appropriated for purposes of this section shall first be used for costs associated with facilities rents and leases, consistent with the definitions used in the California School Accounting Manual or regulations adopted by the California School Finance Authority. These funds also may be used for costs, including, but not limited to, costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, and improving sites.

(g) If an existing charter school located in an elementary attendance area in which less than 50 percent of pupil enrollment is eligible for free or reduced-price meals relocates to an attendance area identified in paragraph (2) of subdivision (c), admissions preference shall be given to pupils who reside in the elementary school attendance area into which the charter school is relocating.

(h) The California School Finance Authority annually shall report to the department and the Director of Finance, and post information on its Internet Web site, regarding the use of funds that have been made available during the fiscal year to each charter school pursuant to the grant program.

(i) The California School Finance Authority shall annually allocate the facilities grants to eligible charter schools according to the schedule in paragraph (4) of subdivision (c) for the current school year rent and lease costs. (j) It is the intent of the Legislature that the funding level for the Charter School Facility Grant Program for the 2012–13 fiscal year be considered the base level of funding for subsequent fiscal years.

(k) The Controller shall include instructions appropriate to the enforcement of this section in the audit guide required by subdivision (a) of Section 14502.1.

(l) The California School Finance Authority, effective with the 2013–14 fiscal year, shall be considered the senior creditor for purposes of satisfying audit findings pursuant to the audit instructions to be developed pursuant to subdivision (k).

(m) The California School Finance Authority may adopt regulations to implement this section. Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Title 2 of the Government Code). The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(n) Notwithstanding any other law, a charter school shall be subject, with regard to this section, to audit conducted pursuant to Section 41020.

§ 47615 (a) The Legislature finds and declares all of the following:

(1) Charter schools are part of the Public School System, as defined in Article IX of the California Constitution.

(2) Charter schools are under the jurisdiction of the Public School System and the exclusive control of the officers of the public schools, as provided in this part.

(3) Charter schools shall be entitled to full and fair funding, as provided in this part.

(b) This part shall be liberally construed to effectuate the findings and declarations set forth in this section.

Section 47633
General purpose entitlement for charter schools (Operative until July 1, 2033; Repealed Jan. 1, 2034)

§ 47633 The Superintendent shall annually compute a general-purpose entitlement, funded from a combination of state aid and local funds, for each charter school as follows:

(a) The Superintendent shall annually compute the statewide average amount of general-purpose funding per unit of average daily attendance received by school districts for each of four grade level ranges: kindergarten and grades 1, 2, and 3; grades 4, 5, and 6; grades 7 and 8; and, grades 9 to 12, inclusive. For purposes of making these computations, both of the following conditions shall apply:

(1) Revenue limit funding attributable to pupils in kindergarten and grades 1 to 5, inclusive, shall equal the statewide average revenue limit funding per unit of average daily attendance received by elementary school districts; revenue limit

funding attributable to pupils in grades 6, 7, and 8, shall equal the statewide average revenue limit funding per unit of average daily attendance received by unified school districts; and revenue limit funding attributable to pupils in grades 9 to 12, inclusive, shall equal the statewide average revenue limit funding per unit of average daily attendance received by high school districts.

(2) Revenue limit funding received by school districts shall exclude the value of any benefit attributable to the presence of necessary small schools or necessary small high schools within the school district.

(b) The Superintendent shall multiply each of the four amounts computed in subdivision (a) by the charter school's average daily attendance in the corresponding grade level ranges. The resulting figure shall be the amount of the charter school's general-purpose entitlement, which shall be funded through a combination of state aid and local funds. From funds appropriated for this purpose pursuant to Section 14002, the superintendent shall apportion to each charter school this amount, less local funds allocated to the charter school pursuant to Section 47635 and any amount received pursuant to subparagraph (B) of paragraph (3) of subdivision (e) of Section 36 of Article XIII of the California Constitution.

(c) General-purpose entitlement funding may be used for any public school purpose determined by the governing body of the charter school.

(d) Commencing with the 2013–14 fiscal year, this section shall be used only for purposes of allocating revenues received pursuant to subparagraph (B) of paragraph (3) of subdivision (e) of Section 36 of Article XIII of the California Constitution.

(e) This section shall become inoperative on July 1, 2021, and, as of January 1, 2022, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2022, deletes or extends the dates on which it becomes inoperative and is repealed.

§ 47634.2 (a) (1) Notwithstanding any other provision of law, the amount of funding to be allocated to a charter school on the basis of average daily attendance that is generated by pupils engaged in nonclassroom-based instruction, as defined by paragraph (2) of subdivision (d) of Section 47612.5, including funding provided on the basis of average daily attendance pursuant to Sections 47613.1, 47633, 47634, and 47664, shall be adjusted by the State Board of Education. The State Board of Education shall adopt regulations setting forth criteria for the determination of funding for nonclassroom-based instruction, at a minimum the regulation shall specify that the nonclassroom-based instruction is conducted for the instructional benefit of the pupil and substantially dedicated to that function. In developing these criteria and determining the amount of funding to be allocated to a charter school pursuant to this section, the State Board of Education shall consider, among other factors it deems appropriate, the amount of the charter school's total budget expended on certificated employee salaries and benefits and on schoolsites, as defined in paragraph (3) of subdivision (d) of Section 47612.5, and the teacher-to-pupil ratio in the school.

(2) For the 2001–02 fiscal year only, the amount of funding determined by the State Board of Education pursuant to this section shall not be less than 90 percent of the unadjusted amount to which a charter school would otherwise be entitled on the basis of average daily attendance.

(3) For the 2002–03 fiscal year, the amount of funding determined by the State

Section 47634.2
Funding for non-
classroom-based
instruction

Board of Education pursuant to this section shall not be more than 80 percent of the unadjusted amount to which a charter school would otherwise be entitled, unless the State Board of Education determines that a greater or lesser amount is appropriate based on the criteria specified in paragraph (1) of subdivision (a).

(4) For the 2003–04 fiscal year and each fiscal year thereafter, the amount of funding determined by the State Board of Education pursuant to this section shall not be more than 70 percent of the unadjusted amount to which a charter school would otherwise be entitled, unless the State Board of Education determines that a greater or lesser amount is appropriate based on the criteria specified in paragraph (1) of subdivision (a).

(5) This section does not authorize the board to adjust the amount of funding a charter school receives on the basis of average daily attendance generated through classroom-based instruction, as defined for purposes of calculating average daily attendance for classroom-based instruction apportionments by paragraph (1) of subdivision (d) of Section 47612.5.

(b) (1) The State Board of Education shall appoint an advisory committee to recommend criteria to the board in accordance with this section if it has not done so by the effective date of the act adding this section. The advisory committee shall include, but is not limited to, representatives from school district superintendents, charter schools, teachers, parents, members of the governing boards of school districts, county superintendents of schools, and the Superintendent of Public Instruction.

(2) If a charter school submits a substantially complete request for a determination for funding by February 13, 2002, and the State Board of Education does not act on that request by March 19, 2002, full funding is automatically granted for the 2001–02 fiscal year, but the charter school shall reapply for a determination for funding for the 2002–03 fiscal year.

(3) The determination for funding shall be on a percentage basis and the superintendent shall implement the determination for funding by reducing the charter school's reported average daily attendance by the determination for funding percentage specified by the State Board of Education.

(4) If the State Board of Education denies request for a determination for funding or provides a reduction as authorized by subdivision (a), the board shall, in writing, give the reasons for its denial or reduction and, if appropriate, may describe how any deficiencies or problems may be addressed.

(c) Each charter school offering nonclassroom-based instruction shall, in each report provided to the Superintendent of Public Instruction for apportionment purposes, identify the portion of its average daily attendance that is generated through nonclassroom-based instruction as defined in paragraph (2) of subdivision (d) of Section 47612.5.

(d) Notwithstanding any other provision of law, charter schools shall be subject, with regard to subdivisions (c) and (d) of Section 47612.5 and this section, to audits conducted pursuant to Section 41020.

Section 47634.4
Categorical program
funding

§ 47634.4 (a) A charter school that elects to receive its funding directly, pursuant to Section 47651, may apply individually for federal and state categorical programs, not excluded in this section, but only to the extent it is eligible for funding and meets the provisions of the program. For purposes of determining

eligibility for, and allocation of, state or federal categorical aid, a charter school that applies individually shall be deemed to be a school district, except as otherwise provided in this chapter.

(b) A charter school that does not elect to receive its funding directly, pursuant to Section 47651, may apply, in cooperation with its chartering authority, for federal and state categorical programs not specified in this section, but only to the extent it is eligible for funding and meets the provisions of the program.

(c) Notwithstanding any other law, a charter school shall not apply directly for categorical programs for which services are exclusively or almost exclusively provided by a county office of education.

(d) Consistent with subdivision (c), a charter school shall not receive direct funding for any of the following county-administered categorical programs:

(1) American Indian Education Centers.

(2) County Office Fiscal Crisis and Management Assistance Team.

(3) The K–12 High Speed Network.

(e) A charter school may apply separately for district-level or school-level grants associated with any of the categorical programs specified in subdivision (d).

§ 47635 (a) A sponsoring local educational agency shall annually transfer to each of its charter schools funding in lieu of property taxes equal to the lesser of the following two amounts:

(1) The average amount of property taxes per unit of average daily attendance, including average daily attendance attributable to charter schools, received by the local educational agency, multiplied by the charter school's average daily attendance.

(2) The local control funding formula grant funding computed pursuant to subdivision (d) of Section 42238.02, per unit of average daily attendance, multiplied by the charter school's average daily attendance in each of the four corresponding grade level ranges: kindergarten and grades 1, 2, and 3; grades 4, 5, and 6; grades 7 and 8; and grades 9 to 12, inclusive.

(3) Notwithstanding paragraph (2), until the Superintendent determines that a charter school is funded pursuant to Section 42238.02 in the prior fiscal year, the Superintendent shall apportion funding per unit of average daily attendance pursuant to this article. The base grant for purposes of paragraph (2) shall be the lesser of the amount calculated pursuant to paragraph (2) or the sum of the entitlements for the charter school in the specified fiscal year as computed pursuant to paragraphs (1) to (4), inclusive, of subdivision (a), and paragraph (3) of subdivision (b), of Section 42238.03, multiplied by the ratio of local control funding formula base grant funding computed pursuant to subdivision (d) of Section 42238.02 to the local control funding formula amount for the fiscal year computed pursuant to Section 42238.02.

(4) If the sum of the funding transferred pursuant to this subdivision and the funding calculated pursuant to subdivision (e) of Section 42238.03 exceeds the sum of the amounts calculated pursuant to subdivisions (e), (f), and (i) of Section 42238.02, the excess funding shall be used to offset funding calculated pursuant to subdivision (e) of Section 42238.03.

(b) The sponsoring local educational agency shall transfer funding in lieu of property taxes to the charter school in monthly installments, by no later than the 15th of each month.

Section 47635
Sponsoring LEA's
transfer of funding
in lieu of property
taxes

(1) For the months of August to February, inclusive, a charter school's funding in lieu of property taxes shall be computed based on the amount of property taxes received by the sponsoring local educational agency during the preceding fiscal year, as reported to the Superintendent for purposes of the second principal apportionment. A sponsoring local educational agency shall transfer to the charter school the charter school's estimated annual entitlement to funding in lieu of property taxes as follows:

(A) Six percent in August.

(B) Twelve percent in September.

(C) Eight percent each month in October, November, December, January, and February.

(2) For the months of March to June, inclusive, a charter school's funding in lieu of property taxes shall be computed based on the amount of property taxes estimated to be received by the sponsoring local educational agency during the fiscal year, as reported to the Superintendent for purposes of the first principal apportionment. A sponsoring local educational agency shall transfer to each of its charter schools an amount equal to one-sixth of the difference between the school's estimated annual entitlement to funding in lieu of property taxes and the amounts provided pursuant to paragraph (1). An additional one-sixth of this difference shall be included in the amount transferred in the month of March.

(3) For the month of July, a charter school's funding in lieu of property taxes shall be computed based on the amount of property taxes estimated to be received by the sponsoring local educational agency during the prior fiscal year, as reported to the Superintendent for purposes of the second principal apportionment. A sponsoring local educational agency shall transfer to each of its charter schools an amount equal to the remaining difference between the school's estimated annual entitlement to funding in lieu of property taxes and the amounts provided pursuant to paragraphs (1) and (2).

(4) Notwithstanding subdivision (a) of Section 14002, final adjustments to the amount of funding in lieu of property taxes allocated to a charter school shall be made in June, in conjunction with the third recertification of annual apportionments to schools.

(5) Subdivision (a) and paragraphs (1) to (4), inclusive, do not apply for pupils who reside in, and are otherwise eligible to attend a school in, a basic aid school district, but who attend a charter school in a nonbasic aid school district. With regard to these pupils, the sponsoring basic aid school district shall transfer to the charter school an amount of funds equivalent to the local control funding formula grant pursuant to Section 42238.02, as implemented by Section 42238.03, earned through average daily attendance by the charter school for each pupil's attendance, not to exceed the average property tax share per unit of average daily attendance for pupils residing and attending in the basic aid school district. The transfer of funds shall be made in not fewer than two installments at the request of the charter school, the first occurring not later than February 1 and the second not later than June 1 of each school year. Payments shall reflect the average daily attendance certified for the time periods of the first and second principal apportionments, respectively. The Superintendent may not apportion any funds for the attendance of pupils described in this subdivision unless the amount transferred by the basic

aid school district is less than the local control funding formula grant pursuant to Section 42238.02, as implemented by Section 42238.03, earned by the charter school, in which event the Superintendent shall apportion the difference to the charter school from state funds.

§ 47636 (a) This chapter shall not prevent a charter school from negotiating with a local educational agency for a share of operational funding from sources not otherwise set forth in this chapter including, but not limited to, all of the following:

- (1) Forest reserve revenues and other operational revenues received due to harvesting or extraction of minerals or other natural resources.
- (2) Sales and use taxes, to the extent that the associated revenues are available for noncapital expenses of public schools.
- (3) Parcel taxes, to the extent that the associated revenues are available for noncapital expenses of public schools.
- (4) Ad valorem property taxes received by a school district which exceed its local control funding formula entitlement pursuant to Section 42238.02, as implemented by Section 42238.03.
- (5) “Basic aid” received by a school district pursuant to Section 6 of Article IX of the California Constitution.

(b) This section shall become operative July 1, 2006.

§ 47638 For purposes of determining eligibility for, and allocations of, lottery funds, a charter school shall be deemed to be a school district. The State Department of Education shall determine each charter school’s appropriate share of statewide total average daily attendance and include this information in its transmittals to the Controller for use in computing allocations of lottery funds.

LEA to ensure equitable funding and services

(1) State and federal funding provided to support special education instruction or designated instruction and services, or both, provided or procured by the charter school that serves pupils enrolled in and attending the charter school. (2) Any necessary special education services, including administrative and support services and itinerant services, that are provided by the local educational agency on behalf of pupils with disabilities enrolled in the charter school.

CHAPTER 8 - APPORTIONMENT OF FUNDS

Section 47650
Funding allocation for charter school deemed a school district

§ 47650 A charter school shall be deemed to be a school district for purposes of determining the manner in which warrants are drawn on the State School Fund pursuant to Section 14041. For purposes of Section 14041, a charter school's "total amount certified" means the state aid portion of the charter school's total local control funding formula allocation pursuant to Section 42238.02, as implemented by Section 42238.03.

Section 47651
Receipt of State aid

§ 47651 (a) A charter school may receive the state aid portion of the charter school's total local control funding formula allocation pursuant to Section 42238.02, as implemented by Section 42238.03, directly or through the local educational agency that either grants its charter or was designated by the state board.

Direct Funded

(1) In the case of a charter school that elects to receive its funding directly, the warrant shall be drawn in favor of the county superintendent of schools of the county in which the local educational agency that granted the charter, or was designated by the state board as the oversight agency pursuant to paragraph (1) of subdivision (k) of Section 47605, is located, for deposit to the appropriate funds or accounts of the charter school in the county treasury. The county superintendent of schools is authorized to establish appropriate funds or accounts in the county treasury for each charter school.

Non-direct Funded

(2) In the case of a charter school that does not elect to receive its funding directly pursuant to this section, the warrant shall be drawn in favor of the county superintendent of schools of the county in which the local educational agency that granted the charter is located or was designated the oversight agency by the state board pursuant to paragraph (1) of subdivision (k) of Section 47605, for deposit to the appropriate funds or accounts of the local educational agency.

(3) In the case of a charter school, the charter of which was granted by the state board, but for which the state board has not delegated oversight responsibilities pursuant to paragraph (1) of subdivision (k) of Section 47605, the warrant shall be drawn in favor of the county superintendent of schools in the county where the local educational agency is located that initially denied the charter that was later granted by the state board. The county superintendent of schools is authorized to establish appropriate funds or accounts in the county treasury for each charter school.

(b) On or before June 1 of each year, a charter school electing to receive its funding

directly shall so notify the county superintendent of schools of the county in which the local educational agency that granted the charter is located or, in the case of charters for which the state board has designated an oversight agency pursuant to paragraph (1) of subdivision (k) of Section 47605, the county superintendent of schools of the county in which the designated oversight agency is located. An election to receive funding directly applies to all funding that the charter school is eligible to receive including, but not limited to, the local control funding formula allocation pursuant to Section 42238.02, as implemented by Section 42238.03, other state and federal categorical aid, and lottery funds.

§ 47652 (a) Notwithstanding Section 41330, a charter school in its first year of operation shall be eligible to receive funding for the advance apportionment based on an estimate of average daily attendance for the current fiscal year, as approved by the local educational agency that granted its charter and the county office of education in which the charter-granting agency is located. For charter schools approved by the state board, estimated average daily attendance shall be submitted directly to, and approved by, the department. Not later than five business days following the end of the first 20 schooldays, a charter school receiving funding pursuant to this section shall report to the department its actual average daily attendance for that first month, and the Superintendent shall adjust immediately, but not later than 45 days, the amount of its advance apportionment accordingly.

(b) In addition to funding received pursuant to Section 41330, a charter school in its second or later year of operation also shall be eligible to receive an advance apportionment pursuant to the process and conditions described in subdivision (a) in any year in which the charter school is adding at least one grade level. The average daily attendance funded for a new grade level shall not exceed the portion of the certified average daily attendance at the second principal apportionment for the prior year that was attributable to pupils in the highest grade served by the charter school.

(c) A charter school in its first year of operation may only commence instruction within the first three months of the fiscal year beginning July 1 of that year. A charter school shall not be eligible for an apportionment pursuant to subdivision (a), or any other apportionment for a fiscal year in which instruction commenced after September 30 of that fiscal year.

§ 47653 (a) A charter school required to be regarded as a continuing charter school by the department pursuant to subparagraph (E) of paragraph (5) of subdivision (a) of Section 47605, subparagraph (B) of paragraph (5) of subdivision (c) of Section 47605.1, subdivision (d) of Section 47605.9, or paragraph (3) of subdivision (b) of Section 47612.7 shall notify the department by May 15 before the fiscal year in which the charter school is to be regarded as a continuing charter school by the department, in a format to be established by the Superintendent. The Superintendent may require the charter school to submit attendance records or other documents necessary to verify that instruction had been provided at the site to substantiate that the charter school meets the requirements to be regarded as a continuing charter school by the department.

(b) Failure of an eligible charter school or its chartering authority to provide notice and substantiation to the department in accordance with subdivision (a) relieves the department of any obligation to regard the charter school as a continuing

(c) A charter school petition authorized by a different chartering authority pursuant to subparagraph (A) of paragraph (5) of subdivision (a) of Section 47605, subparagraph (A) of paragraph (5) of subdivision (c) of Section 47605.1, subdivision (c) of Section 47605.9, or subdivision (b) of Section 47612.7 shall be effective before the date instruction begins for the current fiscal year.

(d) A charter school regarded as a continuing charter school in accordance with this section shall commence instruction within the first three months of the fiscal year beginning July 1 of the year the petition is effective pursuant to subdivision (c). A charter school shall not be eligible for an apportionment for any fiscal year in which instruction commenced after September 30 of that fiscal year.

(e) A charter school regarded as a continuing charter school by the department shall not be eligible for funding as a new charter school pursuant to subdivision (a) of Section 47652.

(f) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

(commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code shall be reduced by the amount of funding in lieu of property taxes allocated to a charter school or schools pursuant to Section 47635.

§ 47663 (a) (1) For a pupil of a charter school sponsored by a basic aid school district who resides in, and is otherwise eligible to attend, a school district other than a basic aid school district, the Superintendent shall apportion to the sponsoring school district an amount equal to 70 percent of the local control funding formula base grant computed pursuant to subdivision (d) of Section 42238.02, per unit of average daily attendance that would have been apportioned to the school district that the pupil resides in, and would otherwise have been eligible to attend.

(2) Notwithstanding paragraph (1), until the Superintendent determines that the school district the pupil resides in, and would otherwise have been eligible to attend, is funded pursuant to Section 42238.02, the Superintendent shall apportion, for average daily attendance pursuant to this article, the lesser of the amount calculated pursuant to paragraph (1) or 70 percent of the sum of the entitlements for the school district that the pupil resides in, and would otherwise have been eligible to attend, for the specified fiscal year as computed pursuant to paragraphs (1) to (4), inclusive, of subdivision (a), and paragraph (3) of subdivision (b), of Section 42238.03, divided by the average daily attendance for that fiscal year and then multiplied by the ratio of local control funding formula base grant funding computed pursuant to subdivision (d) of Section 42238.02 to the local control funding formula amount for the fiscal year computed pursuant to Section 42238.02.

(3) If the entitlements for the school district the pupil resides in, and would otherwise have been eligible to attend, as computed pursuant to paragraphs (1) to (4), inclusive, of subdivision (a), and paragraph (3) of subdivision (b), of Section 42238.03, include funding calculated pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24 of Division 3 for a fiscal year, paragraph (2) shall not apply and the apportionment of state funds for the average daily attendance credited pursuant to this section for that fiscal year shall be calculated pursuant to paragraph (1).

(b) A school district that loses basic aid status as a result of transferring property taxes to a charter school or schools pursuant to Section 47635 for pupils who reside in, and are otherwise eligible to attend, a school district other than the school district that sponsors the charter school, shall be eligible to receive a pro rata share of funding provided by subdivision (a), with the proration factor calculated as the ratio of the following:

(1) The amount of property taxes that the school district receives in excess of its total base grant per unit of average daily attendance calculated pursuant to Section 42238.02, as implemented by Section 42238.03, before any transfers made pursuant to Section 47635, except for transfers in lieu of property taxes made for pupils who reside in, and would otherwise be eligible to attend, a school of the school district.

(2) The total amount in lieu of property taxes transferred pursuant to Section 47635 to the charter school or schools that it sponsors, except for transfers in lieu of property taxes made for pupils who reside in, and would otherwise be eligible to

attend, a school of the school district.

(c) In no event shall the amount provided pursuant to this section exceed the amount in lieu of property taxes transferred on behalf of charter school pupils who do not reside in the school district, less the proportionate amount of base grant state aid provided pursuant to Section 42238.02, as implemented by Section 42238.03, that is attributable to the charter school pupils who do not reside in the school district.

(d) The Superintendent shall not apportion funds for the attendance of a pupil in a charter school of a nonbasic aid school district who resides in, and is otherwise eligible to attend school in, a basic aid school district unless the pupil is subject to the exceptions set forth in paragraph (5) of subdivision (b), and subdivision (c), of Section 47635.

(e) For purposes of this section, “basic aid school district” means a school district that does not receive from the state, for any fiscal year in which the subdivision is applied, an apportionment of state funds as described in subdivision (o) of Section 42238.02.

§ 42238.51 (a) For purposes of paragraph (1) of subdivision (a) of Section 42238.5, a sponsoring school district’s average daily attendance shall be computed as follows:

(1) Compute the sponsoring school district’s regular average daily attendance in the current year, excluding the attendance of pupils in charter schools.

(2)(A) Compute the regular average daily attendance used to calculate the second principal apportionment of the school district for the prior year, excluding the attendance of pupils in charter schools.

(E) The prior year average daily attendance determined pursuant to subparagraph (A) shall be reduced by the amount determined pursuant to subparagraph (D).

CHAPTER 1 - STATE FINANCIAL MANAGEMENT AND CONTROL

§ 41024 (a) Commencing April 1, 2017, a local educational agency that receives any funds pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1) shall annually report a detailed list of all expenditures of state funds, including interest, and of the local educational agency's matching funds for completed projects until all state funds, including interest, all of the local educational agency's matching funds, and savings achieved, including interest, pursuant to Section 17070.63, are expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998, associated regulations, and any accompanying grant agreement signed by a local educational agency. A local educational agency's detailed list of expenditures shall identify expenditures on a project-by-project basis, reflect completed projects that were reimbursed within that fiscal year, and shall clearly indicate the list of projects that have been completed.

Section 41024

(2) For purposes of this section, the determination that a project is complete shall be in accordance with the regulations adopted pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1).

(3) The total amount of interest earned on the state funds shall be reported on the final expenditure report upon completion of a project. For the purposes of determining the total amount of interest earned on the state funds, interest shall be considered to accrue from the time state funds are deposited in the local educational agency's account until the time the local educational agency submits the final expenditure report to the Office of Public School Construction

(4) Commencing April 1, 2017, a local educational agency participating in the school facilities program shall ensure that it retains all financial accounts, documents, and records necessary for an audit of completed projects pursuant to Section 16026 of Title 5 of the California Code of Regulations. For purposes of this paragraph and in compliance with any applicable state and federal standards, a local educational agency may maintain records electronically.

(5) Any project identified on a local educational agency's detailed list of expenditures pursuant to paragraph (1) that is reported complete during the 2017-18 fiscal year shall be audited in accordance with the audit guide required by Section 14502.1 for the 2018-19 fiscal year. All other completed projects shall be audited in accordance with the audit guide required by Section 14502.1 for the fiscal year in which the project is reported complete.

(6) The audit described in this section shall be completed within one year of project completion as determined by Section 1859.104 of Title 2 of the California Code of Regulations.

(b)(1) Commencing with audits of the 2018-19 fiscal year, the Controller shall include instructions in the audit guide required by Section 14502.1 that include, but are not necessarily limited to, procedures for determining all of the following:

(A) Whether funds identified by a local educational agency on its detailed list of

expenditures pursuant to paragraph (1) of subdivision (a) have been expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), associated regulations, and any accompanying grant agreement signed by a local educational agency. Any funds not expended in accordance with these requirements shall be disallowed and considered an audit finding.

(B) That savings achieved, including interest, pursuant to Section 17070.63, are used for other high priority capital outlay purposes identified by the local educational agency or returned to the Office of Public School Construction, and are used in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), associated regulations, and as specified in any accompanying grant agreement.

(C) Adjustments to the grant amounts received by a local educational agency for site acquisition costs based upon the local educational agency's final approved expenditures as required pursuant to Sections 1859.105 and 1859.106 of Title 2 of the California Code of Regulations.

(D) If there are any unspent funds associated with the completion of a Charter School Facilities Program project that must be returned to the Office of Public School Construction as required pursuant to Section 1859.169.1 of Title 2 of the California Code of Regulations.

(E) If there are any unspent funds associated with the completion of a Career Technical Education Facilities Program project that must be returned to the Office of Public School Construction as required pursuant to Section 1859.199 of Title 2 of the California Code of Regulations.

(F) If there are any unspent funds associated with the completion of a project, where the local educational agency received hardship funding as described in Sections 1859.81, 1859.81.1, 1859.81.2, and 1859.81.3 of Title 2 of the California Code of Regulations, that must either be returned to the Office of Public School Construction or expended consistent with the requirements pursuant to Section 1859.103 of Title 2 of the California Code of Regulations.

(G) Adjustments to the grant amounts received by a local educational agency associated with the substantial progress requirements reflected in the program reporting requirements pursuant to Section 1859.104 of Title 2 of the California Code of Regulations.

(2) Any amounts or adjustments identified pursuant to subparagraphs (C) to (G), inclusive, of paragraph (1) shall be identified within a local educational agency's audit, but shall not be considered an audit finding for purposes of this section.

(c)(1) The auditor conducting the audit pursuant to this section shall file the audit with the Controller within 60 days of the completion of the audit. The Controller shall be allowed access to audit working papers. Adjustments pursuant to paragraph (2) of subdivision (b) shall not be appealable to the Education Audit Appeals Panel pursuant to this section.

(2) Within 60 days of the receipt of the certified audit, and after determining that the audit conforms with the reporting standards contained in the audit guide, the Controller shall do both of the following:

(A) Provide the department a copy of the certified audit.

(B) Notify the Office of Public School Construction of any audit findings pursuant to this section and any amounts or adjustments identified pursuant to clause (iii) and provide the Office of Public School Construction with a copy of the certified audit identifying the amounts to be adjusted if, as a result of the audit conducted in accordance with the requirements of subdivisions (a) and (b), the auditor determines any of the following:

(i) A local educational agency has unspent funds for the project not identified as savings pursuant to Section 17070.63 that shall be returned pursuant to subparagraphs (C) to (G), inclusive, of paragraph (1) of subdivision (b), and any accompanying grant agreement signed by a local educational agency.

(ii) A local educational agency is subject to an increase or decrease in funds provided pursuant to subparagraphs (C) to (G), inclusive, of paragraph (1) of subdivision (b), and any accompanying grant agreement signed by a local educational agency.

(iii) A local educational agency did not expend funds in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1) and any accompanying grant agreement signed by a local educational agency.

(3) Upon receipt of the certified audit, the Office of Public School Construction shall present any grant adjustments required pursuant to clauses (i) and (ii) of subparagraph (B) of paragraph (2) for a specified project to the State Allocation Board for an adjustment to the project apportionment. Funds identified for purposes of clauses (i) and (ii) of subparagraph (B) of paragraph (2) shall be apportioned from, or returned to, the appropriate funds, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable. If a school district is required to return unspent funds, the fund source for returned funds shall be the county school facilities fund established pursuant to subdivision (a) of Section 17070.43.

(4) A local educational agency may appeal the audit finding pursuant to the timelines and process established in subdivision (d) of Section 41344. The procedures set out in subdivision (d) of Section 41344.1 do not apply to the audit required by this section.

(5) The Office of Public School Construction shall ensure that the local educational agency has corrected the audit finding by implementing a required penalty payment of funds equal to the amount of funds disallowed in the audit finding pursuant to the process specified in subdivision (d).

(d)(1) If, as the result of the audit, a local educational agency is required to pay funds pursuant to clause (iii) of subparagraph (B) of paragraph (2) of subdivision (c), the Office of Public School Construction shall recover the funds from the local educational agency.

(2) If the local educational agency has submitted an appeal to the Education Audit Appeals Panel pursuant to subdivision (d) of Section 41344, the Office of Public School Construction shall not recover funds until following the determination of the appeal.

(3) A local educational agency may use any local fund source to pay the disallowed amount pursuant to clause (iii) of subparagraph (B) of paragraph (2) of subdivision (c) so long as there is no legal prohibition regarding the use of those

funds for this purpose.

(4) A local educational agency may request from the Office of Public School Construction a repayment plan within 90 days of receiving the final audit report, or within 30 days of withdrawing or receiving a final determination regarding an appeal pursuant to subdivision (d) of Section 41344 and subdivision (b) of Section 41344.1, as applicable. The Office of Public School Construction and the Director of Finance, or their designees, jointly shall establish a plan for payment. The payment plan shall be established in accordance with the following:

(A) If the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, concur that repayment of the disallowed amount in the current fiscal year would constitute a severe financial hardship for the local educational agency, they may jointly approve a plan of equal annual payments over a period of up to eight years. The plan may include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The executive officer of the Office of Public School Construction and the Director of Finance jointly shall establish this plan. At the time the local educational agency is notified, the Controller also shall be notified of the plan by the executive officer of the Office of Public School Construction. The Controller shall withhold the annual amount established pursuant to the plan from the local educational agency's principal apportionment or Education Protection Account payments.

(B) Notwithstanding subparagraph (A), if the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, concur that repayment of the disallowed amount over an eight-year period would require the local educational agency to request an emergency apportionment pursuant to Article 2 (commencing with Section 41320) of, and Article 2.5 (commencing with Section 41325) of, Chapter 3, they may approve a plan of equal annual payments over a period of up to 20 years. The plan shall include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The Controller shall withhold the annual amount established pursuant to the plan from the local educational agency's principal apportionment or Education Protection Account payments.

(C) If a payment plan submitted pursuant to this section is not approved by the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, or is not requested by the local educational agency, the executive officer of the Office of Public School Construction shall invoice the local educational agency for the entire disallowed amount. If the local educational agency does not remit payment for the invoice within 120 days of issuance, the executive officer of the Office of Public School Construction shall request that the Controller withhold the entire disallowed amount from the local educational agency's principal apportionment or Education Protection Account payments.

(D)(i) Funds recovered by the executive officer of the Office of Public School Construction or withheld by the Controller pursuant to this section shall be deposited into the appropriate state school facilities fund, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable.

(ii) Funds remitted to the Office of Public School Construction by a local

educational agency from local fund sources, as authorized by paragraph (3), shall be deposited into the appropriate state school facilities fund, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable.

(e) As used in this section, “audit or review” and “local educational agency” shall have the same meaning as the terms are defined in paragraphs (1) and (2) of subdivision (e) of Section 41344.

(f) The State Allocation Board shall not waive all or any part of this section, any grant agreement or provisions of a grant agreement signed by a local educational agency that receives any funds pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), or any regulation adopted that implements a provision of this section.

(g) In any appeal filed pursuant to Section 41344 and this section, the Office of Public School Construction, the Department of Finance, and the department may timely move to intervene as a party.

(h) If the Office of Public School Construction chooses not to intervene in an appeal, the administrative law judge conducting the hearing, or the Education Audit Appeals Panel, may request that the Office of Public School Construction issue and file in the appeal an objective interpretation of any applicable law, regulation, or term of the grant agreement within 30 days of the request or such longer period as the administrative law judge or the Education Audit Appeals Panel deems reasonable. The Office of Public School Construction’s filing shall not argue or seek to resolve issues of fact, but may state how a particular law, regulation, or grant agreement term applies to competing factual contentions. The agent of the Office of Public School Construction shall be precluded from acting as a party once a request pursuant to this subdivision is made.

(i) Notwithstanding subdivision (a), this section shall not apply to any school facilities project that was apportioned before July 1, 2017.

CHAPTER 2 - CHARTER SCHOOL REVOLVING LOAN FUND

§ 41365 (a) The Charter School Revolving Loan Fund is hereby created in the State Treasury. The Charter School Revolving Loan Fund shall be composed of federal funds obtained by the state for charter schools and any other funds appropriated or transferred to the fund through the annual budget process. Funds appropriated to the Charter School Revolving Loan Fund shall remain available for purposes of the fund until reappropriated or reverted by the Legislature through the annual Budget Act or any other act.

(b) Commencing with the 2013–14 fiscal year, the administration of the Charter School Revolving Loan Fund shall be transferred to the California School Finance Authority.

(c) Loans may be made from moneys in the Charter School Revolving Loan Fund to a chartering authority for charter schools that are not a conversion of an existing school, or directly to a charter school that qualifies to receive funding pursuant to Chapter 6 (commencing with Section 47630) of Part 26.8 of Division 4 that is not a conversion of an existing school, upon application of a chartering authority or charter school and approval by the California School Finance

Authority. Money loaned to a chartering authority for a charter school, or to a charter school, pursuant to this section shall be used only to meet the purposes of the charter granted pursuant to Section 47605. The loan to a chartering authority for a charter school, or to a charter school, pursuant to this subdivision shall not exceed two hundred fifty thousand dollars (\$250,000) over the lifetime of the charter school. A charter school may receive money obtained from multiple loans made directly to the charter school or to the school's chartering authority from the Charter School Revolving Loan Fund, as long as the total amount received from the fund over the lifetime of the charter school does not exceed two hundred fifty thousand dollars (\$250,000). This subdivision does not apply to a charter school that obtains renewal of a charter pursuant to Section 47607.

(d) The California School Finance Authority may consider all of the following when making a determination as to the approval of a charter school's loan application:

- (1) Soundness of the financial business plans of the applicant charter school.
- (2) Availability of the charter school of other sources of funding.
- (3) Geographic distribution of loans made from the Charter School Revolving Loan Fund.
- (4) The impact that receipt of funds received pursuant to this section will have on the charter school's receipt of other private and public financing.
- (5) Plans for creative uses of the funds received pursuant to this section, such as loan guarantees or other types of credit enhancements.
- (6) The financial needs of the charter school.

(e) Priority for loans from the Charter School Revolving Loan Fund shall be given to new charter schools for startup costs.

(f) Commencing with the first fiscal year following the fiscal year the charter school receives the loan, the Controller shall deduct from apportionments made to the chartering authority or charter school, as appropriate, an amount equal to the annual repayment of the amount loaned to the chartering authority or charter school for the charter school under this section and pay the same amount into the Charter School Revolving Loan Fund in the State Treasury. Repayment of the full amount loaned to the chartering authority or charter school shall be deducted by the Controller in equal annual amounts over a number of years agreed upon between the loan recipient and the state agency authorized to administer the Charter School Revolving Loan Fund and the Charter School Security Fund, not to exceed five years for any loan.

(g) (1) Notwithstanding any other law, a loan may be made directly to a charter school pursuant to this section only in the case of a charter school that is incorporated.

(2) Notwithstanding any other law, in the case of default of a loan made directly to a charter school pursuant to this section, the charter school shall be solely liable for repayment of the loan.

(h) The California School Finance Authority may adopt any necessary rules and regulations for the implementation of this section and Sections 41366.6 and 41367. Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the

Government Code). The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of public peace, health and safety, or general welfare.

§ 41366.5 (a) Moneys in the Charter School Revolving Loan Fund shall be loaned at the interest rate earned by the money in the Pooled Money Investment Account as of the date of disbursement of the funds to the charter school.

Section 41366.5
Interest rate and
payments

(b) A charter school shall pay the interest on any loan from the fund in regular installments withdrawn from the annual apportionment the charter school receives.

(c) All interest payments shall be paid into the Charter School Security Fund established pursuant to Section 41367.

§ 41366.6 (a) The California School Finance Authority shall monitor the adequacy of the amount of funds in the Charter School Revolving Loan Fund and report annually to the Department of Finance and the Controller on the need, if any, to transfer funds from the Charter School Security Fund to the Charter School Revolving Loan Fund for the sole purpose of replacing funds lost in the Charter School Revolving Loan Fund due to loan defaults. Before requesting any transfer of funds from the Charter School Security Fund, the California School Finance Authority shall make all reasonable efforts to recover funds directly from the defaulting loan recipient. To the extent that the California School Finance Authority determines that a transfer from the Charter School Security Fund to the Charter School Revolving Loan Fund is necessary, the California School Finance Authority shall obtain approval from the Director of Finance before a transfer of funds is made. Not sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee, the Director of Finance shall direct the Controller to transfer the appropriate amount of funds.

CHAPTER 3 - FINANCIAL REPORTING

Section 42100	<p>§ 42100 (a) On or before September 15, the governing board of each school district shall approve, in a format prescribed by the Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the district for the preceding fiscal year and shall file the statement, along with the statement received pursuant to subdivision (b), with the county superintendent of schools. On or before October 15, the county superintendent of schools shall verify the mathematical accuracy of the statements and shall transmit a copy to the Superintendent of Public Instruction.</p>
Section 42100 Charter School's Annual Financial Statement	<p>(b) On or before September 15, each charter school shall approve, in a format prescribed by the Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the charter school for the preceding fiscal year and shall file the statement with the entity that approved the charter school.</p> <p>(c) The forms prescribed by the Superintendent of Public Instruction shall be adopted as regulations by the State Board of Education, and may be amended periodically to accommodate changes in statute or government reporting standards.</p>
Section 41370 Restrictions on Use of Apportionment	<p>§ 41370 The governing board of a school district, the governing body of a charter school, and a county board of education shall, except as may otherwise be specifically provided by law, use all money apportioned to the school district, charter school, or county office of education from the State School Fund during any fiscal year exclusively for the support of the school or schools of the school district, charter school, or county office of education for that year.</p> <p>(b) School districts, charter schools, and county offices of education shall not expend funds provided in satisfaction of the state's minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for courses or instruction offered by private or public colleges or universities beyond that permitted in pursuit of a high school diploma, except for courses or instruction in which pupils are enrolled in before July 1, 2020.</p>
Section 41371 Use of Unexpended Balance	<p>§ 41371 If at the end of any fiscal year during which the schools of a school district have been maintained for the period required or permitted by law, there is standing to the credit of the district an unexpended balance of money received from the State School Fund, it may be expended for the payment of claims against the district outstanding, or it may be expended during the succeeding fiscal year.</p>
Section 41372 Apportionments for the payment of salaries of classroom teachers	<p>§ 41372 (a) "Salaries of classroom teachers" and "teacher" shall have the same meanings as prescribed by Section 41011 provided, however, that the cost of all health and welfare benefits provided to the teachers by the school district shall be included within the meaning of salaries of classroom teachers.</p> <p>(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 42127 for certificated salaries other than certificated salaries for pupil transportation, food services, and community services; classified salaries other than classified salaries for pupil transportation, food services, and community services; employee</p>

benefits other than employee benefits for pupil transportation personnel, food services personnel, and community services personnel; books, supplies, and equipment replacement other than for pupil transportation and food services; and community services, contracted services, and other operating expenses other than for pupil transportation, food services, and community services. "Current expense of education," for purposes of this section shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the California School Accounting Manual), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any teacher salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of this act of Congress.

There shall be expended during each fiscal year for payment of salaries of classroom teachers:

- (1) By an elementary school district, 60 percent of the district's current expense of education.
- (2) By a high school district, 50 percent of the district's current expense of education.
- (3) By a unified school district, 55 percent of the district's current expense of education.

If the county superintendent of schools having jurisdiction over the district determines, on the basis of an audit conducted pursuant to Section 41020, that a school district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom teachers during the preceding fiscal year, the county superintendent of schools shall, in apportionments made to the school district from the State School Fund after April 15 of the current fiscal year, designate an amount of this apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount designated by the county superintendent of schools shall be deposited in the county treasury to the credit of the school district, but shall be unavailable for expenditure by the district pending the determination to be made by the county superintendent of schools on any application for exemption which may be submitted to the county superintendent of schools. If it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom teachers in excess of the salaries of classroom teachers paid by other districts of comparable type and functioning under comparable conditions, the board may apply to the county superintendent of schools in writing not later than September 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of this application, the county superintendent of schools shall grant the district exemption for any amount that is less than one thousand dollars (\$1,000). If the amount is one thousand dollars (\$1,000) or greater, the county superintendent of schools may grant an exemption from the

requirements for the fiscal year on account of which the application is made. If the exemption is granted by the county superintendent of schools, the designated moneys shall be immediately available for expenditure by the school district governing board. If no application for exemption is made or exemption is denied, the county superintendent of schools shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom teachers during the next fiscal year.

The county superintendent of schools shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end

Section 41374
Application of
§ 41372; exceptions

§ 41374 Notwithstanding any other provision of law to the contrary, Section 41372 shall not apply to any elementary school district, high school district, or unified school district, which maintains no individual class session with pupils in attendance exceeding the numbers, for the particular grade levels, following:

(a) An elementary school district--twenty-eight (28) pupils.

(b) A high school district--twenty-five (25) pupils.

Section 41375
Legislative Intent
to Encourage
Reduction of Class
Size

§ 41375 It is the intent and purpose of the Legislature to encourage, by every means possible, the reduction of class sizes and the ratio of pupils to teachers in all grade levels in the public schools, and to urge every effort to this end to be undertaken by the local school administrative authorities.

Section 41376
Minimum Class
Size Standards;
Apportionments;
Reporting; Rules
and Regulations

§ 41376 (a) The Superintendent, in computing apportionments and allowances from the State School Fund for the second principal apportionment, shall determine the following for the regular day classes of the elementary schools maintained by each school district:

(1)(A) For grades 1 to 3, inclusive, the Superintendent shall determine the number of classes, the number of pupils enrolled in each class, the total enrollment in all such classes, the average number of pupils enrolled per class, and the total of the numbers of pupils which are in excess of thirty (30) in each class.

(B) For those school districts that do not have any classes with an enrollment in excess of 32 and whose average size for all the classes is 30.0 or less, there shall be no excess declared. For those school districts that have one or more classes in

excess of an enrollment of 32 or whose average size for all the classes is more than 30, the excess shall be the total of the number of pupils which are in excess of 30 in each class having an enrollment of more than 30.

(2) For grades 4 to 8, inclusive, the Superintendent shall determine the total number of pupils enrolled, the number of full-time equivalent classroom teachers, and the average number of pupils per each full-time equivalent classroom teacher. The Superintendent shall also determine the excess if any, of pupils enrolled in such grades in the following manner:

(A) Determine the number of pupils by which the average number of pupils per each full-time equivalent classroom teacher for the current fiscal year exceeds the greater of the average number of pupils per each full-time equivalent classroom teacher in all the appropriate districts of the state, as determined by the Superintendent for October 30, 1964, or the average number of pupils per each full-time equivalent classroom teacher which existed in the school district on either October 30, 1964, or March 30, 1964, as selected by the governing board of the school district.

(B) Multiply the number determined in subparagraph (A) by the number of full-time equivalent classroom teachers of the current fiscal year.

(C) Reduce the number determined in subparagraph (B) by the remainder that results from dividing such number by the average number of pupils per each full-time equivalent teacher for October 30, 1964, as determined by the Superintendent in subparagraph (A).

(3) The Superintendent shall compute the product obtained by multiplying the excess number of pupils, if any, in paragraph (1) by ninety-seven hundredths.

(4) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of 30 per class pursuant to paragraph (1), and there is no excess number of pupils computed pursuant to paragraph (2), the Superintendent shall decrease the average daily attendance reported under the provisions of Section 41601 by the product determined pursuant to paragraph (3).

(5) If the school district reports that it has maintained, during the current fiscal year, no classes in which there were enrolled pupils in excess of 30 per class determined pursuant to paragraph (1), and there is an excess number of pupils computed pursuant to paragraph (2), the Superintendent shall compute the product obtained by multiplying the excess number of pupils computed pursuant to paragraph (2) by ninety-seven hundredths. The Superintendent shall decrease the average daily attendance reported under the provisions of Section 41601 by the resulting product.

(6) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of 30 per class determined pursuant to paragraph (1), and there is an excess number of pupils computed pursuant to paragraph (2), the Superintendent shall add to the product determined pursuant to paragraph (3), the product determined pursuant to paragraph (5), and shall decrease the average daily attendance reported under the provisions of Section 41601 by this total amount.

(b) The governing board of each school district maintaining elementary schools shall report for the fiscal year 1964-65 and each year thereafter the information

required for the determination to be made by the Superintendent pursuant to this section in accordance with instructions provided on forms furnished and prescribed by the Superintendent. Such information shall be reported by the school district together with, and at the same time as, the reports required to be filed for the second principal apportionment of the State School Fund. The forms on which the data and information is reported shall include a certification by the superintendent of each school district or its chief administrative officer that the data is correct and accurate for the period covered, according to his or her best information and belief.

(c) For purposes of this section, a “full-time equivalent classroom teacher” means an employee of an elementary, high school, or unified school district, employed in a position requiring certification qualifications and whose duties require him to teach pupils in the elementary schools of that district in regular day classes for the full time for which he is employed during the regular schoolday. In reporting the total number of full-time equivalent classroom teachers, there shall be included, in addition to those employees defined above, the full-time equivalent of all fractional time for which employees in positions requiring certification qualifications are required to devote to teaching pupils in the elementary schools of the district in regular day classes during the regular schoolday.

(d) For purposes of this section, the number of pupils enrolled in each class means the average of the active enrollment in that class on the last teaching day of each school month that ends before April 15 of each school year.

(e) This section shall not be applicable to school districts with less than 101 units of average daily attendance for the current fiscal year.

(f) The Superintendent shall adopt rules and regulations that he or she may deem necessary for the effective administration of this section. Those rules and regulations may specify that no decrease in average daily attendance reported under the provisions of Section 41601 shall be made for a school district on account of large classes due to instructional television or team teaching, which may necessarily involve class sizes at periods during the day larger than the standard set forth in this section.

Section 41376.1
Reduction to the
school district local
control funding
formula entitlement

§ 41376.1 (a) Commencing with the 2013-14 fiscal year, until the Superintendent determines that a school district is funded pursuant to Section 42238.02, and notwithstanding the requirement to decrease average daily attendance pursuant to paragraphs (4), (5), and (6) of subdivision (a) of Section 41376 and subdivision (e) of Section 41378, the Superintendent shall compute a reduction to the school district local control funding formula entitlement pursuant to Section 42238.02, as implemented by Section 42238.03, for the specified school year by the sum of the following:

(1)(A) Multiply the sum of the products obtained in subdivision (e) of Section 41378 and paragraph (4) of subdivision (a) of Section 41376 by the grade span adjusted base grant specified in subparagraph (A) of paragraph (1) of subdivision (d) of Section 42238.02, as annually adjusted for cost of living pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

for all school districts, divided by the sum of the local control funding formula entitlements computed pursuant to Section 42238.02 for all school districts.

(2)(A) Multiply the product obtained pursuant to paragraph (5) of subdivision (a) of Section 41376 by the average daily attendance for grades 4 to 6, inclusive, reported by the school district pursuant to Section 41601 for the specified school year divided by the average daily attendance for grades 4 to 8, inclusive, reported by the school district pursuant to Section 41601 for the specified school year.

(B) Multiply the product obtained in subparagraph (A) by the grade span adjusted base grant specified in subparagraph (B) of paragraph (1) of subdivision (d) of Section 42238.02, as annually adjusted for cost of living pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

(C) Multiply the product obtained in subparagraph (B) by the sum of the entitlements computed pursuant to paragraphs (1) to (4), inclusive, of subdivision (a) of Section 42238.03 and paragraph (3) of subdivision (b) of Section 42238.03 for all school districts, divided by the sum of the local control funding formula entitlements computed pursuant to Section 42238.02 for all school districts.

(3)(A) Multiply the product obtained pursuant to paragraph (5) of subdivision (a) of Section 41376 by the average daily attendance for grades 7 and 8 reported by the school district pursuant to Section 41601 for the specified school year divided by the average daily attendance for grades 4 to 8, inclusive, reported by the school district pursuant to Section 41601 for the specified school year.

(B) Multiply the product obtained in subparagraph (A) by the grade span adjusted base grant specified in subparagraph (C) of paragraph (1) of subdivision (d) of Section 42238.02, as annually adjusted for cost of living pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

(b) Commencing with the 2013-14 fiscal year, if the Superintendent determines that a school district is funded pursuant to Section 42238.02, and notwithstanding the requirement to decrease average daily attendance pursuant to paragraphs (4), (5), and (6) of subdivision (a) of Section 41376 and subdivision (e) of Section 41378, the Superintendent shall compute a reduction to the school district local control funding formula entitlement pursuant to Section 42238.02 for the specified school year by the sum of the following:

(1) Multiply the sum of the products obtained in subdivision (e) of Section 41378 and paragraph (4) of subdivision (a) of Section 41376 by the grade span adjusted base grant specified in subparagraph (A) of paragraph (1) of subdivision (d) of Section 42238.02, as annually adjusted for cost of living pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

(2)(A) Multiply the product obtained pursuant to paragraph (5) of subdivision (a) of Section 41376 by the average daily attendance for grades 4 to 6, inclusive, reported by the school district pursuant to Section 41601 for the specified school year divided by the average daily attendance for grades 4 to 8, inclusive, reported by the school district pursuant to Section 41601 for the specified school year.

(B) Multiply the product obtained in subparagraph (A) by the grade span adjusted base grant specified in subparagraph (B) of paragraph (1) of subdivision (d) of Section 42238.02, as annually adjusted for cost of living pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

§ 41378 The Superintendent of Public Instruction, in computing apportionments and allowances from the State School Fund for the second principal apportionment, shall determine the following for the kindergarten classes maintained by each school district maintaining kindergarten classes.

(a) The number of pupils enrolled in each kindergarten class, the total enrollment in all such classes, and the average number of pupils enrolled per class.

(e) He shall compute the product obtained by multiplying the excess number of pupils computed pursuant to subdivision (d) of this section by ninety-seven hundredths (0.97). He shall decrease the average daily attendance reported under the provisions of Section 41601 by the resulting product.

Section 41381
Waiver of
minimum school
day requirements;
conditions

§ 41381 The State Board of Education may waive the minimum schoolday requirements of Section 46112 to enable school districts to establish experimental educational programs in reading and mathematics. A waiver shall be granted pursuant to this section only if:

(a) The State Board of Education has approved the experimental program.

(b) The total weekly minutes of instruction in the experimental program are equivalent to the total number of minutes per week which would be required by Section 46112.

Participating school districts shall conduct pretesting and posttesting of pupils enrolled in such experimental educational programs to determine the academic achievement of such pupils. Such tests shall be approved by the State Board of Education. Participating school districts shall also conduct control testing programs of pupils not enrolled in such experimental educational programs. Pupils in the control group shall be selected to be, as nearly as practicable, comparable in ability and socioeconomic background to pupils enrolled in the experimental programs.

Section 41382
Exemption from
penalty provision;

§ 41382 The principal of any elementary school maintaining kindergarten classes or regular day classes in grades 1 to 3, inclusive, may recommend to the governing board of the school district, or the governing board may adopt a resolution

determining, that an exemption should be granted from any of the provisions of Section 41376, 41378, or 413791 with respect to such classes on the basis that such provisions prevent the school and school district from developing more effective educational programs to improve instruction in reading and mathematics for pupils in the specified classes. Upon approval of such recommendation, or the adoption of such resolution, the governing board shall make application to the State Board of Education on behalf of the school for an exemption for such classes from the specified provisions. The State Board of Education shall grant the application if it finds that the specified provisions of Section 41376, 41378, or 413791 prevent the school from developing more effective educational programs to improve instruction in reading and mathematics for pupils in the specified classes and shall, upon granting the application, exempt the school district from the penalty provision of such sections.

Section 14041.8
2020-21 Fiscal Year; Warrants for Principal Apportionments for February, March, April, May, and June

(A) In order for a charter school to receive a payment in February pursuant to this subdivision, the chartering authority, in consultation with the county superintendent of schools, shall certify to the Superintendent and the Director of Finance on or before December 15, 2020, that the deferral of warrants pursuant to Section 14041.6 will result in the charter school being unable to meet its financial obligations for February or any subsequent month until the deferral is repaid, and shall provide the Superintendent an estimate of the amount of additional funds necessary for the charter school to meet its financial obligations for February and any subsequent month until the deferral is repaid, as applicable.

(B) In order for a school district to receive a payment in February pursuant to this subdivision, the county superintendent of schools shall certify to the Superintendent and to the Director of Finance on or before December 15, 2020, that the deferral of warrants pursuant to Section 14041.6 will result in the school district being unable to meet its financial obligations for February or any subsequent month until the deferral is repaid, and shall provide the Superintendent an estimate of the amount of additional funds necessary for the school district to meet its financial obligations for February and any subsequent month until the deferral is repaid, as applicable.

(C) To make the certification specified in subparagraph (B), both of the following criteria shall be met:

(i) The school district must have exhausted all internal and external sources of borrowing including those pursuant to Sections 42603, 42620, 42621, and 42622 of this code, Article 7.6 (commencing with Section 53850) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, and Section 6 of Article XVI of the California Constitution.

The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of this determination and identify the total amount of requests that will be paid.

(3) If the total amount of cash made available pursuant to paragraph (2) is less than the amount requested pursuant to subparagraph (D) of paragraph (1), payments to charter schools and school districts shall be prioritized according to the date on which the certification described in paragraph (1) was provided to the Superintendent and the Director of Finance.

(B) In order for a school district to receive a payment in April pursuant to this subdivision, the county superintendent of schools shall certify to the Superintendent and to the Director of Finance on or before December 15, 2020, that the deferral of warrants pursuant to Section 14041.6 will result in the school district being unable to meet its financial obligations for April or any subsequent month until the deferral is repaid, and shall provide the Superintendent an estimate of the amount of additional funds necessary for the school district to meet its financial obligations for April and any subsequent month until the deferral is repaid, as applicable.

(D) A charter school or school district may receive, pursuant to this subdivision, no more than the lesser of the monthly payment for the charter school or school district calculated pursuant to Section 14041 or the amount of additional funds necessary for the charter school or school district to meet its financial obligations, as reported to the Superintendent pursuant to subparagraph (A) or (B), as applicable.

(2) If the total amount requested by charter schools and school districts pursuant to subparagraph (D) of paragraph (1) exceeds one hundred million dollars (\$100,000,000), the Controller, the Treasurer, and the Director of Finance may authorize additional payments to meet these requests, but total payments to charter schools and school districts pursuant to this subdivision shall not exceed three hundred million dollars (\$300,000,000). On or before February 1, the Controller, the Treasurer, and the Director of Finance shall determine whether sufficient cash is available to make payments in excess of one hundred million dollars (\$100,000,000). In making the determination that cash is sufficient to make additional payments, in whole or in part, the Controller, the Treasurer, and the Director of Finance shall consider costs for state government, the amount of any identified cash shortage, timing, achievability, legislative direction, and the impact and hardship imposed on potentially affected programs, entities, and related public services. The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of this determination and identify the total amount of requests that will be paid.

(D) A charter school or school district may receive, pursuant to this subdivision, no more than the lesser of the monthly payment for the charter school or school district calculated pursuant to Section 14041 or the amount of additional funds necessary for the charter school or school district to meet its financial obligations, as reported to the Superintendent pursuant to subparagraph (A) or (B), as applicable.

(2) If the total amount requested by charter schools and school districts pursuant to subparagraph (D) of paragraph (1) exceeds one hundred million dollars (\$100,000,000), the Controller, the Treasurer, and the Director of Finance may authorize additional payments to meet these requests, but total payments to charter schools and school districts pursuant to this subdivision shall not exceed three

hundred million dollars (\$300,000,000). On or before February 1, the Controller, the Treasurer, and the Director of Finance shall determine whether sufficient cash is available to make payments in excess of one hundred million dollars (\$100,000,000). In making the determination that cash is sufficient to make additional payments, in whole or in part, the Controller, the Treasurer, and the Director of Finance shall consider costs for state government, the amount of any identified cash shortage, timing, achievability, legislative direction, and the impact and hardship imposed on potentially affected programs, entities, and related public services. The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of this determination and identify the total amount of requests that will be paid.

(3) If the total amount of cash made available pursuant to paragraph (2) is less than the amount requested pursuant to subparagraph (D) of paragraph (1), payments to charter schools and school districts shall be prioritized according to the date on which the certification described in paragraph (1) was provided to the Superintendent and the Director of Finance.

(4) Payments pursuant to this subdivision shall be made by the Controller on or before May 28, 2021.

(e) (1) For the 2020–21 fiscal year only, up to one hundred million dollars (\$100,000,000) of the amount of the warrants for the principal apportionments for the month of June, that are instead to be drawn in July pursuant to Section 14041.5, may be drawn in June, subject to the approval of the Director of Finance, for a charter school or school district as follows:

(A) In order for a charter school to receive a payment in June pursuant to this subdivision, the chartering authority, in consultation with the county superintendent of schools, shall certify to the Superintendent and the Director of Finance on or before April 1 that the deferral of warrants pursuant to Section 14041.5 will result in the charter school being unable to meet its financial obligations for June or any subsequent month until the deferral is repaid, and shall provide the Superintendent an estimate of the amount of additional funds necessary for the charter school to meet its financial obligations for June and any subsequent month until the deferral is repaid, as applicable.

(B) In order for a school district to receive a payment in June pursuant to this subdivision, the county superintendent of schools shall certify to the Superintendent and to the Director of Finance on or before April 1 that the deferral of warrants pursuant to Section 14041.5 will result in the school district being unable to meet its financial obligations for June or any subsequent month until the deferral is repaid, and shall provide the Superintendent an estimate of the amount of additional funds necessary for the school district to meet its financial obligations for June and any subsequent month until the deferral is repaid, as applicable.

(C) To make the certification specified in subparagraph (B), both of the following criteria shall be met:

(i) The school district must have exhausted all internal and external sources of borrowing including those pursuant to Sections 42603, 42620, 42621, and 42622 of this code, Article 7.6 (commencing with Section 53850) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, and Section 6 of Article XVI of the California Constitution.

(ii) If not exempt from the June deferral the school district will require a state

emergency loan pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of Division 3 of Title 2.

(D) A charter school or school district may receive, pursuant to this subdivision, no more than the lesser of the monthly payment for the charter school or school district calculated pursuant to Section 14041 or the amount of additional funds necessary for the charter school or school district to meet its financial obligations, as reported to the Superintendent pursuant to subparagraph (A) or (B), as applicable.

(2) If the total amount requested by charter schools and school districts pursuant to subparagraph (D) of paragraph (1) exceeds one hundred million dollars (\$100,000,000), the Controller, the Treasurer, and the Director of Finance may authorize additional payments to meet these requests, but total payments to charter schools and school districts pursuant to this subdivision shall not exceed three hundred million dollars (\$300,000,000). On or before May 1, the Controller, the Treasurer, and the Director of Finance shall determine whether sufficient cash is available to make payments in excess of one hundred million dollars (\$100,000,000). In making the determination that cash is sufficient to make additional payments, in whole or in part, the Controller, the Treasurer, and the Director of Finance shall consider costs for state government, the amount of any identified cash shortage, timing, achievability, legislative direction, and the impact and hardship imposed on potentially affected programs, entities, and related public services. The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of this determination and identify the total amount of requests that will be paid.

(3) If the total amount of cash made available pursuant to paragraph (2) is less than the amount requested pursuant to subparagraph (D) of paragraph (1), payments to charter schools and school districts shall be prioritized according to the date on which the certification described in paragraph (1) was provided to the Superintendent and the Director of Finance.

(4) Payments pursuant to this subdivision shall be made by the Controller on or before June 30, 2021.

(f) Except as provided in subdivisions (c) and (e) of Section 41202, for purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants drawn pursuant to paragraphs (1) and (2) of subdivisions (a) to (e), inclusive, shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202, for the fiscal year in which the warrants are drawn and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for the fiscal year in which the warrants are drawn.

Use of in-Person
Instruction and
Distance Learning;
Average Daily
Attendance
for Purposes
of Calculating
Apportionments;
Determination
of Instructional
Minutes

§ 43502 (a) For purposes of calculating apportionments for the 2020-21 fiscal year, a local educational agency shall offer in-person instruction, and may offer distance learning, pursuant to the requirements of this part.

(b)(1) Notwithstanding Sections 41601, 42238.05 to 42238.053, inclusive, and 46010, for purposes of calculating apportionments for the 2020-21 fiscal year for a local educational agency, except for a local educational agency with apportionments calculated pursuant to Section 43505, the department shall use the average daily attendance in the 2019-20 fiscal year reported for both the second period and the annual period apportionment that included all full school months from July 1, 2019, to February 29, 2020, inclusive, and extended year average daily attendance attributed to the 2019-20 school year reported pursuant to Section 96 of Chapter 24 of the Statutes of 2020. Any positive adjustment to average daily attendance for the 2019-20 fiscal year in the second or annual period attendance report submitted to the Superintendent after August 17, 2020, shall be

substantiated by concurrence from an independent auditor.

(2) The 2019–20 reported average daily attendance used for purposes of calculating apportionments pursuant to subdivision (d) of Section 42238.02 in the 2020–21 fiscal year shall exclude the average daily attendance resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24.

(3) The 2019–20 reported average daily attendance used for purposes of calculating apportionments in the 2020–21 fiscal year shall be adjusted for any loss or increase in average daily attendance due to a school district reorganization.

(4) If the Superintendent has been notified pursuant to Section 47604.32 that a charter school has ceased operation during or after the 2019–20 school year and did not provide any instruction in the 2020–21 school year, the Superintendent shall increase the average daily attendance determined pursuant to paragraph (1) for the sponsoring local educational agency, as defined in subdivision (i) of Section 47632, by the average daily attendance sponsored by that local educational agency as reported by the charter school for the 2019–20 school year.

(c) For the 2020-21 fiscal year, a local educational agency shall satisfy the annual instructional day requirements described in Sections 41420, 46200.5, and 46208, and in Section 11960 of Title 5 of the California Code of Regulations through in-person instruction or a combination of in-person instruction and distance learning pursuant to this part.

(d)(1) For the 2020-21 fiscal year, a local educational agency shall not be required to offer the annual instructional minutes that it would otherwise have offered pupils to meet the requirements of Sections 46201.5, 46207, and 47612.5, or the implementing regulations for those sections.

(2) For the 2020-21 fiscal year, a local educational agency shall not be required to offer the minimum instructional minutes in physical education required pursuant to Sections 51210, 51220, 51222, and 51223.

(e) For the 2020-21 school year, instructional minutes shall be determined as follows:

(1) For in-person instruction, instructional minutes shall be based on time scheduled under the immediate physical supervision and control of an employee of the local educational agency, who possess a valid certification document, registered as required by law.

(2) For distance learning, instructional time shall be based on the time value of assignments as determined, and certified to, by an employee of the local educational agency who possesses a valid certification document, registered as required by law.

(3) For a combined day of instruction delivered through both in-person instruction and distance learning, time scheduled under the immediate supervision of an employee of the local educational agency who possess a valid certification document can be combined with assignments made under the general supervision of an employee of the local educational agency who possesses a valid certification document as registered by law to meet the equivalent of a minimum day of instruction.

(f) For the 2020-21 school year, the process by which a local educational agency receives credit for a material decrease in average daily attendance for apportionment pursuant to Section 46932 due to an event described in Section

46392 that occurs during the 2020-21 fiscal year is suspended for all local educational agencies.

(g) Except for a local educational agency with apportionments calculated pursuant to Section 43505, for purposes of any calculations that would use average daily attendance, the Superintendent, consistent with subdivision (b), shall use the local educational agency's average daily attendance in the 2019-20 school year in place of its average daily attendance in the 2020-21 school year.

(h)(1) For a divided charter school, where the restructured portion of the charter school is beginning instruction in the 2020-21 school year, average daily attendance for the 2019-20 school year shall be provided by the original charter school in a format and according to a timeline prescribed by the Superintendent. The total average daily attendance attributable to the restructured and remaining portions of a divided charter school shall not exceed the total average daily attendance of the original charter school for the 2019-20 fiscal year and shall be used for purposes of any calculations for the affected charter schools that would use average daily attendance consistent with subdivision (b).

(2) The definitions in Section 47654 apply for purposes of this subdivision.

§ 43502.5 Notwithstanding paragraph (4) of subdivision (e) of Section 47605 or paragraph (4) of subdivision (e) of Section 47605.6, and except for existing pupils of the charter school, for the 2020-21 school year, if the enrollment of a charter school exceeds the charter school's capacity due to the calculation of attendance pursuant to Section 43502, the charter school shall determine attendance pursuant to a public random drawing in accordance with subparagraph (B) of paragraph (2) of subdivision (e) of Section 47605 or subparagraph (B) of paragraph (2) of subdivision (e) of Section 47605.6.

§ 43503 (a) (1) For the 2020-21 school year, a local educational agency that offers distance learning shall comply with the requirements of subdivision (b).

(2) Distance learning may be offered under either of the following circumstances:

(A) On a local educational agency or schoolwide level as a result of an order or guidance from a state public health officer or a local public health officer.

(B) For pupils who are medically fragile or would be put at risk by in-person instruction, or who are self-quarantining because of exposure to COVID-19.

(b) Distance learning shall include all of the following:

(1) Confirmation or provision of access for all pupils to connectivity and devices adequate to participate in the educational program and complete assigned work.

(2) Content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction.

(3) Academic and other supports designed to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, pupils with exceptional needs, pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

(4) Special education, related services, and any other services required by a pupil's individualized education program pursuant to Section 56341, including the requirements of subparagraph (A) of paragraph (9) of subdivision (a) of Section 56345, with accommodations necessary to ensure that individualized education program can be executed in a distance learning environment.

pursuant to Section 11300 of Title 5 of the California Code of Regulations for English learners, including assessment of English language proficiency, support to access curriculum, the ability to reclassify as fully English proficient, and, as applicable, support for dual language learning.

(6) Daily live interaction with certificated employees and peers for purposes of instruction, progress monitoring, and maintaining school connectedness. This interaction may take the form of internet or telephonic communication, or by other means permissible under public health orders. If daily live interaction is not feasible as part of regular instruction, the governing board or body of the local educational agency shall develop, with parent and stakeholder input, an alternative plan for frequent live interaction that provides a comparable level of service and school connectedness.

(c) Pursuant to Sections 49550 and 47613.5, school districts, county offices of education, and charter schools shall provide nutritionally adequate meals for pupils who are eligible for free and reduced-price meals, whether engaged in in-person instruction or distance learning, contingent upon the department receiving an approved waiver from the United States Department of Agriculture, for each day of the scheduled school year.

(d)(1) Notwithstanding Section 51512 or any other law, the prior consent of the teacher or the principal of a school is not required for the adoption or implementation of the use of synchronous or asynchronous video for purposes of distance learning provided pursuant to this section.

(2) Except as required by the local educational agency for purposes of distance learning provided pursuant to this section, no person may make, without the prior consent of the teacher and principal of the school, any audio, video, or digital recording of a local educational agency's live or synchronous distance learning instruction.

§ 43504 (a) The compulsory education requirements described in section 48200 continue to apply for the 2020-21 school year.

(b) A local educational agency shall offer in-person instruction to the greatest extent possible.

(c) For the 2020–21 school year, for purposes of the requirement on school districts to offer 180 instructional days per school year pursuant to Section 46208 and the requirement on charter schools to offer 175 instructional days per school year pursuant to Section 11960 of Title 5 of the California Code of Regulations, an instructional day is a day in which all pupils are scheduled for the length of the day established by the governing board or body of the local educational agency in a classroom under the immediate supervision of a certificated employee or in distance learning that meets the minimum requirements described in this part. For purposes of this section, for charter schools, distance learning shall be provided by a certificated employee pursuant to the requirements of Sections 47605, 47605.4, and 47605.6.

(d) (1) Each local educational agency shall document daily participation for each pupil on each schoolday, in whole or in part, for which distance learning is provided. A pupil who does not participate in distance learning on a schoolday shall be documented as absent for that schoolday.

(2) For purposes of this section, daily participation may include, but is not

education
requirements;
documentation of
participation in
distance learning;
absent pupils;
withholding of funds
for noncompliance

limited to, evidence of participation in online activities, completion of regular assignments, completion of assessments, and contacts between employees of the local educational agency and pupils or parents or guardians.

(e) Each local educational agency shall ensure that a weekly engagement record is completed for each pupil documenting synchronous or asynchronous instruction for each whole or partial day of distance learning, verifying daily participation, and tracking assignments.

(f) (1) A pupil who does not participate daily in either in-person instruction pursuant to subdivision (b) or distance learning pursuant to subdivision (d) shall be deemed absent by the local educational agency. A local educational agency shall use documentation of the absence for purposes of reporting its chronic absenteeism rates in its local control and accountability plan.

(2) Each local educational agency shall develop written procedures for tiered reengagement strategies for all pupils who are absent from distance learning for more than three schooldays or 60 percent of the instructional days in a school week. These procedures shall include, but are not limited to, verification of current contact information for each enrolled pupil, daily notification to parents or guardians of absences, a plan for outreach from the school to determine pupil needs including connection with health and social services as necessary and, when feasible, transitioning the pupil to full-time in-person instruction.

(g) Each school shall regularly communicate with parents and guardians regarding a pupil's academic progress.

(h) The Controller shall include instructions necessary to enforce the requirements of this section in the 2020–21 audit guide required by Section 14502.1.

(i) (1) (A) For a school district or charter school that offers fewer than the instructional days required in subdivision (c), the Superintendent shall withhold from the local educational agency's local control funding formula grant apportionment for the prior year average daily attendance of each affected grade level, the sum of .0056 multiplied by that apportionment for each day less than what was required pursuant to this section.

(B) Notwithstanding subparagraph (A), the Superintendent shall proportionately reduce the amount of funding pursuant to subdivision (b) of Section 11960 of Title 5 of the California Code of Regulations for a charter school that has ceased operation during the 2020-21 school year if school was actually taught in the charter school on fewer than 175 calendar days during that school year.

(2)(A) For a school district or charter school that does not meet the requirements in subdivision (d), (e), or (f), the Superintendent shall withhold from the school district's or charter school's local control funding formula grant apportionment an amount equal to the total days out of compliance divided by the number of instructional days required to be offered, multiplied by the derived value of average daily attendance.

(B) For a county office of education that does not meet the requirements in subdivision (d), (e), or (f), the Superintendent shall withhold from the county office of education's local control funding formula grant apportionment an amount equal to the total days out of compliance divided by 175 multiplied by the derived value of average daily attendance.

(3) A local educational agency that provides distance learning shall not be penalized for instruction provided before September 1, 2020, that fails to meet the requirements of this section.

[OPERATIVE July 9, 2021]

§ 43504.5 (a) The state board may waive the fiscal penalties set forth in subparagraph (A) of paragraph (1) of subdivision (i) of Section 43504 for a school district or charter school that fails to maintain the prescribed minimum number of instructional days for the school year.

(b) For fiscal penalties incurred as a result of a shortfall on instructional days in the 2020-21 fiscal year, a waiver may only be granted pursuant to subdivision (a) upon the condition that the school or schools in which the days were lost maintain days of instruction equal in number to those lost and in addition to the amount otherwise prescribed in this part for twice the number of years that it failed to maintain the prescribed minimum number of instructional days for the school year following the year commencing not later than the school year following the year in which the waiver was granted and continuing for each succeeding school year until the condition is satisfied. Days of instruction added in the 2021-22 fiscal year or later for the purpose of making up lost instructional days in the 2020-21 fiscal year shall be days on which all pupils are offered days of in-person instruction for the length of the schoolday under the immediate physical supervision and control of a certificated employee of the school district or charter school that failed to meet the prescribed minimum number of instructional days in the 2020-21 fiscal year. Compliance with the condition shall be specifically verified in the report of the annual audit of the school district or charter school for each year in which the additional days are to be maintained. If an audit report for a year in which the additional days are to be maintained does not verify that the time was provided, that finding shall be addressed as set forth in Section 41344.

(c) It is the intent of the Legislature that school districts and charter schools make every effort to make up any instructional days lost during the school year in which the loss occurred, rather than seeking a waiver under this section.

§ 43505 (a)(1) For purposes of calculating apportionments for the 2020–21 fiscal year and for any other calculations that would be based on average daily attendance in the 2020–21 school year, for all newly operational charter schools that are authorized by the governing board of a school district or county board of education on or before June 30, 2020, or approved by the state board at its July 8 and 9, 2020, meeting and that are beginning instruction in the 2020–21 school year, the department shall use the certified enrollment of that charter school as of Information Day, October 7, 2020, based on data reported in the California Longitudinal Pupil Achievement Data System pursuant to Chapter 10 (commencing with Section 60900) of Part 33 of Division 4, reduced by either the statewide average rate of absence for elementary school districts for kindergarten and grades 1 to 8, inclusive, or the statewide average rate of absence for high school districts for grades 9 to 12, inclusive, as applicable, as calculated by the department for the prior fiscal year with the resultant figures and rates rounded to the nearest tenth.

(1) shall receive advance funding pursuant to subdivision (a) of Section 47652 for the months of July 2020 to January 2021, inclusive. Monthly payments for the remainder of the 2020–21 fiscal year shall be drawn pursuant to Sections 14041, 14041.5, and 14041.6, consistent with the certifications made pursuant to Sections 41332 and 41335.

(b)(1)(A) For purposes of calculating apportionments for the 2020–21 fiscal year and for any other calculations that would be based on average daily attendance in the 2020–21 school year, a continuing local educational agency shall be eligible for an apportionment calculation pursuant to paragraph (2) if it is a charter school, school district, or county office of education with growth in overall pupil enrollment from its actual 2019–20 level to its projected 2020–21 level, as documented in its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or in its adopted 2019–20 second interim report. If a local educational agency does not document or project enrollment growth in its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or in its adopted 2019–20 second interim report, it may use overall pupil average daily attendance growth from its actual 2019–20 level to its projected 2020–21 level, as documented in its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or in its adopted 2019–20 second interim report to establish eligibility for an apportionment calculation pursuant to paragraph (2).

(B) A local educational agency is not eligible for an apportionment calculation pursuant to paragraph (2) if its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or its adopted 2019–20 second interim report does not explicitly show growth in overall pupil enrollment or average daily attendance from its actual 2019–20 level to its projected 2020–21 level.

(2)(A) For a local educational agency that is eligible pursuant to paragraph (1) and meets the requirements of paragraph (3), the department shall use the lesser of clause (i) or (ii) for purposes of calculating apportionments for the 2020–21 fiscal year. Apportionments calculated pursuant to this paragraph shall exclude average daily attendance attributed to a local educational agency pursuant to paragraph (4) of subdivision (b) of Section 43502.

(i) The certified enrollment of the local educational agency as of Information Day, October 7, 2020, based on data reported in the California Longitudinal Pupil Achievement Data System pursuant to Chapter 10 (commencing with Section 60900) of Part 33 of Division 4, reduced by either the statewide average rate of absence for elementary school districts for kindergarten and grades 1 to 8, inclusive, or the statewide average rate of absence for high school districts for grades 9 to 12, inclusive, as applicable, as calculated by the department for the prior fiscal year with the resultant figures and rates rounded to the nearest tenth.

(ii)(I) If enrollment growth is used to establish eligibility pursuant to paragraph (1), the 2020–21 enrollment of the local educational agency projected in its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or in its adopted 2019–20 second interim report, reduced by either the statewide average rate of absence

for elementary school districts for kindergarten and grades 1 to 8, inclusive, or the statewide average rate of absence for high school districts for grades 9 to 12, inclusive, as applicable, as calculated by the department for the prior fiscal year with the resultant figures and rates rounded to the nearest tenth.

(II) If average daily attendance growth is used to establish eligibility pursuant to paragraph (1), the 2020–21 average daily attendance of the local educational agency projected in its most recent 2020–21 budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or in its adopted 2019–20 second interim report.

(B) An apportionment calculated for a local educational agency pursuant to this paragraph shall not be less than the apportionment that would be calculated pursuant to subdivision (b) of Section 43502.

(3) A local educational agency that chooses to be funded pursuant to this subdivision shall provide all of the following to the department by November 6, 2020:

(A) A request for the department to calculate apportionments for the 2020–21 fiscal year pursuant to this subdivision.

(B)(i) A copy of the local educational agency’s adopted 2020–21 budget or 2019–20 second interim report and any supporting documentation, including governing board or body minutes, identifying growth in overall pupil average daily attendance or enrollment from its actual 2019–20 level to its projected 2020–21 level. If the 2020–21 budget is provided, it shall have been adopted by the governing board or body of the local educational agency on or before June 30, 2020, and shall be the most recently adopted budget on or before June 30, 2020.

(ii) A local educational agency that does not submit the requested supporting documentation demonstrating projected growth in enrollment or average daily attendance shall be funded pursuant to subdivision (b) of Section 43502 for the 2020–21 fiscal year.

(C) The superintendent or equivalent officer and the president of the governing board or body of the local educational agency shall both attest under penalty of perjury that documentation submitted pursuant to subparagraphs (A) and (B) is true and correct and is the most recent budget adopted by the governing board or body of the local educational agency on or before June 30, 2020, or is the 2019–20 second interim report adopted by the governing board or body of the local educational agency.

(4) On or before October 2, 2020, the department shall post on its internet website an application for continuing local educational agencies to request an apportionment calculation in the 2020–21 fiscal year pursuant to this subdivision.

(5) Funding provided pursuant to this subdivision shall be reflected in the certifications made by the Superintendent pursuant to Section 41332 and 41335 and monthly payments pursuant to Sections 14041, 14041.5, and 14041.6, commencing with the payment made in February 2021.

(c)(1) A nonclassroom-based charter school described in Section 47612.5 as of the 2019–20 second principal apportionment certification shall not be eligible for an apportionment calculation pursuant to subdivision (b).

(2) For purposes of calculating apportionments for the 2020–21 fiscal year and for any other calculations that would be based on average daily attendance in the 2020–21 school year, for a nonclassroom-based charter school described in

counties by the Superintendent if the school district or county office of education, as applicable, demonstrates both of the following:

(1) Offering independent study would create an unreasonable fiscal burden on the school district or county office of education due to low numbers of pupils participating or other extenuating circumstances.

(2) The governing board of the school district or county office of education does not have the option to enter into an interdistrict transfer agreement with another school district or to contract with a county office of education to provide an independent study option, as described in subdivision (f).

Section 51745.5
Definitions

§ 51745.5 For purposes of this article the following definitions apply:

(a) “Live interaction” means interaction between the pupil and local educational agency classified or certificated staff, and may include peers, provided for the purpose of maintaining school connectedness, including, but not limited to, wellness checks, progress monitoring, provision of services, and instruction. This interaction may take place in person, or in the form of internet or telephonic communication.

(b) “Local educational agency” means a school district, county office of education, or charter school.

(c) “Pupil-parent-educator conference” means a meeting involving, at a minimum, all parties who signed the pupil’s written independent study agreement pursuant to subdivision (g) of Section 51747 or the written learning agreement pursuant to subdivision (b) of Section 51749.6.

(d) “Synchronous instruction” means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of internet or telephonic communications, and involving live two-way communication between the teacher and pupil. Synchronous instruction shall be provided by the teacher of record for that pupil pursuant to Section 51747.5 or the certificated employee of the local educational agency providing instruction for course-based independent study.

Section 51745.6
Ratio of
independent
study pupils
to certificated
employees

§ 51745.6 (a) (1) The ratio of average daily attendance for independent study pupils 18 years of age or less to school district full-time equivalent certificated employees responsible for independent study, calculated as specified by the department, shall not exceed the equivalent ratio of average daily attendance to full-time equivalent certificated employees providing instruction in other educational programs operated by the school district, unless a new higher or lower average daily attendance ratio for all other educational programs offered is negotiated in a collective bargaining agreement or a memorandum of understanding is entered into that indicates an existing collective bargaining agreement contains an alternative average daily attendance ratio.

(2) The ratio of average daily attendance for independent study pupils 18 years of age or less to county office of education full-time equivalent certificated employees responsible for independent study, to be calculated in a manner prescribed by the department, shall not exceed the equivalent prior year ratio of average daily attendance to full-time equivalent certificated employees for all other educational

programs operated by the high school or unified school district with the largest average daily attendance of pupils in that county or the collectively bargained alternative ratio used by that high school or unified school district in the prior year, unless a new higher or lower average daily attendance ratio for all other educational programs offered is negotiated in a collective bargaining agreement or a memorandum of understanding is entered into that indicates an existing collective bargaining agreement contains an alternative average daily attendance ratio. The computation of the ratios shall be performed annually by the reporting agency at the time of, and in connection with, the second principal apportionment report to the Superintendent.

(b) Only those units of average daily attendance for independent study that reflect a pupil-teacher ratio that does not exceed the ratios described in subdivision (a) shall be eligible for apportionment pursuant to Section 2575, for county offices of education, and Section 42238.05, for school districts. This section does not prevent a school district or county office of education from serving additional units of average daily attendance greater than the ratios described in subdivision (a), except that those additional units shall not be funded pursuant to Section 2575 or 42238.05, as applicable. If a school district, charter school, or county office of education has a memorandum of understanding to provide instruction in coordination with the school district, charter school, or county office of education at which a pupil is enrolled, the ratios that shall apply for purposes of this paragraph are the ratios for the local educational agency providing the independent study program to the pupil pursuant to Section 51749.5.

(c) The calculations performed for purposes of this section shall not include either of the following:

(1) The average daily attendance generated by special education pupils enrolled in special day classes on a full-time basis, or the teachers of those classes.

(2) The average daily attendance or teachers in necessary small schools that are eligible to receive funding pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24 of Division 3.

(d) The applicable average-daily-attendance-to-certificated-employee ratios described in subdivision (a) may, in a charter school, be calculated by using a fixed average-daily-attendance-to-certificated-employee ratio of 25 to 1, or by using a ratio of less than 25 pupils per certificated employee. A new higher or lower ratio for all other educational programs offered by a charter school may be negotiated in a collective bargaining agreement, or a memorandum of understanding indicating that an existing collective bargaining agreement contains an alternative average daily attendance ratio may be entered into by a charter school. All charter school pupils, regardless of age, shall be included in the applicable average-daily-attendance-to-certificated-employee ratio calculations.

(e) Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the Controller shall incorporate verification of the ratios included in this section, including fiscal penalties for noncompliance as described in this section.

§ 51746 It is the intent of the Legislature that school districts and county offices of education offering independent study shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully

Section 51746
Services and
resources

and shall ensure the same access to all existing services and resources in the school in which the pupil is enrolled pursuant to Section 51748 as is available to all other pupils in the school. In addition, the services and resources may include, but need not be limited to, any of the following:

(a) A designated learning center or study area staffed by appropriately trained personnel.

(b) The services of qualified personnel to assess the achievement, abilities, interests, aptitudes, and needs of participating pupils to determine each of the following:

(1) Whether full-time independent study is the most appropriate alternative for the pupil being referred.

(2) If the answer to paragraph (1) is affirmative, the determination of the most appropriate individualized plan and resources to be made available to pupils enrolled in full-time independent study.

Section 51747
Apportionments for
independent study
requires school
policies

§ 51747 A local educational agency shall not be eligible to receive apportionments for independent study by pupils, regardless of age, unless it has adopted written policies, and has implemented those policies, pursuant to rules and regulations adopted by the Superintendent, that include, but are not limited to, all of the following:

(a) The maximum length of time, by grade level and type of program, that may elapse between the time an independent study assignment is made and the date by which the pupil must complete the assigned work.

(b) (1) The level of satisfactory educational progress and the number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interests of the pupil to remain in independent study, or whether the pupil should return to the regular school program. A written record of the findings of any evaluation made pursuant to this subdivision shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

(a) The maximum length of time, by grade level and type of program, that may elapse between the time an independent study assignment is made and the date by which the pupil must complete the assigned work.

(b)(1) The level of satisfactory educational progress and the number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interests of the pupil to remain in independent study, or whether the pupil should return to the regular school program. A written record of the findings of any evaluation made pursuant to this subdivision shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

(2) Satisfactory educational progress shall be determined based on all of the following indicators:

(A) The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in paragraphs (4) and (5) of subdivision (d) of Section 52060.

(B) The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.

(C) Learning required concepts, as determined by the supervising teacher.

(D) Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

For high schools, this shall include access to all courses offered by the local educational agency for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria.

(d) Procedures for tiered reengagement strategies for all pupils who are not generating attendance for more than three schooldays or 60 percent of the instructional days in a school week, or 10 percent of required minimum instructional time over four continuous weeks of a local educational agency's approved instructional calendar, pupils found not participatory pursuant to Section 51747.5 for more than the greater of three schooldays or 60 percent of the scheduled days of synchronous instruction in a school month as applicable by grade span, or pupils who are in violation of the written agreement pursuant to subdivision (g). These procedures shall include, but are not necessarily limited to, all of the following:

(1) Verification of current contact information for each enrolled pupil.

(2) Notification to parents or guardians of lack of participation within one school day of the recording of a non-attendance day or lack of participation.

(3) A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.

(4) A clear standard for requiring a pupil-parent-educator conference to review a pupil's written agreement, and reconsider the independent study program's impact on the pupil's achievement and well-being, consistent with the policies adopted pursuant to paragraph (4) of subdivision (g).

(e)(1) For pupils in transitional kindergarten and grades 1 to 3, inclusive, a plan to provide opportunities for daily synchronous instruction for all pupils throughout the school year.

(2) For pupils in grades 4 to 8, inclusive, a plan to provide opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.

(3) For pupils in grades 9 to 12, inclusive, a plan to provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year.

(f) A plan to transition pupils whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days.

(eg) A requirement that a current written agreement for each independent study pupil shall be maintained on file, including, but not limited to, all of the following:

(1) The manner, time, frequency, and place for submitting a pupil's assignments for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.

(2) The objectives and methods of study for the pupil's work, and the methods

Written agreements required

used to evaluate that work.

(3) The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.

(4) A statement of the policies adopted pursuant to subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.

(5) The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.

(6) A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.

(7) A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

(8) The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.

(9) (A) Each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil. For purposes of this paragraph "caregiver" means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.

(B) Signed written agreements, supplemental agreements, assignment records, work samples, and attendance records assessing time value of work or evidence that an instructional activity occurred may be maintained as an electronic file.

(C) For purposes of this section, an electronic file includes a computer or electronic stored image of an original document, including, but not limited to, portable document format (PDF), JPEG, or other digital image file type, that may be sent via fax machine, email, or other electronic means.

(D) Either an original document or an electronic file of the original document is allowable documentation for auditing purposes.

- (g) A requirement that a current written agreement for each independent study pupil shall be maintained on file, including, but not limited to, all of the following:
- (1) The manner, time, frequency, and place for submitting a pupil's assignments for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.

 - (5) The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
 - (6) A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
 - (7) A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

(B) Signed written agreements, supplemental agreements, assignment records, work samples, and attendance records assessing time value of work or evidence

that an instructional activity occurred may be maintained as an electronic file.

(C) For purposes of this section, an electronic file includes a computer or electronic stored image of an original document, including, but not limited to, portable document format (PDF), JPEG, or other digital image file type, that may be sent via fax machine, email, or other electronic means.

(D) Either an original document or an electronic file of the original document is allowable documentation for auditing purposes.

E) Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the department, that may be a marking that is either computer generated or produced by electronic means and is intended by the signatory to have the same effect as a handwritten signature. The use of an electronic signature shall have the same force and effect as the use of a manual signature if the requirements for digital signatures and their acceptable technology, as provided in Section 16.5 of the Government Code and in Chapter 10 (commencing with Section 22000) of Division 7 of Title 2 of the California Code of Regulations, are satisfied.

(F) Notwithstanding subparagraph (A), for the 2021-22 school year only, a local educational agency shall obtain a signed written agreement for an independent study program of any length of time from the pupil, or the pupil's parent or legal guardian if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil no later than 30 days after the first day of instruction in an independent study program or October 15, whichever date comes later. This subparagraph does not relieve a local educational agency from the obligation to comply with the requirements of this article, as amended by the act adding this subparagraph, upon commencement of instruction for a participating pupil in the 2021-22 school year.

(h)(1) For the 2021-22 school year only, school districts and county offices of education shall notify the parents and guardians of all enrolled pupils of their options to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall include written information on the local educational agency's internet website, including, but not limited to, the right to request a pupil-parent-educator conference meeting before enrollment pursuant to this section, pupil rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the synchronous and asynchronous instructional time that a pupil will have access to as part of independent study. If 15 percent or more of the pupils enrolled in a local educational agency that provides instruction in transitional kindergarten, kindergarten, or any of grades 1 to 12, inclusive, speak a single primary language other than English, as determined from the census data submitted to the department pursuant to Section 52164 in the preceding year, the written information shall, in addition to being written in English, be written in the primary language.

(2) Upon the request of the parent or guardian of a pupil, before signing a written agreement pursuant to this section, the local educational agency shall conduct a telephone, videoconference, or in-person pupil-parent-educator conference or other school meeting during which the pupil, parent or guardian, and, if

requested by the pupil or parent, an education advocate, may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the pupil in independent study, before making the decision about enrollment or disenrollment in the various options for learning.

(i) Subdivisions (d), (e), and (f) shall not apply to pupils that participate in an independent study program for fewer than 15 schooldays in a school year.

(j)(1) Notwithstanding paragraph (8) of subdivision (g) of this section, paragraph (1) of subdivision (e) of Section 46300, and subdivision (d) of Section 51745, for the 2021-22 school year only, a local educational agency shall be eligible to receive apportionments for independent study for pupils that are subject to quarantine for exposure to, or infection with, COVID-19 pursuant to local or state health guidance, and the pupil cannot participate in classroom-based instruction due to the quarantine, and for school closures due to COVID-19 pursuant to subdivision (c) of Section 41422. Local educational agencies shall receive apportionment for these pupils for all schooldays that they participate in and meet all other apportionment requirements of independent study while in quarantine or during a school closure.

(2) Notwithstanding Section 47612.5, for the 2021-22 fiscal year, a classroom-based charter school that provides an independent study program pursuant to this article for pupils that are subject to quarantine for exposure to, or infection with, COVID-19 pursuant to local or state health guidance, and the pupil cannot participate in classroom-based instruction due to the quarantine, shall not attribute quarantine-based independent study average daily attendance required pursuant to law for a nonclassroom-based charter school pursuant to Section 47612.5 and shall not be required to submit a request for a funding determination as a result of providing independent study to quarantined pupils.

(3) This subdivision shall apply only to pupils participating in independent study due to quarantine who do not have the option of in-person instruction, and only for the period of quarantine mandated pursuant to state or local health guidance or order. This subdivision shall not apply to classroom-based charter schools offering independent study to pupils whose parents or guardians have requested independent study pursuant to subdivision (a) of Section 51745.

(k) Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the Controller shall incorporate verification of the adoption of the policies required pursuant to this section, including loss of apportionment for independent study for local educational agencies found to be noncompliant, unless compliance verification for those policies is already included in the audit guide.

(l) The provisions of this section are not subject to waiver by the state board, by the Superintendent, or under any provision of Part 26.8 (commencing with Section 47600).

§ 51747.3 (a) Notwithstanding any other law, a local educational agency, including, but not limited to, a charter school, may not claim state funding for the independent study of a pupil, whether characterized as home study or otherwise, if the local educational agency has provided any funds or other thing of value to the pupil or the pupil's parent or guardian that the local educational agency does not provide to pupils who attend regular classes or to their parents or guardians.

Section 51747.3
Restrictions on
apportionment

A charter school may not claim state funding for the independent study of a pupil, whether characterized as home study or otherwise, if the charter school has provided any funds or other thing of value to the pupil or the pupil's parent or guardian that a school district could not legally provide to a similarly situated pupil of the school district or to the pupil's parent or guardian.

(b) Providing access to connectivity and local educational agency-owned devices adequate to participate in an independent study program and complete assigned work, consistent with paragraph (3) of subdivision (g) of Section 51747, or to participate in an independent study course, as authorized in Section 51749.5, shall not be considered funds or other things of value for purposes of subdivision (a)

(c) Notwithstanding paragraph (1) of subdivision (e) of Section 47605 or any other law, community school and independent study average daily attendance shall be claimed by school districts, county superintendents of schools, and charter schools only for pupils who are residents of the county in which the apportionment claim is reported, or who are residents of a county immediately adjacent to the county in which the apportionment claim is reported.

(d) The Superintendent shall not apportion funds for reported average daily attendance, through full-time independent study, of pupils who are enrolled in school pursuant to subdivision (b) of Section 48204.

(e) In conformity with Provisions 25 and 28 of Item 6110-101-001 of Section 2.00 of the Budget Act of 1992, this section applies to average daily attendance reported for apportionment purposes beginning July 1, 1992.

(f) The provisions of this section are not subject to waiver by the state board, by the Superintendent, or under any provision of Part 26.8 (commencing with Section 47600).

Section 51747.5
Coordination,
evaluation and
supervision of
independent study;
apportionment credit

§ 51747.5 (a) The independent study by each pupil shall be coordinated, evaluated, and, notwithstanding subdivision (a) of Section 46300, shall be under the general supervision of an employee of the local education agency who possesses a valid certification document pursuant to Section 44865 or an emergency credential pursuant to Section 44300, registered as required by law.

(b) A local educational agency may claim apportionment credit for independent study only to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher employed by the local educational agency. It is the intent of the Legislature that teachers be given access to digital assignment tracking systems to reduce workload associated with evaluating and accounting for pupil work.

(c) A local educational agency shall document each pupil's participation in live interaction and synchronous instruction pursuant to Section 51747 on each schoolday, as applicable, in whole or in part, for which live interaction or synchronous instruction is provided as part of the independent study program. A pupil who does not participate in scheduled live interaction or synchronous instruction shall be documented as nonparticipatory for that schoolday for purposes of pupil participation reporting and tiered reengagement pursuant to Section 51747.

(d) A local educational agency shall maintain written or computer-based evidence of pupil engagement that includes, but is not limited to, a grade book or summary document that for each class, lists all assignments, assessments, and associated grades.

(e) For purposes of this section, a local educational agency shall not be required to sign and date pupil work products when assessing the time value of pupil work products for apportionment purposes.

(f) Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the Controller shall incorporate compliance reviews for subdivisions (a) to (d), inclusive, unless compliance verification for those subdivisions is already included in the audit guide. Findings of noncompliance shall result in the loss of apportionment equal to the average daily attendance impacted by the noncompliance.

(g) The provisions of this section are not subject to waiver by the state board, by the Superintendent, or under any provision of Part 26.8 (commencing with Section 47600).

§ 51748 School districts and county offices of education shall not be eligible to receive apportionment for independent study attendance by any pupil who is not otherwise identified in the written records of the district or county board by grade level, program placement, and the school in which he or she is enrolled.

Section 51748
Written records for apportionments

§ 51749 (a) The Superintendent, upon the next revision of the California Basic Educational Data System, or its equivalent, following July 1, 1990, shall include all data collection elements necessary to compile an annual statewide profile of pupils participating in independent study, including data on the number and percentage of pupils pursuing their coursework through independent study who successfully complete the requirements for a high school diploma.

Section 51749
Statewide profile of independent study pupils

(b) Commencing with the 2021-22 school year, the department shall include a required field in the California Longitudinal Pupil Achievement Data System for the collection of the number of pupils participating in independent study pursuant to this article for 15 or more schooldays.

§ 51749.3 The Superintendent of Public Instruction shall establish rules and regulations for the purposes of implementing this article.

Section 51749.3
State rules and regulations

§ 51749.5 (a) Notwithstanding any other law, and commencing with the 2015–16 school year, the local school agency may, for pupils enrolled in kindergarten and grades 1 to 12, inclusive, provide independent study courses pursuant to the following conditions:

Section 51749.5
Independent Study Courses

(1) The governing board or body of the local education agency adopts policies, at a public meeting, that comply with the requirements of this section and any applicable regulations adopted by the state board.

(2) A signed learning agreement is completed and on file pursuant to Section 51749.6.

(3) Courses are taught under the general supervision of certificated employees who hold the appropriate subject matter credential pursuant to Section 44300 or 44865, or subdivision (l) of Section 47605, meet the requirements for highly qualified teachers pursuant to the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.), and are employed by the local education agency at which the pupil is enrolled, or by the local education agency that has a memorandum of understanding to provide the instruction in coordination with the local education agency at which the pupil is enrolled.

(4) (A) Courses are annually certified, by local education agency governing board or body resolution, to be of the same rigor, educational quality, and intellectual

challenge substantially equivalent to in-person instruction and equivalent classroom-based courses, and shall be aligned to all relevant local and state content standards. For high schools, this shall include access to all courses offered by the local educational agency for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria.

(B) This certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each schoolday that a pupil is enrolled, number of equivalent total instructional minutes, number of course credits for each course, and a plan as described in subparagraph (C). This information shall be consistent with that of equivalent classroom-based courses.

(C)(i) For pupils in transitional kindergarten and grades 1 to 3, inclusive, a plan to provide opportunities for daily synchronous instruction for all pupils throughout the school year.

(ii) for pupils in grades 4 to 8, inclusive, a plan to provide opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.

(iii) For pupils in grades 9 to 12, inclusive, a plan to provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year.

(5) Pupils enrolled in courses authorized by this section shall meet the applicable age requirements established pursuant to Sections 46300.1, 46300.4, 47612, and 47612.1.

(6) Pupils enrolled in courses authorized by this section shall meet the applicable residency and enrollment requirements established pursuant to Sections 46300.2, 47612, 48204, and 51747.3.

(7)(A) An individual with exceptional needs, as defined in Section 56026, shall not participate in course-based independent study, unless the pupil's individualized education program developed pursuant to Article 3 (commencing with Section 56340) of Chapter 4 of Part 30 specifically provides for that participation.

(B) A temporarily disabled pupil shall not receive individual instruction pursuant to Section 48206.3 through course-based independent study.

(8)(A) Satisfactory educational progress shall be determined based on all of the following indicators:

(i) The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil engagement set forth in paragraphs (4) and (5) of subdivision (d) of Section 52060.

(ii) The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.

(iii) Learning required concepts, as determined by the supervising teacher.

(iv) Progressing toward successful completion of the course of study or individual course as determined by the supervising teacher.

(B) If satisfactory educational progress in one or more courses is not being made, certificated employees providing instruction shall notify the pupil and, if the pupil is less than 18 years of age, the pupil's parent or legal guardian, and conduct an evaluation to determine whether it is in the best interest of the pupil to remain in the course or whether the pupil should be referred to an alternative program,

which may include, but is not limited to, a regular school program. A written record of the findings of an evaluation made pursuant to this subdivision shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

(i) Verification of current contact information for each enrolled pupil.

(ii) A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.

(D) Written or computer-based evidence of satisfactory educational progress, as described in subparagraph (A), shall be retained for each course and pupil. At a minimum, this evidence shall include a grade book or summary document that, for each course, lists all assignments, examinations, and associated grades.

(10) A proctor shall administer examinations.

(11) (A) Statewide testing results for pupils enrolled in any course authorized pursuant to this section shall be reported and assigned to the school or charter school at which the pupil is enrolled, and to any school district, charter school, or county office of education within which that school's or charter school's testing results are aggregated.

(B) Statewide testing results for pupils enrolled in a course or courses pursuant to this section shall be disaggregated for purposes of comparing the testing results of those pupils to the testing results of pupils enrolled in classroom-based courses.

(12) A pupil shall not be required to enroll in courses authorized by this section.

(13) The pupil-to-certificated-employee ratio limitations established pursuant to Section 51745.6 are applicable to courses authorized by this section.

(14) For each pupil, the combined equivalent daily instructional minutes for enrolled courses authorized by this section and enrolled courses authorized by all other laws and regulations shall meet the minimum instructional day requirements applicable to the local educational agency. Pupils enrolled in courses authorized by this section shall be offered the minimum annual total equivalent instructional minutes pursuant to Sections 46200 to 46208, inclusive, and Section 47612.5.

(16) A pupil participating in independent study shall not be assessed a fee prohibited by Section 49011.

(17) A pupil shall not be prohibited from participating in independent study solely on the basis that the pupil does not have the materials, equipment, or internet

(b) For purposes of computing average daily attendance for each pupil enrolled in one or more courses authorized by this section, the following computations shall apply:

(1) (A) For each schoolday, add the combined equivalent daily instructional minutes, as certified in paragraph (4) of subdivision (a), for courses authorized by this section in which the pupil is enrolled.

(B) For each schoolday, add the combined daily instructional minutes of courses authorized by all other laws and regulations in which the pupil is enrolled and for which the pupil meets applicable attendance requirements.

(C) For each schoolday, add the sum of subparagraphs (A) and (B).

(2) If subparagraph (C) of paragraph (1) meets applicable minimum schoolday requirements for each schoolday, and all other requirements in this section have been met, credit each schoolday that the pupil is demonstrating satisfactory educational progress pursuant to the requirements of this section, with up to one school day of attendance.

(3) (A) Using credited schoolday attendance pursuant to paragraph (2), calculate average daily attendance pursuant to Section 41601 or 47612, whichever is applicable, for each pupil.

(B) The average daily attendance computed pursuant to this subdivision shall not result in more than one unit of average daily attendance per pupil.

(4) Notwithstanding any other law, average daily attendance computed for pupils enrolled in courses authorized by this section shall not be credited with average daily attendance other than what is specified in this section.

(5) If more than 10 percent of the total average daily attendance of a local education agency is claimed pursuant to this section, then the amount of average daily attendance for all pupils enrolled by that local education agency in courses authorized pursuant to this section that is in excess of 10 percent of the total average daily attendance for the school district, charter school, or county office of education shall be reduced by either (A) the statewide average rate of absence for elementary school districts for kindergarten and grades 1 to 8, inclusive, or (B) the statewide average rate of absence for high school districts for grades 9 to 12, inclusive, as applicable, as calculated by the department for the prior fiscal year, with the resultant figures and ranges rounded to the nearest 10th.

(c) For purposes of this section, “equivalent total instructional minutes” means the same number of minutes as required for an equivalent classroom-based course.

(d) This section does not prohibit the right to collectively bargain any subject within the scope of representation pursuant to Section 3543.2 of the Government Code.

(e) (1) The Superintendent shall conduct an evaluation of independent study courses offered pursuant to this section and report the findings to the Legislature and the Director of Finance no later than September 1, 2019. The report shall, at a minimum, compare the academic performance of pupils in independent study with demographically similar pupils enrolled in equivalent classroom-based courses.

(2) The requirement for submitting a report imposed under paragraph (1) is inoperative on September 1, 2023, pursuant to Section 10231.5 of the Government Code.

(Requirements for submitting a report under paragraph (1) become inoperative on September 1, 2023)

(3) A report to be submitted pursuant to paragraph (1) shall be submitted in compliance with Section 9795 of the Government Code.

(f)(1) Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the Controller shall incorporate verification of the ratios included in this section, including fiscal penalties for noncompliance as described in this section.

(2) Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the Controller shall incorporate compliance reviews for subdivisions (a) to (e), inclusive, unless compliance verification for those subdivisions is already included in the audit guide. Findings of noncompliance shall result in the loss of apportionment equal to the average daily attendance impacted by the noncompliance.

(g) The provisions of this section are not subject to waiver by the state board, by the Superintendent, or under any provision of Part 26.8 (commencing with Section 47600).

(6) Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the department, that may be a marking that is either computer generated or produced by electronic means and is intended by the signatory to have the same effect as a handwritten signature. The use of an electronic signature shall have the same force and effect as the use of a manual signature if the requirements for digital signatures and their acceptable technology, as provided in Section 16.5 of the Government Code and in Chapter 10 (commencing with Section 22000) of Division 7 of Title 2 of the California Code of Regulations, are satisfied.

(7) Notwithstanding subparagraph (A), for the 2021-22 school year only, a local educational agency shall obtain a signed written agreement for independent study from the pupil, or the pupil's parent or legal guardian if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of the independent study course, and all persons who have direct responsibility for providing assistance to the pupil no later than 30 days after the first day of instruction. (e) The provisions of this section are not subject to waiver by the state board, by the Superintendent, or under any provision of Part 26.8 (commencing with Section 47600).

17070.75 and
17078.52-17078.66

§ 17070.73 (a) A school district may claim the entire pupil attendance of a charter school that is physically located within its geographical jurisdiction, within the per-pupil eligibility calculation in support of a project for school facilities pursuant to this chapter.

Section 17070.73
School district claim

project

(b) A school district shall not include the attendance of pupils attending a charter school that is physically located outside of the geographical jurisdiction of the school district, within the per-pupil eligibility calculation in support of an application for a project pursuant to this chapter.

(c) The requirements and conditions for funding charter school facilities in this section and in Article 12 (commencing with Section 17078.50) are intended to regulate only the funding of facilities under this chapter, and are not intended to expand, narrow, or raise any inference regarding, the nature or scope of any other law that is applicable to charter school governance, organization, or operation.

(d) Subdivisions (a) and (b) apply only to projects funded with the proceeds of state bonds approved by the voters after January 1, 2002.

§ 17070.75 (a) The board shall require the school district to make all necessary repairs, renewals, and replacements to ensure that a project is at all times maintained in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the school district.

Section 17070.75
Maintenance of
Facilities

(b) In order to ensure compliance with subdivision (a) and to encourage school districts to maintain all buildings under the school district's control, the board shall require an applicant school district to do all of the following before the approval of a project:

(1) Establish a restricted account within the general fund of the school district for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according the highest priority to funding for the purposes set forth in subdivision (a). Funds in the account may be used for drought mitigation purposes related to the implementation of Executive Order B-29-15.

(B) A school district contribution to the account may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. A school district that serves as the administrative unit for a special education local plan area may elect to exclude from its total general fund expenditures, for purposes of this paragraph, the distribution of revenues that are passed through to participating members of the special education local plan area.

(C) This paragraph applies only to the following school districts:

(i) High school districts with an average daily attendance greater than 300 pupils.

(ii) Elementary school districts with an average daily attendance greater than 900 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the school district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the allocation be carried over into another fiscal year. However, any state funds carried over into a subsequent year may not be counted toward the annual minimum contribution by the school district.

(c) A school district to which paragraph (2) of subdivision (b) does not apply shall certify to the board that it can reasonably maintain its facilities with a lesser level of maintenance.

(d) For purposes of calculating a county office of education requirement pursuant to this section, the applicable maintenance requirement specified in paragraph (2) of subdivision (b) shall be based upon the county office of education general fund less any restricted accounts.

(e) As a condition of participation in the school facilities program established pursuant to this chapter, a school district shall establish a facilities inspection system to ensure that each of its schools is maintained in good repair.

(f) For purposes of this section, “good repair” has the same meaning as specified in subdivision (d) of Section 17002.

(g) This section shall become operative July 1, 2020.

(4) “Financially sound” means a charter school that has demonstrated, over a period of time determined by the authority, but not less than 24 months immediately preceding the submission of the application, that it has operated as a financially capable concern in California, as measured by criteria established by the authority. § 17078.53 (a) The initial preliminary applications for projects to be funded pursuant to this article shall be submitted to the board by March 31, 2003.

Thereafter, the board may establish subsequent application periods as needed.

(b) Preliminary applications may be submitted by eligible applicants as set forth in this article by either of the following:

(2) For a preliminary application submitted pursuant to paragraph (2) of subdivision (b), a certification from the governing board of the district within which the charter school is physically located of the number of unhoused pupils for that district determined pursuant to Article 3 (commencing with Section 17071.75) that will be housed by the project for which the preliminary application has been submitted.

(e) Before submitting a preliminary application, the school district and charter school shall consider existing school district facilities in accordance with Section 47614.

(f) The board, after consideration of the recommendations of the authority regarding whether a charter school is financially sound, shall approve the preliminary application and shall make the preliminary apportionment for funding pursuant to this article.

(g) (1) The board shall establish a process to ensure that pupil attendance in a charter school that is physically located within the geographical jurisdiction of a school district is counted as per-pupil eligibility for that school district and to ensure that the same per-pupil attendance is not so counted for any other school district or other applicant under this chapter.

(2) (A) Except as provided pursuant to subparagraph (B) and notwithstanding subdivision (b) of Section 17071.75, the number of pupils for which facilities are provided under this article shall not be included in the sum determined under subdivision (b) of Section 17071.75.

(B) The number of unhoused pupils determined pursuant to subdivision (d) that will be housed by the project for which a preliminary application has been submitted shall be included in the sum determined under subdivision (b) of Section 17071.75.

(h) The board shall establish a process to be used for release of funds for approved projects pursuant to this article. Notwithstanding Section 17072.30, the board may provide for the release of planning and site acquisition funds before the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281.

(i) Notwithstanding subdivision (c) of Section 17070.63, savings achieved shall be returned to the Charter School Facilities Account for purposes of this article.

§ 17078.54 (a) An eligible project under this article shall include funding, as

permitted by this chapter, for new construction or modernization of a school facility for classroom-based instruction of charter school pupils, as set forth in this article. A project may include, but is not limited to, the cost of retrofitting an existing building for charter school purposes, purchasing a building, or retrofitting a building that has been purchased by the charter school, if those costs have not been previously funded under this chapter, but may not exceed the amounts set forth in subdivision (b). Existing school buildings made available by a school district that will be rehabilitated for the purposes of this article are not subject to Article 6 (commencing with Section 17073.10). An allocation of funds shall not be made for a school facility that is less than 15 years old.

New construction
or rehabilitation
funding

(b) The maximum amount of the funding pursuant to this article shall be determined by calculating the charter school's per-pupil grant amount plus other allowable costs as set forth in this chapter. Funding shall be provided by the authority for new facility construction or modernization as set forth in Section 17078.58.

(c) To be funded under this article, a project shall comply with all of the following:

(1) It shall meet all the requirements regarding public school construction, plan approvals, toxic substance review, site selection, and site approval, as would any noncharter school project of a school district under this chapter, including, but not limited to, regulations adopted by the State Architect pursuant to Section 17280.5 relating to the retrofitting of existing buildings, as applicable.

(2) Notwithstanding any law to the contrary, including, but not limited to paragraph (1), the board, after consulting with the relevant regulatory agencies, shall, to the extent feasible, adopt regulations establishing a process for projects to be subject to a streamlined method for obtaining regulatory approvals for all requirements described in paragraph (1), except for the requirements of the Field Act as defined in Section 17281, which shall be complied with in the same manner as any other project under this chapter.

(3) The board shall fund only new construction to be physically located within the geographical jurisdiction of a school district.

(d) (1) Facilities funded pursuant to this article shall have a 50 percent local share matching obligation that may be paid by the applicant through lease payments in lieu of the matching share, or as otherwise set forth in this article, including, but not limited to, Section 17078.58.

(2) Notwithstanding paragraph (1), the required local matching obligation shall be adjusted consistent with the revised local matching contributions for school districts pursuant to Section 17072.30 based upon the adjustment that would apply to the school district in which the charter school is physically located which serves the same grade levels as the facilities funded.

(e) The authority may charge its administrative costs against the respective 2002, 2004, or 2006 Charter School Facilities Account, or the amount described in paragraph (2) of subdivision (a) of Section 101122, which shall be subject to the approval of the Department of Finance and which may not exceed 2.5 percent of the account or amount.

(f) It is the intent of the Legislature to consider the development of a financial hardship assistance process for charter schools seeking to participate in the Charter School Facilities Program.

§ 17078.56 (a) The board, in consultation with the authority, shall approve projects Section 17078.56

Approval of projects;
criteria; preferences

pursuant to this article as otherwise set forth in this chapter, and shall make preliminary apportionments only to financially sound applicants in accordance with all of the following criteria:

- (1) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various geographical regions of the state.
 - (2) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of urban, rural, and suburban regions of the state.
 - (3) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of large, medium, and small charter schools throughout the state.
 - (4) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various grade levels of pupils served by charter school applicants throughout the state.
- (b) While ensuring that the requirements of subdivision (a) are met when considering all approved projects under this article as a whole, the board shall, within each factor of the criteria set forth in subdivision (a), give a preference to charter schools in overcrowded school districts, charter schools in low-income areas, charter schools operated by not-for-profit entities, and charter schools that utilize existing school district facilities.

Section 17078.57
Adoption of
regulations

§ 17078.57 (a) The authority, in consultation with the board, shall adopt regulations establishing uniform terms and conditions that shall apply equally to all projects for funding in accordance with Section 17078.58, including, but not limited to, all of the following:

- (1) The process for determining the manner in which the applicant will pay its local matching share, including the method for determining lease payments to be made in lieu of the local matching share. The regulations shall comply with all of the following criteria:
 - (A) The payment process set forth in Section 17199.4 may be used.
 - (B) The payment process shall permit lump-sum local matching payments and shall permit establishment of a schedule for lease payments to be made in lieu of the local matching share.
 - (C) The lease payment schedule shall be calculated by amortizing one-half of the total approved project costs, minus lump-sum payments, over the entire payment period as set forth in Section 17078.58.
 - (D) The payment schedule for payments in lieu of the local matching funds pursuant to this section shall be based upon payment, within a reasonable period of time not to exceed a 30-year period, of one-half of the total eligible project costs, and shall be calculated in a manner that is designed to result in full payment of that portion, together with interest thereon at a rate set by the authority. The interest rate shall be set using the lower of the following:
 - (i) The rate paid on moneys in the Pooled Money Investment Account as of the date of disbursement of the funding.
 - (ii) A rate equal to 50 percent of the interest rate paid by the state on the most recent sale of state general obligation bonds, and the interest rate shall be computed according to the true interest cost method.

(E) Notwithstanding subparagraph (D), the authority shall not set the interest rate on a loan at a rate lower than 2 percent. Program participants that have locked in an interest rate before January 1, 2009, may reset their payment schedule based on the interest rate set pursuant to subparagraph (D) as of January 1, 2009. Program participants executing an agreement on and after January 1, 2009, shall have their interest rate set at the time the funding agreement is executed and shall not renegotiate interest rates without prior approval of the authority.

(2) The method for determining whether a charter school is financially sound. In the case of a charter school chartered by a school district that is located outside of the school district that chartered it, the method developed by the authority shall include, but shall not be limited to, a site visit to the school facility currently being used by the charter school during hours when pupils are present and instruction is being provided.

(3) (A) Security provisions, including, but not limited to, whether title to project facilities shall be held by the school district in which the facility is to be physically located, in trust, for the benefit of the state public school system, or by another entity as authorized pursuant to Section 17078.63.

(B) The authority shall adopt a mechanism whereby a person or entity who provides a substantial contribution that is applied to the costs of the project in excess of the state share and the local matching share may be granted a security interest to be satisfied from the proceeds, if any, realized when the property is ultimately disposed of as set forth in paragraph (5) of subdivision (b) of Section 17078.62.

(4) The method for integrating funding pursuant to this article with the general procedures of the authority pursuant to subdivision (i) of Section 17180 for otherwise funding projects eligible for funding under this chapter, if appropriate.

(b) The authority may adopt, amend, or repeal rules and regulations pursuant to this chapter as emergency regulations. The adoption, amendment, or repeal of these regulations is conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning of Section 11346.1 of the Government Code.

§ 17078.58 (a) Funding granted pursuant to this article may not exceed 100 percent of the total allowable project costs as determined by calculating double the per-pupil grant eligibility as set forth in Section 17072.10, and subdivision (e) of Section 17078.53, plus 100 percent of all other allowable construction project costs, as appropriate to the project, that would otherwise be available to school district projects as set forth in this chapter. Funding granted for purposes of rehabilitating buildings under Section 17078.54 shall be limited to the costs necessary to comply with subdivision (c) of Section 17078.54, and the costs to remediate any water outlet for drinking and preparing food with lead levels in excess of 15 parts per billion, and shall not exceed the maximum costs that would otherwise be allowable for a new construction project funded under this article.

(b) The local share equivalent shall be collected in the form of lease payments or otherwise as set forth in this article.

(c) Lease payments in lieu of local share payments, and any other local share payments made pursuant to this article, shall be made to the board for deposit into the respective 2002, 2004, 2006, or 2020 Charter School Facilities Account. Funds deposited into the account pursuant to this section may be used by the board only

for a purpose related to charter school facilities pursuant to this article.

(d) When a preliminary apportionment under this article is converted to a final apportionment, any funds not needed for the final apportionment shall remain in the 2002, 2004, 2006, or 2020 Charter School Facilities Account for use by the board for any purpose related to charter school facilities pursuant to this article.

§ 17078.62 (a) As a first priority, the existing charter school shall be permitted to continue to use the facility until it is no longer needed by the charter school for charter school purposes.

(b) If the charter school occupying a facility funded pursuant to this article ceases to use the facility for a charter school purpose, all of the following apply:

(1) If the charter school is no longer using the facility because the authorizing school district has revoked or declined to renew the charter, the school district in which the charter is located, as a necessary component of the first priority established in subdivision (a), may not immediately occupy the facility, but shall allow a reasonable time, not to exceed six months, for completion of the review process contemplated in Section 47607 or 47607.5.

(2) As a second priority, any qualifying successor charter school shall be permitted to meet its facility needs by occupying the facility on equal terms as the prior charter school occupant, including, but not limited to, assumption of fee simple title to the facility, as described in paragraph (3) of subdivision (a) of Section 17078.63.

(3) As a third priority, the school district in which the charter school is physically located may notify the authority and take possession and take title to the facility, if the title is not already held by the district, and make the facility available for continued use as a public school facility.

(4) If the school district in which the charter school is physically located elects to take possession of a facility pursuant to paragraph (3), it shall pay the balance of the unpaid local matching share or demonstrate that it is willing and able to continue to make the lease payments in lieu of the local matching share on the same terms. However, the payments shall be reduced or eliminated, as appropriate, if the school district complies with all of the following:

(A) It demonstrates that it would have been eligible for hardship funding under Article 8 (commencing with Section 17075.10) at the time that the application for funding the facility under this article was originally submitted.

(B) It certifies to the board that it will use the facilities for public school purposes for a period of at least five years from the date that it occupies the facility.

(5) (A) If the school district declines to take possession pursuant to paragraph (3), or if the facility is subsequently no longer needed for public school purposes, the school district shall dispose of the facilities in a manner otherwise applicable to the disposal of surplus public schoolsites. Any unpaid local matching share shall be paid from the net proceeds, if any, of the disposition and shall be deposited into the respective 2002, 2004, 2006, or 2020 Charter School Facilities Account. To the extent that funds remain from the proceeds of the disposition after repayment of the local matching share, any security interest granted to a person or entity pursuant to subparagraph (B) of paragraph (3) of subdivision (a) of Section 17078.57 shall be satisfied. Funds remaining from the proceeds after any security interest has been satisfied shall be paid to the school district in which the facility is

located to be used for capital improvements in the school district.

(B) If title to the facility is held by a charter school or a local governmental entity other than the school district, and the school district declines to dispose of the facility, the board shall dispose of the facility in accordance with the provisions that would otherwise apply to the disposal of surplus school property by the school district, including, but not limited to, Chapter 4 (commencing with Section 17385) of Part 10.5. The proceeds of the disposition shall be distributed in accordance with subparagraph (A).

(6) If the lease payments in lieu of the local matching share are fully paid, the school district shall continue to hold title to the facility, in trust, for the benefit of the state public school system. The school district shall permit continued use of the facility for charter school purposes as long as the facility is needed for those purposes.

§ 17078.63 (a) Prior to the release of funds for an application submitted pursuant to paragraph (2) of subdivision (b) of Section 17078.53 for site acquisition or new construction final apportionments, applicants shall provide one of the following:

Section 17078.63
Documentary
evidence; title

(1) Documentary evidence that the school district in which the facility is to be physically located holds title to the project facilities in trust for the benefit of the state public school system.

(2) Documentary evidence that a local governmental entity, including, but not limited to, a county board of education, a city, a county, or a city and county, holds title to the project facilities in trust for the benefit of the state public school system, subject to both of the following conditions:

(A) Consistent with the prohibition in Section 6 of Article IX of the California Constitution regarding governance of public schools, a city, county, city and county, or other local governmental entity not included within the public school system that holds title pursuant to this paragraph shall not exercise any control over the operation of the charter school.

(B) The following shall be recorded in the chain of title for the property:

(i) A restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute.

(ii) A remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Section 17078.62.

(3) (A) A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57. The charter school shall include with the request a statement outlining the reasons why ownership of the project facilities is not vested with an entity set forth in paragraph (1) or (2). Prior to releasing any project funds, the board shall make findings that the applicant has submitted all of the information required by this paragraph.

(B) The following shall be recorded in the chain of title for the property:

(i) A restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute.

(ii) A remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Section 17078.62.

(b) A charter school may request a school district to transfer title to project facilities to an entity authorized by paragraph (2) or (3) of subdivision (a) if the school district entered into an agreement, prior to January 1, 2010, to hold title to those facilities. A school district that receives a request pursuant to this subdivision may transfer the title to the entity designated in the request pursuant to terms and conditions mutually agreed upon by the district and the charter school.

(c) The board may adopt regulations to implement this section.

Section 17078.64

School district may
fund charter facilities

§ 17078.64 (a) In lieu of applying for funding under this article, a school district may elect to include facilities for a charter school that would be physically located within its geographical jurisdiction within its application for funding pursuant to the general provisions of this chapter, other than this article. However, the project would be outside the scope of this article, would not be subject to its provisions, and shall comply with this chapter in the same manner as any noncharter project. Any per-pupil eligibility that is used for that project shall not, also, support any project under this article.

(b) Except for those provisions in which the authority is expressly required or authorized to adopt regulations pursuant to this article, the board in consultation with the authority shall adopt regulations to implement this article. The board may adopt, amend, or repeal rules and regulations pursuant to this article as emergency regulations. Until July 1, 2004, the adoption, amendment, or repeal of these regulations is conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning of Section 11346.1 of the Government Code.

(c) This article is not applicable to projects funded with the proceeds of state general obligation bonds approved by the voters prior to January 1, 2002.

- (4) Pupil transportation.
- (5) Schoolsite food-related.

(b) This section does not apply to an entity providing any of the services listed in subdivision (a) to a school district in an emergency or exceptional situation, such as when pupil health or safety is endangered or when repairs are needed to make school facilities safe and habitable.

(c) This section does not apply to an entity providing any of the services listed in subdivision (a) to a school district when the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee has limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district has made this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees.

(d) A school district may determine, on a case-by-case basis, to require an entity providing schoolsite services other than those listed in subdivision (a) or those described in Section 45125.2 and the entity's employees to comply with the requirements of this section, unless the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee will have limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district makes this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees. If a school district requires an entity providing services other than those listed in subdivision (a) and its employees to comply with the requirements of this section, the Department of Justice shall comply with subdivision (e).

(e) (1) The Department of Justice shall ascertain whether the individual whose fingerprints were submitted to it pursuant to subdivision (a), (d), or (k) has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the Department of Justice. Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the Department of Justice shall ascertain the information required pursuant to this section within three working days. When the Department of Justice ascertains that an individual whose fingerprints were submitted to it pursuant to subdivision (a) (d) or (k) has a pending criminal proceeding for a felony as defined in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1, the Department of Justice shall notify the employer designated by the individual of that fact. The notification shall be delivered by telephone or email to the employer.

(2) The Department of Justice, at its discretion, may notify the school district in instances when the employee is defined as having a pending criminal proceeding described in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1.

(3) The Department of Justice may forward one copy of the fingerprints to the Federal Bureau of Investigation to verify any record of previous arrests or convictions of the applicant. The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation and shall notify the employer only as to whether or not an applicant has any convictions or arrests pending adjudication for offenses that, if committed in California, would have been punishable as a violent or serious felony. The Department of Justice shall not provide any specific offense information received from the Federal Bureau of Investigation. The Department of Justice shall provide written notification to the contract employer only concerning whether an applicant for employment has any conviction or arrest pending final adjudication for any of those crimes, as specified in Section 45122.1, but shall not provide any information identifying any offense for which an existing employee was convicted or has an arrest pending final adjudication.

(f) (1) An entity having a contract as described in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall not permit an employee to come in contact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Section 45122.1.

(2) The prohibition in paragraph (1) does not apply to an employee solely on the basis that the employee has been convicted of a felony if the employee has obtained a certificate of rehabilitation and pardon pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(3) The prohibition in paragraph (1) does not apply to an employee solely on the basis that the employee has been convicted of a serious felony that is not also a violent felony if that employee can prove to the sentencing court of the offense in question, by clear and convincing evidence, that the employee has been rehabilitated for the purposes of schoolsite employment for at least one year. If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court in the school district in which the employee is a resident.

(g) An entity having a contract as described in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall certify in writing to the school district that neither the employer nor any of its employees who are required by this section to submit or have their fingerprints submitted to the Department of Justice and who may come in contact with pupils have been convicted of a felony as defined in Section 45122.1.

(h) An entity having a contract as described in subdivision (a) on September 30, 1997, and an entity required to comply with this section pursuant to subdivision (d) by a school district with which it has a contract on September 25, 1998, shall complete the requirements of this section within 90 days of the applicable date.

(i) For purposes of this section, a charter school shall be deemed to be a school district.

(j) Where reasonable access to the statewide electronic fingerprinting network is available, the Department of Justice may mandate electronic submission of the fingerprint cards and other information required by this section.

(k)(1) For purposes of this section, an individual operating as a sole proprietor of an entity that has a contract with a school district, as specified in subdivision (a), or an entity required to comply with this section pursuant to subdivision (d), shall be considered an employee of that entity.

(2) To protect the safety of any pupil that may come into contact with an employee of an entity that is a sole proprietorship and has a contract as described in subdivision (a), or is required to comply with this section pursuant to subdivision (d), a school district shall prepare and submit the employee's fingerprints to the Department of Justice, as described in subdivision (a).

(l) This section shall remain in effect only until January 1, 2022, and as of that date is repealed.

Section 49069.3
Foster family

§ 49069.3 (a) A foster family agency with jurisdiction over a currently enrolled or former pupil, a short-term residential treatment program staff responsible

for the education or case management of a pupil, and a caregiver who has direct responsibility for the care of the pupil, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, as defined in Section 1517 of the Health and Safety Code and Section 16519.5 of the Welfare and Institutions Code, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by schools for pupils and parents, and any individualized education programs (IEP) that may have been developed pursuant to Chapter 4 (commencing with Section 56300) of Part 30 or any plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794(a)) maintained by school districts, county offices of education, charter schools, nonpublic schools, as defined in Section 60010, or private schools of that pupil. A caregiver, pursuant to this section, may access the information specified in this section regardless of whether the caregiver has been appointed as the pupil's educational rights holder pursuant to Section 319, 361, or 726 of the Welfare and Institutions Code.

(b) A foster family agency, short-term residential treatment program, or caregiver may review and receive pupil records pursuant to subdivision (a) for purposes of monitoring the pupil's educational progress, updating and maintaining the pupil's education records as required by Section 16010 of the Welfare and Institutions Code, and ensuring the pupil has access to educational services, supports, and activities. These purposes include, but are not limited to, enrolling the pupil in school, assisting the pupil with homework, class assignments, and college and scholarship applications, and enrolling the pupil in extracurricular activities, tutoring, and other afterschool and summer enrichment programs.

(c)(1) If direct communication between a caregiver and an educational rights holder is appropriate, a caregiver who is not the pupil's educational rights holder shall notify the pupil's educational rights holder of any educational needs of the pupil that require the educational rights holder's consent or participation, including, but not limited to, school placement decisions, decisions on whether to invoke or waive school of origin rights, consent for special education assessments and individualized education programs, meetings or hearings regarding attendance or discipline, and decisions regarding graduation. In instances involving significant discipline or that potentially impact a pupil's continued enrollment and progress in school, the caregiver shall also provide the same information to the pupil's social worker as is provided to the educational rights holder.

(2) If direct communication between a caregiver and an educational rights holder is inappropriate, the pupil's social worker shall direct the caregiver to communicate the information specified in paragraph (1) with the pupil's social worker or attorney instead of the educational rights holder.

(3) Nothing in this subdivision affects the responsibilities of a placement agency with regard to the education of a pupil.

(4) This subdivision shall not be construed to alter or increase a social worker's or attorney's decisionmaking rights and responsibilities regarding a pupil.

(d) Nothing in this section affects the duties of a local educational agency related to informing and involving educational rights holders in educational decisions

Section 49069.5
Charter school duty

care pupil records

affecting the child.

§ 49069.5 (a) The Legislature finds and declares all of the following:

(1) The mobility of pupils in foster care often disrupts their educational experience.
(2) Efficient transfer procedures and transfer of pupil records are critical factors in the swift placement of foster children in educational settings.

(3) Pupils who have had contact with the juvenile justice system are often denied credit or partial credit earned during enrollment in juvenile court schools. Delays in school enrollment and loss of earned credit can result in improper class or school placement, denial of special education services, and school dropout.

(b) The proper and timely transfer between schools of pupils in foster care is the responsibility of both the local educational agency, including the county office of education for pupils in foster care who are enrolled in juvenile court schools, and the county placing agency, which includes the county probation department.

(c) As soon as the county placing agency or county office of education becomes aware of the need to transfer a pupil in foster care out of the pupil's current school, the county placing agency or county office of education shall contact the appropriate person at the local educational agency of the pupil. The county placing agency shall notify the local educational agency of the date that the pupil will be leaving the school and request that the pupil be transferred out.

(d) Upon receiving a transfer request from a county placing agency or notification of enrollment from the new local educational agency, the local educational agency receiving the transfer request or notification shall, within two business days, transfer the pupil out of school and deliver the educational information and records of the pupil to the next educational placement.

(e) As part of the transfer process described under subdivisions (c) and (d), the local educational agency shall compile the complete educational record of the pupil, including a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the pupil's plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794) or individualized education program adopted pursuant to the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

(f) The local educational agency shall assign the duties listed in this section to a person who is competent to handle the transfer procedure and who is aware of the specific educational recordkeeping needs of homeless, foster, and other transient children who transfer between schools.

(g) The local educational agency shall ensure that, if the pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or placing agency, the grades and credits of the pupil will be calculated as of the date the pupil left school and no lowering of grades will occur as a result of the absence of the pupil under these circumstances.

(h) The local educational agency shall ensure that, if the pupil in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of the pupil's grades will occur as a result of the absence of the pupil under these circumstances.

(i)(1) A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of

the California Code of Regulations.

(2) A complainant not satisfied with the decision of a local educational agency may appeal the decision to the department pursuant to Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations and shall receive a written decision regarding the appeal within 60 days of the department's receipt of the appeal.

(3) If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

(4) Information regarding the requirements of this section shall be included in the annual notification distributed to, among others, pupils, parents or guardians of pupils, employees, and other interested parties pursuant to Section 4622 of Title 5 of the California Code of Regulations.

(j) For purposes of this section, the following definitions apply:

(1) "County placing agency" means a county social services department or county probation department.

(2) "Local educational agency" means a school district, a county office of education, a charter school participating as a member of a special education local plan area, or a special education local plan area.

(3) "Pupil in foster care" has the same meaning as "foster youth," as that term is defined in subdivision (b) of Section 42238.01.

§ 49073.1 (a) A local educational agency may, pursuant to a policy adopted by its governing board or, in the case of a charter school, its governing body, enter into a contract with a third party for either or both of the following purposes:

(1) To provide services, including cloud-based services, for the digital storage, management, and retrieval of pupil records.

(2) To provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use pupil records in accordance with the contractual provisions listed in subdivision (b).

(b) A local educational agency that enters into a contract with a third party for purposes of subdivision (a) shall ensure the contract contains all of the following:

(1) A statement that pupil records continue to be the property of and under the control of the local educational agency.

(2) Notwithstanding paragraph (1), a description of the means by which pupils may retain possession and control of their own pupil-generated content, if applicable, including options by which a pupil may transfer pupil-generated content to a personal account.

(3) A prohibition against the third party using any information in the pupil record for any purpose other than those required or specifically permitted by the contract.

(4) A description of the procedures by which a parent, legal guardian, or eligible pupil may review personally identifiable information in the pupil's records and correct erroneous information.

(5) A description of the actions the third party will take, including the designation and training of responsible individuals, to ensure the security and confidentiality of pupil records. Compliance with this requirement shall not, in itself, absolve the third party of liability in the event of an unauthorized disclosure of pupil records.

(6) A description of the procedures for notifying the affected parent, legal guardian,

to charter schools

or eligible pupil in the event of an unauthorized disclosure of the pupil's records.

(7) (A) A certification that a pupil's records shall not be retained or available to the third party upon completion of the terms of the contract and a description of how that certification will be enforced.

(B) The requirements provided in subparagraph (A) shall not apply to pupil-generated content if the pupil chooses to establish or maintain an account with the third party for the purpose of storing that content pursuant to paragraph (2).

(8) A description of how the local educational agency and the third party will jointly ensure compliance with the federal Family Educational Rights and Privacy Act (20 U.S.C. Sec. 1232g).

(9) A prohibition against the third party using personally identifiable information in pupil records to engage in targeted advertising.

(c) In addition to any other penalties, a contract that fails to comply with the requirements of this section shall be rendered void if, upon notice and a reasonable opportunity to cure, the noncompliant party fails to come into compliance and cure any defect. Written notice of noncompliance may be provided by any party to the contract. All parties subject to a contract voided under this subdivision shall return all pupil records in their possession to the local educational agency.

(d) For purposes of this section, the following terms have the following meanings:

(B) Notify each parent or guardian of a pupil subject to the program that the pupil's information is being gathered from social media and that any information subject to this section maintained in the school district's, county office of education's, or charter school's records with regard to the pupil shall be destroyed in accordance with subparagraph (A). The notification required by this subparagraph may be provided as part of the notification required pursuant to Section 48980. - (b) A school district, county office of education, or charter school shall not collect or solicit social security numbers or the last four digits of social security numbers from pupils or their parents or guardians unless otherwise required to do so by state or federal law.

Section 4800.3
Requirements to
serve all pupils

§ 4800.3 Every pupil that attended a subject school prior to the implementation of an intervention shall continue to be enrolled in the school during and after an intervention is implemented pursuant to Education Code section 53300, unless the parent or legal guardian of the pupil chooses to enroll the pupil in another school or the school is closed. In addition, any pupil who resides in the attendance area of the subject school during or after the implementation of an intervention has a right to attend the school, subject to any laws or rules pertaining to enrollment.

Section 4800.5
Parental notice

§ 4800.5 (a) The CDE shall create a website for parents and guardians to obtain further information on circulating a parent empowerment petition.

(b) An LEA may create a website that lists the schools in the LEA subject to the provisions of the Parent Empowerment regulations, including enrollment data and attendance boundaries for each school. The web site may also inform parents and legal guardians of pupils how they may:

- (1) Sign a petition requesting the school district to implement one or more interventions to improve the school, and

(2) Contact community-based organizations or work with individual school administrators and parent and community leaders to understand the school intervention options and provide input about the best options for the school.

(c) Consistent with the requirements of Section 1116(b)(1)(E) of the federal Elementary and Secondary Education Act of 2001 (20 U.S.C. Section 6301 et seq.), on the date the notice of restructuring planning or restructuring status, Program Improvement Year 4 or later, is given pursuant to federal law, the LEA shall provide the parents and guardians of all pupils enrolled in a school in restructuring planning or restructuring status with notice that the school may be eligible for a parent empowerment petition to request a specific intervention pursuant to Education Code section 53300 and shall list the CDE website address created pursuant to section 4800.5(a). This notice, and any other written communication from the school or the LEA to parents or legal guardians of pupils, must meet the language requirements of Education Code section 48985.

§ 4801 (a) A petition shall contain signatures of parents or legal guardians of pupils attending the subject school, or may contain a combination of signatures of parents and legal guardians of pupils attending the subject school and signatures of parents or legal guardians of pupils attending the matriculating schools. A petition may not consist solely of signatures of parents or legal guardians of pupils attending the matriculating schools.

Section 4801
Petition signatures

(b) Only one parent or legal guardian per pupil may sign a petition.

(c) The petition must have boxes that are consecutively numbered commencing with number 1, with sufficient space for the signature of each petition signer as well as his or her printed name, date, pupil's name, the pupil's date of birth, the name of the school the pupil is currently attending, and the pupil's current grade.

(d) The boxes described in subdivision (c) may also have space for the signer's address, city or unincorporated community name, and zip code, or request other information, and, if so, the petition shall make clear that providing such information is voluntary and cannot be made a condition of signing the petition.

(e) A petition may be signed by a parent or a legal guardian once for each of his or her pupils attending the subject school or, if the petition contains a combination of signatures of parents or legal guardians of pupils attending the subject school and the elementary or middle schools that normally matriculate into a subject middle or high school, once for each of his or her pupils attending the subject school and the elementary or middle schools that normally matriculate into the subject middle or high school. Separate petition boxes must be completed by the parent or legal guardian for each of his or her pupils.

(f) A petition may be circulated and presented in sections, so long as each section complies with the requirements set forth in this section and section 4802 regarding the content of the petition.

(g) Signature gatherers may not offer gifts, rewards, or tangible incentives to parents or legal guardians to sign a petition. Nor shall signature gatherers make any threats of coercive action, false statements or false promises of benefits to parents or legal guardians in order to persuade them to sign a petition, except that signature gatherers, school site staff or other members of the public may discuss education related improvements hoped to be realized by implementing any

intervention described in these regulations. Signature gatherers, students, school site staff, LEA staff, members of the community, and parents and legal guardians of eligible pupils shall be free from harassment, threats, and intimidation related to circulation of or signing a petition, and from being discouraged to sign or being encouraged to revoke their signature on a petition. Signature gatherers shall disclose if they are being paid and shall not be paid per signature.

(h) All parties involved in the signature gathering process shall adhere to all school site hours of operation, school and LEA safety policies, and visitor sign in procedures.

(i) School or district resources shall not be used to impede the signature gathering process pursuant to this section.

§ 4802 (a) The petition and each section of the petition shall contain the following elements:

(1) A heading which states that it is a Petition of Parents, Legal Guardians, and Persons Holding the Right to Make Educational Decisions for Pupils, including Foster Parents who hold rights to make educational decisions, to request an Intervention be implemented at the specified subject school and to be submitted to a specified LEA;

(2) A statement that the petition seeks the signatures of the parents or legal guardians of the pupils attending the subject school or, in the alternative, the signatures of the parents or legal guardians of the pupils attending the subject school and the signatures of the parents or legal guardians of the pupils attending elementary or middle schools who would normally matriculate into the subject school;

(3) The name and public contact information of the person to be contacted by either persons interested in the petition or by the LEA;

(4) Identification of the requested intervention;

(5) A description of the requested intervention using the language set forth in either sections 4803, 4804, 4805, 4806, or 4807, without omission to ensure full disclosure of the impact of the intervention;

(6) The name of the subject school;

(7) Boxes as designated in section 4801(c) and (d);

(8) An affirmation that the signing parent or legal guardian is requesting the LEA to implement the identified intervention at the subject school; and

(9) If requesting that an LEA implement the restart model intervention identified pursuant to Education Code section 53202(a)(2), and that the subject school be reopened under a specific charter school operator, charter management organization, or education management organization, a clear statement containing that information on the front of the petition, including contact information of the charter school operator, charter management organization or education management organization.

(10) The names of any agencies or organizations that are supporting the petition, either through direct financial assistance or in-kind contributions of staff and volunteer support, must be prominently displayed on the front page of the petition.

(b) The CDE shall develop a sample petition that can be used by interested petitioners. The sample petition shall be available on the CDE website for interested petitioners to use. The CDE shall make the sample petition available in other languages pursuant to Education Code section 48985. Petitioners shall not be required to use the sample petition; however, alternate petitions must contain

all required components pursuant to statutory and regulatory requirements.

§ 4802.05 (a) Petitioners may not submit a petition until they reach or exceed the 50 percent threshold based on accurate and current enrollment data provided by the LEA. The date of submission of the petition shall be the start date for implementation of all statutory and regulatory requirements.

(b) An exception shall be made for a one-time resubmission opportunity to correct a petition based on errors identified by the LEA, verify signatures after a good faith effort is made by the LEA to do so first, or submit additional signatures. The start date for a resubmitted petition shall be the date it is resubmitted. No rolling petitions shall be accepted by the LEA.

(c) At the time of submission the petitioners shall submit a separate document that identifies at least one but no more than five lead petitioners with their contact information.

(d) The role of lead petitioners is to assist and facilitate communication between the parents who have signed the petition and the LEA. The lead petitioner contacts shall not be authorized to make decisions for the petitioners or negotiate on behalf of the parents.

§ 4802.1 (a) An LEA must provide, in writing, to any persons who request it, information as to how the LEA intends to implement section 4800.1(g) as to any subject school and any normally matriculating elementary or middle schools, including providing enrollment data and the number of signatures that would be required pursuant to section 4802.1(e).

(b) Upon receipt of the petition, the LEA may make reasonable efforts to verify that the signatures on the petition can be counted consistent with these regulations. The LEA and matriculating LEAs shall use common verification documents that contain parent or guardian signatures to verify petition signatures such as emergency verification cards signed by all parents or guardians. In order to verify the enrollment of a pupil in a school that normally matriculates into the subject school, but is not within the jurisdiction of the LEA, an LEA may contact the school or the LEA of the school. The matriculating LEA or school shall provide information necessary to the subject school and LEA in order to assist in verifying signatures. An LEA shall not invalidate the signature of a parent or legal guardian of an eligible pupil on a minor technicality assuming the parent or legal guardian is entitled to sign it. The LEA and the matriculating LEA or school shall make a good faith effort to contact parents or guardians when a signature is not clearly identifiable including phone calls to the parent or guardian.

(c) If, on the date the petition is submitted, a school is identified pursuant to section 4800.1(k), it shall remain a subject school until final disposition of the petition by the LEA even if it thereafter ceases to meet the definition of a subject school, unless that school has exited federal Program Improvement and is at or over 800 on the Academic Performance Index.

(d) If a petition has sought only signatures of parents of pupils attending the subject school, then for purposes of calculating whether parents or legal guardians of at least one-half of pupils attending the subject school on the date the petition has been submitted have signed the petition, only those signatures of parents or legal guardians of pupils attending the subject school on the date the petition is submitted to the LEA shall be counted.

Section 4802.1
Verification of
petition signatures
and obligations of
the LEA

(e) If a petition has sought signatures of parents or legal guardians of pupils attending the subject school and the elementary or middle schools that normally matriculate into the subject school, then for purposes of calculating whether the parents or legal guardians of at least one-half of pupils attending the subject school and the elementary or middle schools that normally matriculate into the subject school on the date the petition has been submitted have signed the petition, only those signatures of parents or legal guardians of pupils attending the subject school and the parents or legal guardians of pupils attending the elementary or middle schools who would normally matriculate into the subject school at the time the petition is submitted to the LEA shall be counted. Where pupils attend elementary or middle schools that normally matriculate into more than one subject school, only those pupils attending the subject school and those pupils that normally matriculate, as defined in section 4800.1(g), into the subject school, shall be counted in calculating whether the parents or legal guardians of at least one-half of pupils attending the subject school and the elementary or middle schools that normally matriculate into the subject school on the date the petition has been submitted have signed the petition. There is no specified ratio required of signatures gathered at each school, rather the total ratio of signatures gathered must meet the one-half requirement.

(f) In connection with the petition, the LEA may only contact parents or legal guardians to verify eligible signatures on the petition. The identified lead petitioners for the petition shall be consulted to assist in contacting parents or legal guardians when the LEA fails to reach a parent or legal guardian.

(g) Upon receipt, the LEA may, within 40 calendar days, return the petition to the person designated as the contact person or persons as specified in section 4802(c), if the LEA determines any of the following:

(1) One half of the parents or legal guardians of pupils meeting the requirements of section 4801(a) have not signed the petition;

(2) The school named in the petition is not a subject school; or

(3) The petition does not substantially meet the requirements specified in section 4802. In such a case, the LEA shall immediately provide the contact person written notice of its reasons for returning the petition and its supporting findings.

(h) If the LEA finds that sufficient signatures cannot be verified by the LEA it shall immediately notify the lead petitioner contacts and provide the lead petitioner the names of those parents and legal guardians it cannot verify. The lead petitioner contacts shall be provided 60 calendar days to assist the LEA to verify the signatures. A number of methods may be used, including, but not limited to, an official notarization process or having the parent or guardian appear at the school or district office.

(i) If the LEA finds a discrepancy or problem with a submitted petition it shall notify the lead petition contacts in writing and request assistance and clarification prior to the final disposition of the petition. The LEA shall identify which signatures need verification, any errors found in the petition, or any need for further clarification regarding the petition.

(j) If the petition is returned pursuant to section 4802.1(g)(1), the same petition may be resubmitted to the LEA with verified signatures as long as no substantive changes are made to the petition. The petitioners shall be provided

one resubmission opportunity which must be completed within a window of 60 calendar days after the return of the petition pursuant to section 4802.1. This is the same window for verification of signatures and any corrections or additional signatures submitted pursuant to section 4802.1(h). The LEA shall have 25 calendar days to verify the resubmitted signatures, additional signatures or corrections to the petition. The resubmitted petition may not contain substantive changes or amendments. If substantive changes are made to the petition, it must be recirculated for signatures before it may be submitted to the LEA and it shall be deemed a new petition.

(k) If the LEA does not return the petition the LEA shall have 45 calendar days from the date the petition is received to reach a final disposition. The date may be extended by an additional 25 calendar days if the LEA and the person listed in section 4802(c) agree to the extension in writing.

(l) The LEA shall notify the SSPI and the SBE in writing within fifteen calendar days of its receipt of a petition and within five calendar days of the final disposition of the petition. The notice of final disposition shall state that the LEA will implement the recommended option or include the written finding stating the reason it cannot implement the specific recommended option and designating which of the other options it will implement and stating that the alternative option selected has substantial promise of enabling the school to make adequate yearly progress.

(m) If the number of schools identified in a petition and subject to an intervention by a final disposition will exceed the maximum of 75 schools pursuant to Education Code section 53302, and the SSPI and the SBE receive two or more notifications of final dispositions that agree to implement an intervention on the same day, the petition will be chosen by random selection.

§ 4802.2 (a) Except where specifically designated in this section, a charter school proposal submitted through a parent empowerment petition shall be subject to all the provisions of law that apply to other charter schools.

(b) Parents or legal guardians of pupils will only need to sign the parent empowerment petition to indicate their support for and willingness to enroll their children in the requested charter school. A separate petition for the establishment of a charter school will not need to be signed. The signatures to establish a charter school pursuant to Education Code sections 47605(a)(1) through (3) and 47605(b)(3) will not be required if the petition that requests that the subject school be reopened under a charter operator, charter management organization or education management organization otherwise meets all the requirements of Education Code section 53300.

(c) A petition that requests that the subject school be reopened under a specific charter school operator, charter management organization or education management organization may be circulated for signature with the proposed charter for the school. Upon receipt of the petition that requests a restart model as the intervention and includes a proposed charter, the LEA must follow the provisions of section 4802.1 and implement the option requested by the parents, unless, in a regularly scheduled public hearing, the LEA makes a finding in writing stating the reason it cannot implement the specific recommended option and instead designates in writing which of the other options described in Education

Code section 53300 it will implement. If a petition requests that the subject school be operated under a specific charter school operator, charter management organization or education management organization, and the LEA does not reject the petition pursuant to Section 4802.1(g), then the rigorous review process required by Education Code section 53300 and section 4804 shall be the review process and timelines set forth in Education Code section 47605(b), excepting 47605(b)(3).

(d) If a parent empowerment petition does not include the proposed charter but requests that the subject school be operated under a charter school operator, charter management organization or education management organization, and the LEA does not reject the petition pursuant to section 4802.1(g), then the LEA shall promptly notify the petitioners that it has adopted the restart model and give the petitioners the option to solicit charter proposals from charter school operators, charter management organizations and education management organizations and select a specific charter school operator or decline to do so.

(1) If the petitioners opt to solicit charter proposals and select a specific charter school operator, they must submit the proposed charter school operator to the LEA within 90 calendar days. Upon submittal of the charter proposal, the LEA shall conduct the rigorous review process required by Education Code section 53300 and section 4804, which shall be the review process and timelines set forth in Education Code section 47605(b) excepting 47605(b)(3).

(2) If the petitioners inform the LEA that they have declined the option to solicit charter proposals and select a charter school operator, the LEA shall, within 20 calendar days, solicit charter proposals from charter school operators, charter management organizations and education management organizations. Thereafter, the LEA shall select a charter school operator, charter management organization or education management organization, through the rigorous review process required by Education Code section 53300 and section 4804. The rigorous review process shall be the review process and timelines set forth in Education Code section 47605(b), excepting 47605(b)(3), and shall begin at the end of a solicitation period not to exceed 90 calendar days.

(e) If the parents petition for a restart option to operate the school under an educational management organization that is not a charter school, the LEA shall work in good faith to implement a contract with a provider selected by the parents. In the absence of parent selection of a specific provider, the LEA shall immediately solicit proposals from educational management organizations, and shall select an education management organization, through the rigorous review process required by Education Code section 53300 and section 4804 unless the LEA is unable to implement the option requested by the parents and shall implement one of the other options specified in Education Code section 53300.

Section 4803
Description of
intervention-
turnaround model

§ 4803 (a) A turnaround model is one in which an LEA must:

(1) Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;

(2) Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students:

(A) Screen all existing staff and rehire no more than 50 percent; and

- (B) Select new staff;
- (3) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
- (4) Provide staff with ongoing, high-quality, job-embedded professional development that is aligned with the school’s comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
- (5) Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new “turnaround office” in the LEA, hire a “turnaround leader” who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or State Educational Agency (SEA) to obtain added flexibility in exchange for greater accountability;
- (6) Use data to identify and implement an instructional program that is research-based and “vertically aligned” from one grade to the next as well as aligned with State academic standards;
- (7) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;
- (8) Establish schedules and implement strategies that provide increased learning time (as defined in the United States Department of Education notice published in the Federal Register at 74 Federal Register 59805 (Nov.18, 2009)); and
- (9) Provide appropriate social-emotional and community-oriented services and supports for students.

(b) A turnaround model may also implement other strategies such as:

- (1) Any of the required and permissible activities under the transformation model; or
- (2) A new school model (e.g., themed, dual language academy).

§ 4804 A restart model is one in which an LEA converts a school or closes and reopens a school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. (A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides “whole-school operation” services to an LEA.) A restart model must enroll, within the grades it serves, any former student who wishes to attend the school.

§ 4805 School closure occurs when an LEA closes a school and enrolls the students who attended that school in other schools in the LEA that are higher achieving. These other schools should be within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.

Section 4805
Description of
intervention-school
closure

§ 4806 A transformation model is one in which an LEA implements each of the following strategies:

Section 4806
Description of
intervention-

- (a) Developing and increasing teacher and school leader effectiveness.

transformation
model

- (1) Required activities. The LEA must:
 - (A) Replace the principal who led the school prior to commencement of the transformation model;
 - (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that:
 1. Take into account data on student growth (as defined in the United States Department of Education notice published in the Federal Register at 74 Federal Register 59806 (Nov. 18, 2009)) as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high-school graduations rates; and
 2. Are designed and developed with teacher and principal involvement.
 - (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - (D) Provide staff with ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.
- (2) Permissible activities. An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as:
 - (A) Providing additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - (B) Instituting a system for measuring changes in instructional practices resulting from professional development; or
 - (C) Ensuring that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.
- (b) Comprehensive instructional reform strategies.
 - (1) Required activities. The LEA must:
 - (A) Use data to identify and implement an instructional program that is research-based and "vertically aligned" from one grade to the next as well as aligned with State academic standards; and
 - (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
 - (2) Permissible activities. An LEA may also implement comprehensive instructional reform strategies, such as:
 - (A) Conducting periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement,

and is modified if ineffective;

(B) Implementing a school wide “response-to-intervention” model;

(C) Providing additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited-English-proficient students acquire language skills to master academic content;

(D) Using and integrating technology-based supports and interventions as part of the instructional program; and

(E) In secondary schools:

1. Increasing rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement or International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;

2. Improving student transition from middle to high school through summer transition programs or freshman academies;

3. Increasing graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or

4. Establishing early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.

(c) Increasing learning time and creating community-oriented schools.

(1) Required activities. The LEA must:

(A) Establish schedules and implement strategies that provide increased learning time (as defined in 74 Federal Register 59805 (Nov. 18, 2009)); and

(B) Provide ongoing mechanisms for family and community engagement.

(2) Permissible activities. An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as:

(A) Partnering with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students’ social, emotional, and health needs;

(B) Extending or restructuring the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;

(C) Implementing approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or

(D) Expanding the school program to offer full-day kindergarten or pre-kindergarten.

(d) Providing operational flexibility and sustained support.

(1) Required activities. The LEA must:

(A) Give the school sufficient operational flexibility (such as staffing, calendars/ time, and budgeting) to implement fully a comprehensive approach to

substantially improve student achievement outcomes and increase high school graduation rates; and

(B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the State Educational Agency (SEA), or a designated external lead partner organization (such as a school turnaround organization or an EMO).

(2) Permissible activities. The LEA may also implement other strategies for providing operational flexibility and intensive support, such as:

(A) Allowing the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or

(B) Implementing a per-pupil school-based budget formula that is weighted based on student needs.

Section 4807
Description of
intervention-
alternative
governance
arrangement

§ 4807 Alternative governance is one in which an LEA institutes any other major restructuring of the school's governance arrangement that makes fundamental reforms, such as significant changes in the school's staffing and governance, to improve student academic achievement in the school and that has substantial promise of enabling the school to make adequate yearly progress as defined in the State plan under Section 6311(b)(2) of the federal Elementary and Secondary Education Act.

Section 4808
Prospective effect
of regulations

§ 4808 The regulations in Article 1 are to apply prospectively. Any actions taken in reasonable reliance upon emergency regulations operative September 13, 2010 through June 13, 2011, are to be deemed in compliance with these regulations operative November 26, 2011.

(b) Maintain responsibility for the fiscal oversight of each school district in that county pursuant to the authority granted by the code.

bilities and general powers

(c)(1) Visit and examine each school in the county at reasonable intervals to observe its operation and to learn of its problems. The county superintendent of schools annually may present a report of the state of the schools in the county, and of the county office of education, including but not limited to operations from visiting the schools, to the board of education and the board of supervisors of the county.

(2)(A)(i) Commencing with the 2021-22 fiscal year, the Superintendent shall identify a list of schools, which shall include charter schools, for which the county superintendent or a designee, shall inspect annually, and about which the county superintendent, or a designee, shall submit an annual report, at a regularly scheduled November board meeting, to the governing board of each school district under the jurisdiction of the county superintendent, the county board of education of that county, and the board of supervisors of that county, that describes the state of the schools in the county. After the initial list is established in the 2021-22 fiscal year, the Superintendent shall identify the list of these schools again in the 2022-23 fiscal year, and then every three fiscal years thereafter, during the same fiscal year that schools are identified for comprehensive support and improvement or additional targeted support and improvement pursuant to the federal Every Student Succeeds Act (Public Law 114-95) or identified as low performing under the federal Elementary and Education Act of 1965 (Public Law 89-10) or any subsequent amendments to that act. Each list shall be established in accordance with clause (ii), and shall be used for inspections beginning the following fiscal year.

(ii) The list of schools pursuant to clause (i) shall be compiled as follows:

(I) The Superintendent shall include on the list of all schools identified for comprehensive support and improvement and additional targeted support and improvement pursuant to the federal Every Student Succeeds Act (Public Law 114-95) or identified as low performing under the federal Elementary and Secondary Education Act of 1965 (Public Law 89-10), or any subsequent amendments to that act. For the 2021-22 fiscal year and until a new list of federally identified schools is established, the Superintendent shall use the list of schools identified in the 2019-20 fiscal year for comprehensive support and improvement and for additional targeted support and improvement.

(II) The Superintendent shall include on the list of all schools where 15 percent or more of the teachers are holders of a permit or certificate, such as a temporary or short-term permit, a substitute permit, a waiver, an intern credential, or any other authorization that is lesser certification than a preliminary or clear California teaching credential.

(III) The list of schools compiled pursuant to clause (i) shall exclude alternative schools within the meaning of subdivision (d) of Section 52052 and other schools

accepted for participation in the Dashboard Alternative School Status program by the department.

(iii) The annual report shall include the determinations for each school made by the county superintendent, or the county superintendent's designee, regarding the status of all of the circumstances listed in subparagraph (E) and teacher misassignments and teacher vacancies, as described in Section 44258.9, and the county superintendent, or the county superintendent's designee, shall use a standardized template to report the circumstances listed in subparagraph (E) and the teacher misassignments and teacher vacancies, as described in Section 44258.9, unless the current annual report being used by the county superintendent, or the county superintendent's designee, already includes those details with the same level of specificity that is otherwise required by this subdivision.

(B) The county superintendent of the Counties of Alpine, Amador, Del Norte, Mariposa, Plumas, and Sierra, and the City and County of San Francisco shall contract with another county office of education or an independent auditor to conduct the required visits and make all reports required by this paragraph.

(C) On a quarterly basis, the county superintendent, or the county superintendent's designee, shall report the results of the visits and reviews conducted that quarter to the governing board of the school district at the regularly scheduled meeting held in accordance with public notification requirements. The results of the visits and reviews shall include the determinations of the county superintendent, or the county superintendent's designee, for each school regarding the status of all of the circumstances listed in subparagraph (E) and teacher misassignments and teacher vacancies, as described in Section 44258.9. If the county superintendent, or the county superintendent's designee, conducts no visits or reviews in a quarter, the quarterly report shall report that fact.

(D) The visits made pursuant to this paragraph shall be conducted at least annually and shall meet the following criteria:

(i) Minimize disruption to the operation of the school.

(ii) Be performed by individuals who meet the requirements of Section 45125.1.

(iii) Consist of not less than 25 percent unannounced visits in each county. During unannounced visits in each county, the county superintendent shall not demand access to documents or specific school personnel. Unannounced visits shall only be used to observe the condition of school repair and maintenance, and the sufficiency of instructional materials, as defined by Section 60119.

(E) The priority objective of the visits made pursuant to this paragraph shall be to determine the status of all of the following circumstances:

(i) Sufficient textbooks, as defined in Section 60119 and as specified in subdivision (i).

(ii) The condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff, as described in school district policy or paragraph (1) of subdivision (c) of Section 17592.72.

(iii) The accuracy of data reported on the school accountability report card with respect to the availability of sufficient textbooks and instructional materials, as defined by Section 60119, and the safety, cleanliness, and adequacy of school facilities, including good repair, as required by Sections 17014, 17032.5, 17070.75, and 17089.

(F) The county superintendent may make the status determinations described in subparagraph (E) during a single visit or multiple visits. In determining whether

to make a single visit or multiple visits for this purpose, the county superintendent shall take into consideration factors such as cost-effectiveness, disruption to the schoolsite, deadlines, and the availability of qualified reviewers.

(G) If the county superintendent determines that the condition of a facility poses an emergency or urgent threat to the health or safety of pupils or staff as described in school district policy or paragraph (1) of subdivision (c) of Section 17592.72, or is not in good repair, as specified in subdivision (d) of Section 17002 and required by Sections 17014, 17032.5, 17070.75, and 17089, the county superintendent, among other things, may do any of the following:

(i) Return to the school to verify repairs.

(ii) Prepare a report that specifically identifies and documents the areas or instances of noncompliance if the school district has not provided evidence of successful repairs within 30 days of the visit of the county superintendent or, for major projects, has not provided evidence that the repairs will be conducted in a timely manner. The report may be provided to the governing board of the school district. If the report is provided to the school district, it shall be presented at a regularly scheduled meeting held in accordance with public notification requirements. The county superintendent shall post the report on the internet website of the county superintendent. The report shall be removed from the internet website when the county superintendent verifies the repairs have been completed.

(d) Distribute all laws, reports, circulars, instructions, and blanks that the county superintendent may receive for the use of the school officers.

(e) Annually, on or before September 15, present a report to the governing board of the school district and the Superintendent regarding the fiscal solvency of a school district with a disapproved budget, qualified interim certification, or a negative interim certification, or that is determined to be in a position of fiscal uncertainty pursuant to Section 42127.6.

(f) Keep in the office of the county superintendent the reports of the Superintendent.

(g) Keep a record of the official acts of the county superintendent and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of an applicant or an authorized agent of the applicant.

(h) Enforce the course of study.

(i) (1) Enforce the use of state textbooks and instructional materials and of high school textbooks and instructional materials regularly adopted by the proper authority in accordance with Section 51050.

(2) For purposes of this subdivision, sufficient textbooks or instructional materials has the same meaning as in subdivision (c) of Section 60119.

(3) (A) Commencing with the 2022–23 school year, if a school is identified as specified in subparagraph (A) of paragraph (2) of subdivision (c), the county superintendent specifically shall review that school at least annually as a priority school. A review conducted for purposes of this paragraph shall be completed by the fourth week of the school year.

(B) In order to facilitate the review of instructional materials before the fourth week of the school year, the county superintendent in a county with 200 or more schools that are identified as specified in subparagraph (A) of paragraph (2) of subdivision (c) may use a combination of visits and written surveys of teachers

for the purpose of determining sufficiency of textbooks and instructional materials in accordance with subparagraph (A) of paragraph (1) of subdivision (a) of Section 60119 and as defined in subdivision (c) of Section 60119. If a county superintendent elects to conduct written surveys of teachers, the county superintendent shall visit the schools surveyed within the same academic year to verify the accuracy of the information reported on the surveys. If a county superintendent surveys teachers at a school in which the county superintendent has found sufficient textbooks and instructional materials for the previous two consecutive years and determines that the school does not have sufficient textbooks or instructional materials, the county superintendent shall, within 10 business days, provide a copy of the insufficiency report to the school district as set forth in paragraph (4).

(C) For purposes of this paragraph, “written surveys” may include paper and electronic or online surveys.

(4) If the county superintendent of schools determines that a school does not have sufficient textbooks or instructional materials in accordance with subparagraph (A) of paragraph (1) of subdivision (a) of Section 60119 and as defined by subdivision (c) of Section 60119, the county superintendent shall do all of the following:

(A) Prepare a report that specifically identifies and documents the areas or instances of noncompliance.

(B) Provide within five business days of the review, a copy of the report to the school district, as provided in subdivision (c), or, if applicable, provide a copy of the report to the school district within 10 business days pursuant to subparagraph (B) of paragraph (3).

(C) Provide the school district with the opportunity to remedy the deficiency. The county superintendent shall ensure that the deficiency is remedied no later than the second month of the school term.

(D) If the deficiency is not remedied as required pursuant to subparagraph (C), the county superintendent shall request the department to purchase the textbooks or instructional materials necessary to comply with the sufficiency requirement of this subdivision. If the department purchases textbooks or instructional materials for the school district, the department shall issue a public statement at the first regularly scheduled meeting of the state board occurring immediately after the department receives the request of the county superintendent and that meets the applicable public notice requirements, indicating that the district superintendent and the governing board of the school district failed to provide pupils with sufficient textbooks or instructional materials as required by this subdivision.

Before purchasing the textbooks or instructional materials, the department shall consult with the school district to determine which textbooks or instructional materials to purchase. The amount of funds necessary for the purchase of the textbooks and materials is a loan to the school district receiving the textbooks or instructional materials. Unless the school district repays the amount owed based upon an agreed-upon repayment schedule with the Superintendent, the Superintendent shall notify the Controller and the Controller shall deduct an amount equal to the total amount used to purchase the textbooks and materials from the next principal apportionment of the school district or from another apportionment of state funds.

(j) Preserve carefully all reports of school officers and teachers.

(k) Deliver to county superintendent's successor, at the close of the county superintendent's official term, all records, books, documents, and papers belonging to the office, taking a receipt for them, which shall be filed with the department.

(l) (1) Submit two reports during the fiscal year to the county board of education in accordance with the following:

(A) The first report shall cover the financial and budgetary status of the county office of education for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be reviewed by the county board of education and approved by the county superintendent no later than 45 days after the close of the period being reported.

(B) As part of each report, the county superintendent shall certify in writing whether or not the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for two subsequent fiscal years. The certifications shall be classified as positive, qualified, or negative, pursuant to standards prescribed by the Superintendent, for purposes of determining subsequent state agency actions pursuant to Section 1240.1. For purposes of this subdivision, a negative certification shall be assigned to a county office of education that, based upon current projections, will not meet its financial obligations for the remainder of the fiscal year or for the subsequent fiscal year. A qualified certification shall be assigned to a county office of education that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification shall be assigned to a county office of education that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. In accordance with those standards, the Superintendent may reclassify a certification. If a county office of education receives a negative certification, the Superintendent, or the Superintendent's designee, may exercise the authority set forth in subdivision (d) of Section 1630. Copies of each certification, and of the report containing that certification, shall be sent to the Superintendent at the time the certification is submitted to the county board of education. Copies of each qualified or negative certification and the report containing that certification shall be sent to the Controller at the time the certification is submitted to the county board of education.

(2) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent, and shall be based on standards and criteria for fiscal stability adopted by the state board pursuant to Section 33127. The reports and supporting data shall be made available by the county superintendent to an interested party upon request.

(3) This subdivision does not preclude the submission of additional budgetary or financial reports by the county superintendent to the county board of education or to the Superintendent.

(4) The county superintendent is not responsible for the fiscal oversight of the community colleges in the county, however, the county superintendent may perform financial services on behalf of those community colleges.

(5) A county office of education having a negative or qualified certification, or classified as qualified or negative by the Superintendent, shall continue to be classified as qualified or negative until the next report required under this subdivision is filed.

(m) If requested, act as agent for the purchase of supplies for the city and high school districts of that county.

(n) For purposes of Section 44421.5, report to the Commission on Teacher Credentialing the identity of a certificated person who knowingly and willingly reports false fiscal expenditure data relative to the conduct of an educational program. This requirement applies only if, in the course of normal duties, the county superintendent discovers information that gives the county superintendent reasonable cause to believe that false fiscal expenditure data relative to the conduct of an educational program has been reported.

(o) If any activities authorized pursuant to this section are found to be a state reimbursable mandate pursuant to Section 6 of Article XIII B of the California Constitution, funding provided for school districts and county offices of education pursuant to Sections 2574, 2575, 42238.02, and 42238.03 shall be used to directly offset any mandated costs.

Section 1241.5
Audits by county
superintendent

§ 1241.5 (a) At any time during a fiscal year, the county superintendent may audit the expenditures and internal controls of school districts he or she determines to be fiscally accountable, and shall conduct this audit in a timely and efficient manner. The county superintendent shall report the findings and recommendation to the governing board of the district within 45 days of completing the audit. The governing board shall, no later than 15 days after receipt of the report, notify the county superintendent of schools of its proposed actions on the county superintendent's recommendation. Upon review of the governing board report, the county superintendent, at his or her discretion, may revoke the authority for the district to be fiscally accountable pursuant to Section 42650.

(b) At any time during a fiscal year, the county superintendent may review or audit the expenditures and internal controls of any school district in his or her county if he or she has reason to believe that fraud, misappropriation of funds, or other illegal fiscal practices have occurred that merit examination. The review or audit conducted by the county superintendent shall be focused on the alleged fraud, misappropriation of funds, or other illegal fiscal practices and shall be conducted in a timely and efficient manner. The county superintendent shall report the findings and recommendations to the governing board of the school district at a regularly scheduled school district board meeting within 45 days of completing the review, audit, or examination. The governing board of the school district shall, no later than 15 calendar days after receipt of the report, notify the county superintendent of its proposed actions on the county superintendent's recommendations. Upon review of the school district governing board report, the county superintendent, at his or her discretion, and consistent with law, may disapprove an order for payment of funds consistent with Section 42638.

(c) At any time during a fiscal year, the county superintendent may review or audit the expenditures and internal controls of any charter school in his or her county if he or she has reason to believe that fraud, misappropriation of funds, or other illegal fiscal practices have occurred that merit examination. The review or audit conducted by the county superintendent shall be focused on the alleged fraud, misappropriation of funds, or other illegal fiscal practices and shall be conducted in a timely and efficient manner. The county superintendent shall report the findings and recommendations to the governing board of the charter school at a regularly scheduled meeting, and provide a copy of the information to the chartering authority of the charter school, within 45 days of completing the review, audit, or examination. The governing board of the charter school shall, no later

than 15 calendar days after receipt of the report, notify the county superintendent and its chartering authority of its proposed response to the recommendations.

L. CHARTER SCHOOL PROGRAMS, California Code of Regulations, Title 5

CHAPTER 1 - REGULAR AVERAGE DAILY ATTENDANCE

Section 11960

§ 11960 (a) As used in Education Code section 47612, “attendance” means the attendance of charter school pupils while engaged in educational activities required of them by their charter schools, on days when school is actually taught in their charter schools. “Regular average daily attendance” shall be computed by dividing a charter school’s total number of pupil-days of attendance by the number of calendar days on which school was actually taught in the charter school. For purposes of determining a charter school’s total number of pupil-days of attendance, no pupil may generate more than one day of attendance in a calendar day.

Section 11960
Average daily attendance

(b) The State Superintendent of Public Instruction shall proportionately reduce the amount of funding that would otherwise have been apportioned to a charter school on the basis of average daily attendance for a fiscal year, if school was actually taught in the charter school on fewer than 175 calendar days during that fiscal year.

(c)(1) Beginning in 2004-05, a pupil who is over the age of 19 years may generate attendance for apportionment purposes in a charter school only if both of the following conditions are met:

(A) The pupil was enrolled in a public school in pursuit of a high school diploma (or, if a student in special education, an individualized education program (IEP)) while 19 years of age and, without a break in public school enrollment since that time, is enrolled in the charter school and is making satisfactory progress towards award of a high school diploma (or, if a student in special education, satisfactory progress in keeping with an IEP) consistent with the definition of satisfactory progress set forth in subdivision (h) of section 11965.

(B) The pupil is not over the age of 22 years.

(2) This subdivision shall not apply to a charter school program specified in Education Code section 47612.1. A charter school program as specified in Education Code section 47612.1 may be either:

(A) the whole of a charter school, if the school has an exclusive partnership agreement with one or more of the programs specified in Education Code section 47612.1 and serves no other pupils; or

(B) an instructional program operated by a charter school that is exclusively dedicated to pupils who are also participating in one of the programs specified in Education Code section 47612.1, provided that arrangement is set forth in an exclusive partnership agreement between the charter school and one or more of the programs specified in Education Code section 47612.1.

(d) No individual who is ineligible to generate attendance for apportionment purposes in a charter school pursuant to subdivision (c) may be claimed as regular attendance for apportionment purposes by a local education agency that is authorized by law to grant charters. This subdivision shall not apply to claims

other than claims for regular attendance for apportionment purposes.

(1) The charter school’s pupils are engaged in educational activities required of those pupils, and the pupils are under the immediate supervision and control of an employee of the charter school who is authorized to provide instruction to the pupils within the meaning of Education Code section 47605(1).

(2) At least 80 percent of the instructional time offered at the charter school is at the schoolsite.

(3) The charter school’s schoolsite is a facility that is used principally for classroom instruction.

(4) The charter school requires its pupils to be in attendance at the schoolsite at least 80 percent of the minimum instructional time required pursuant to Education Code section 47612.5(a)(1).

(b) The requirement to be “at the schoolsite” is satisfied if either of the following conditions is met.

(1) The facility in which the pupils receive instruction is:

(A) Owned, rented, or leased by the charter school principally for classroom instruction;

Section 11963
Definition of

determination

(B) Provided to the charter school by a school district pursuant to Education Code section 47614 principally for classroom instruction; or

(C) Provided to the charter school free-of-charge principally for classroom instruction pursuant to a written agreement.

When not being used by the charter school for classroom instruction, the facility may be rented, leased, or allowed to be used for other purposes (e.g., for evening adult classes not offered by the charter school, local theater productions, or community meetings) and still be deemed to be principally for classroom instruction.

(2) The charter school facility meets the criteria in paragraph (1) of subdivision (b) and the pupils are on a field trip during which the pupils remain under the immediate supervision and control of the employee of the charter school and are carrying out an educational activity required of the pupils.

(c) The requirement to be “at the schoolsite” is not satisfied if the pupils are in a personal residence (i.e., a dwelling), even if space in the residence is set aside and dedicated to instructional purposes and/or the charter school rents or leases space in the residence for the provision of instruction. As used in this subdivision, a personal residence shall not include a facility that is licensed by a state or local government agency to operate as a facility in which pupils not related to the facility’s owners are provided custodial care and supervision (e.g., a licensed children’s institution or a boarding school).

(d) The definitions in this section are solely for the purpose of determining if a charter school must submit a determination of funding request pursuant to Education Code section 47634.2.

Section 11963.1
Non-classroom-
based instruction
in charter schools

§ 11963.1 This article does not change the requirement that nonclassroom-based instruction in charter schools comply with the provisions of Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 of the Education Code.

Section 11963.2
Average daily
attendance for
non-classroom-
based instruction
in charter schools

§ 11963.2 (a) A charter school may receive funding for nonclassroom-based instruction only if a determination of funding is made pursuant to Education Code section 47634.2. A determination of funding is a specific percentage approved by the State Board of Education for each affected charter school by which the charter school’s reported nonclassroom-based average daily attendance must be adjusted by the Superintendent of Public Instruction prior to the apportioning of funds based upon that average daily attendance. A determination of funding shall only be approved by the State Board for a charter school if the charter school has submitted a request.

(b) A determination of funding request approved by the State Board of Education shall be 70 percent, unless a greater or lesser percentage is determined appropriate by the State Board of Education in accordance with section 11963.4. In no case shall an approved determination of funding exceed 100 percent.

Section 11963.3
Determination
of funding
request forms and
calculations

§ 11963.3 (a) For purposes of submitting a determination of funding request, the California Department of Education shall issue a form or set of forms to collect the information specified in this subdivision. Unless otherwise indicated, charter schools submitting a determination of funding request shall complete the form or forms in accordance with the definitions used in the 2005 edition of the California School Accounting Manual (which can be obtained from the

California Department of Education web site at: <http://www.cde.ca.gov/fg/ac/sa>). The form or forms shall be developed by the California Department of Education in consultation with the Advisory Commission on Charter Schools. The form or forms shall include all of the following and, to the extent the form or forms include more than the following, the form or forms shall require the approval of the State Board of Education and comply with applicable provisions of the Administrative Procedure Act.

(1) The name, charter number, authorizing entity, address, contact name and title, telephone number, fax number, and email address, if any, for the charter school.

(2) The percentage requested by the school as its determination of funding.

3. Supervisorial oversight fees charged by the chartering authority.

4. Other expenditures not reported elsewhere, such as those for community services and enterprise activities and cumulative administrative overhead from

related party transactions.

(E) Other outgo and other uses, including debt service payments and transfers.

Reserves in excess of the greater of fifty-thousand dollars or five percent of total expenditures may be allowed for economic uncertainties or long-term expenditures such as capital projects if the excess reserves are satisfactorily explained pursuant to section 11963.4(b).

(6) For charter schools that did not operate in the prior fiscal year, the revenue and expenditure information required in paragraph (5) shall be provided using reasonable estimates of current-year annualized revenues and expenditures.

(b) In addition to the form or forms prescribed pursuant to subdivision (a), a complete determination of funding request shall also include the following information. Only a determination of funding request that is complete may be acted upon by the State Board of Education.

(1) A certification signed by the charter school's director, principal, or governing board chairperson of the following:

(A) That the information provided is true and correct to the best of the ability and knowledge of the individual authorized to do so by the charter school's governing board.

(B) That the charter school's nonclassroom-based instruction is conducted for and substantially dedicated to the instructional benefit of the school's students.

(3) A listing of entities that received in the previous fiscal year (or will receive in the current fiscal year) \$50,000 or more or 10 percent or more of the charter school's total expenditures identified pursuant to subparagraphs (B), (C), (D), and (E) of paragraph (5) of subdivision (a), the amount received by each entity; whether each of the contract payments is based on specific services rendered or upon an amount per unit of average daily attendance or some other percentage; and an identification of which entities, if any, have contract payments based on a per unit average daily attendance amount or some other percentage.

(4) An identification of the members comprising the charter school's governing board (i.e., parent, teacher, etc.) and a description of how those members were selected; whether the governing board has adopted and implemented conflict of interest policies and procedures; and whether any of the governing board members are affiliated in any way with any of the entities reported pursuant to paragraph (3) and if so, how.

(5) An explanation of all transfers reported pursuant to subparagraph (E) of paragraph (5) of subdivision (a).

(6) A list and the amount of each of the other reserves reported pursuant to subparagraph (F) of paragraph (5) of subdivision (a).

(7) To the extent that a charter school desires to have facility costs considered as an instructional cost, the total annual facility-related and operational cost, total facility square footage occupied by the charter school, total classroom-based average daily attendance (if applicable) as reported at the prior-year second principal apportionment, and the total student hours attended by nonclassroom-based pupils at the school site shall be provided.

(8) The number of full-time equivalent employees who possess a valid teaching certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold issued by the Commission on Teacher Credentialing and who work in the charter school in a position required to provide direct instruction or direct instructional support to students. For purposes of these regulations, “direct instructional support” includes, but is not limited to, activities that are directly related to student instruction that are performed by qualified certificated persons such as curriculum coordinators, individualized education plan coordinators, librarians, counselors, psychologists, and nurses.

(c) The California Department of Education shall perform the following using the resource and expenditure data provided pursuant to subdivision (a).

(1) A calculation showing the charter school’s total expenditures for salaries and benefits for all employees who possess a valid teaching certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold issued by the Commission on Teacher Credentialing (and who work in the charter school in a position required to provide direct instruction or direct instructional support to students) as a percentage of the school’s total public revenues. For the purposes of this subdivision:

(A) “Employees” shall include special education teachers who possess a valid teaching certificate, permit, or other document equivalent to that which special education teachers in non-charter public schools would be required to hold issued by the Commission on Teacher Credentialing, and who provide direct instruction or direct instructional support to pupils of the charter school pursuant to a contract with a public or private entity.

(B) “Employees” shall include individuals who possess a valid certificate, permit, or other document equivalent to that which the individuals would be required to possess in a non-charter public school, issued by the Commission on Teacher Credentialing, and who are employed by a local education agency (LEA), provided all of the following conditions are met: the LEA is the employer of all the charter school’s staff; the governing board of the LEA is the governing authority for the charter school (i.e., the charter school is not a corporate entity separate from the LEA); and the LEA’s employees are assigned exclusively to work at the charter school providing direct instruction or direct instructional support to students or, to the extent that the LEA’s employees are assigned to work at the charter school on a part-time basis, the charter school pays for the services rendered by the employee providing direct instruction or direct instructional support to students on a documented, fee-for-service basis and not, for example, on the basis of a fixed annual amount, fixed percentage of average daily attendance revenue, or other basis that is not related to documented services actually rendered to the

charter school. Under no circumstances shall certificated employees of an LEA be considered employees of a charter school for purposes of this subparagraph unless the charter school pays for the services rendered by the LEA's employees on a documented, fee-for-service basis.

(C) For purposes of this section, "employee" also means qualified persons that provide direct instruction or direct instructional support, that are hired directly by the charter school through an employment services contract based on a documented, fee-for-service basis.

(D) The school's total public revenue is based on the amounts reported pursuant to subparagraph (A) of paragraph (5) of subdivision (a) and equals the sum of: all federal revenue, less any Public Charter School Grant Program start-up, implementation, and dissemination grant funds; state revenue; and local revenue from in-lieu property taxes.

(2) A calculation showing the charter school's total expenditures on instruction and related services as a percentage of the school's total revenues. For the purposes of this subdivision, the school's total revenues do not include the ending balance from the prior fiscal year.

Section 11963.4
Evaluation of
funding for non-
classroom-based
instruction

§ 11963.4 (a) When a complete determination of funding request is received from a charter school, it shall be reviewed by the California Department of Education and presented to the Advisory Commission on Charter Schools, along with credible information pertaining to the request obtained from any other source. The Advisory Commission shall develop a recommendation pursuant to this section to the State Board of Education regarding the request, and that recommendation shall be presented to the State Board of Education by the California Department of Education. The following criteria shall guide the process of reviewing and developing a recommendation on the request. The California Department of Education shall report any difference of opinion between the California Department of Education and the Advisory Commission as to the recommendation presented to the State Board of Education.

(1) If the percentage calculated pursuant to paragraph (1) of subdivision (c) of section 11963.3 equals at least 35 percent but less than 40 percent, and the percentage calculated pursuant to paragraph (2) of subdivision (c) of section 11963.3 equals at least 60 percent but less than 70 percent, the Advisory Commission on Charter Schools shall recommend to the State Board of Education approval of the request at 70 percent, unless there is a reasonable basis to recommend otherwise. If the recommended percentage is lower than the requested percentage, the recommendation to the State Board shall include the reasons justifying the reduction and, if appropriate, describe how any deficiencies or problems may be addressed by the charter school.

(2) If the percentage calculated pursuant to paragraph (1) of subdivision (c) of section 11963.3 equals or exceeds 40 percent, and the percentage calculated pursuant to paragraph (2) of subdivision (c) of section 11963.3 equals at least 70 percent but less than 80 percent, the Advisory Commission on Charter Schools shall recommend to the State Board of Education approval of the request at 85 percent, unless there is a reasonable basis to recommend otherwise. The recommendation to the State Board shall include the reasons justifying a percentage that is greater than 70 percent and, if the recommended percentage is

lower than the requested percentage, the reasons justifying the reduction and, if appropriate, describe how any deficiencies or problems may be addressed by the charter school.

(3) If the percentage calculated pursuant to paragraph (1) of subdivision (c) of section 11963.3 equals or exceeds 40 percent, the percentage calculated pursuant to paragraph (2) of subdivision (c) of section 11963.3 equals or exceeds 80 percent, and the ratio of average daily attendance for independent study pupils to full-time certificated employees responsible for independent study does not exceed a pupil-teacher ratio of 25:1 or the equivalent ratio of pupils to full-time certificated employees for all other educational programs operated by the largest unified school district, as measured by average daily attendance, in the county or counties in which the charter school operates, the Advisory Commission on Charter Schools shall recommend to the State Board of Education approval of the request at 100 percent (i.e. full funding), unless there is a reasonable basis to recommend otherwise. If the recommended percentage is lower than the requested percentage, the recommendation to the State Board shall include the reasons justifying the reduction and, if appropriate, describe how any deficiencies or problems may be addressed by the charter school.

(4) If the percentage calculated pursuant to paragraph (1) of subdivision (c) of section 11963.3 is less than 35 percent, or the percentage calculated pursuant to paragraph (2) of subdivision (c) of section 11963.3 is less than 60 percent, then the charter school's nonclassroom-based instruction is not substantially dedicated to the instructional benefit of the students, and the Advisory Commission on Charter Schools shall recommend that the State Board of Education deny the request, unless there is a reasonable basis to recommend otherwise. The recommendation to the State Board shall include the reasons justifying the denial and, if appropriate, describe how any deficiencies or problems may be addressed by the charter school. Denial of a determination of funding request by the State Board of Education shall result in no funding being apportioned for average daily attendance identified by the charter school as being generated through nonclassroom-based instruction pursuant to Education Code section 47634.2(c).

(5) Any request for a funding determination received prior to the effective date of these regulations will be reviewed pursuant to the criteria in effect at the time of submittal.

(b) The Advisory Commission on Charter Schools and/or the California Department of Education may ask the charter school to provide additional information in order to make possible a more detailed review or to develop a reasonable basis for a recommendation other than those prescribed in subdivision (a). With the consent of the Superintendent of Public Instruction, the request for additional information shall be considered a reasonable inquiry to which the charter school must respond pursuant to Education Code section 47604.3.

(c) Any multi-year funding determination approved by the State Board of Education may be modified by the State Board of Education, in terms of both the multi-year approval and the percentage of funding authorized, if any information that may change the conclusion to approve the original multi-year funding determination is found.

(d) Prior to a recommendation by the Advisory Commission on Charter Schools

(that a determination of funding request be denied or approved at a percentage lower than that requested) being forwarded to the State Board of Education, the affected charter school shall be given thirty (30) calendar days in which to amend its determination of funding request and/or to provide additional information in support of the request. Based upon consideration of the amended request or any additional information that may be provided, the Advisory Commission may modify its recommendation to the State Board.

(e) A reasonable basis for the Advisory Commission on Charter Schools to make a recommendation other than one that results from the criteria specified in subdivision (a) may include, but not be limited to, the following: the information provided by the charter school pursuant to paragraphs (2) through (8), inclusive, of subdivision (b) of section 11963.3, documented data regarding individual circumstances of the charter school (e.g., one-time or unique or exceptional expenses for facilities, acquisition of a school bus, acquisition and installation of computer hardware not related to the instructional program, special education charges levied on the charter school by a local educational agency, restricted state, federal, or private grants of funds awarded to the charter school that cannot be expended for teacher salaries, or contracted instructional services other than those for special education), the size of the charter school, and how many years the charter school has been in operation. The Advisory Commission on Charter Schools shall give charter schools with less than a total of one hundred (100) units of prior year second period average daily attendance or that are in their first year of operation serious consideration of full funding.

Section 11963.5
Determination of
funding requests
for virtual or on-
line schools

§ 11963.5 A virtual or on-line charter school is one in which at least 80 percent of teaching and student interaction occurs via the Internet.

(a) A virtual or on-line nonclassroom-based charter school may receive approval of a funding determination with no maximum pupil-teacher ratio if the charter school has and maintains an 8 or above Academic Performance Index (API) rank in either its statewide or similar schools ranking and has no less than a 6 in the other of these two rankings.

(b) In order to be funded pursuant to (a) above, a virtual or on-line charter school, must demonstrate that:

(1) The school has met its overall and subgroup API growth targets.

(2) Instructional expenditures are at least 85 percent of the overall school budget. A substantial portion of these expenditures (at least 25 percent of the charter school's general purpose entitlement and categorical block grant as defined in Education Code section 47632), are spent on technology that directly benefits students and teachers and results in improved student achievement.

(3) Computer-based instruction and assessment is provided to each student and includes the use of an on-line instructional management program, which at a minimum includes standards-based guided lessons, lesson plans, initial testing of students, periodic assessment of student achievement, and the use of other measurements of student progress over a period of time.

(4) Teachers are provided with technology tools and print media, which at a minimum must include: standards-aligned instructional materials, computer, printer, monitor, Internet service, telephone, staff development that provides for the monitoring of student progress, and a means of electronic communication for

frequent student contact.

(5) All students are provided an individualized learning plan that is based on initial testing of the students and that is monitored either remotely or in person, by the teacher to evaluate student progress.

(6) All students are provided access to a computer, Internet service, printer, monitor, and standards-aligned materials based on State Board adopted academic content standards for each grade level and for each subject studied.

(7) All students eligible for special education supports and services receive those supports and services in accordance with their individualized education program.

(8) Charter school admission practices will not favor high performing students or recruit a student population that is of a higher socioeconomic group or lower racial or ethnic representation than the general population of the county or counties served. Admission practices not reflective of the county or counties served shall be cause for denial by the State Board of Education under this section.

§ 11963.6 (a) An approved determination of funding for a new charter school in its first year of operation shall be submitted by December 1 and shall be for two fiscal years. Within 90 days after the end of its first fiscal year of operation, a charter school shall submit unaudited actual expense reports and a funding determination form based on the school's actual second-year budget. If the Advisory Commission on Charter Schools determines that the actual expenditures of the charter school or the second year funding determination form do not support the funding determination for the second year, the Advisory Commission on Charter Schools shall recommend that the State Board of Education revise the funding determination.

(b) For the 2005-06 fiscal year only, a determination of funding request approved by the State Board of Education for any nonclassroom-based charter school that is not in its first year of operation shall be for the 2005-06 fiscal year and additionally a minimum of one year but a maximum of four years prospectively (for a total funding determination of not more than five years).

(c) Any determination of funding request approved by the State Board of Education for an existing nonclassroom-based charter school from the 2006-07 fiscal year forward shall be prospective (not for the current year), in increments of a minimum of two years and a maximum of five years in length. Beginning with the 2007-08 fiscal year, nonclassroom-based charter schools that had a funding determination in the prior year must submit a funding determination request by February 1 of the fiscal year prior to the year the funding determination will be effective, when a new request is required under these regulations.

(d) A determination of funding shall be subject to review each time a material change is made in the school's charter with respect to nonclassroom-based instruction, and may be subject to review each time the school's charter is renewed, and/or in accordance with any conditions the State Board of Education may impose at the time of the determination of funding request approval. A material change in the school's charter with respect to nonclassroom-based instruction is any significant change that affects the level of resources devoted to nonclassroom-based instruction, the courses to be offered through nonclassroom-based instruction, and/or the delivery of educational services to pupils receiving nonclassroom-based instruction. The charter school shall notify the California

Section 11963.6
Submission and
action for non-
classroom-based
instruction charter
school funding
requests

Department of Education no later than thirty (30) days after the material change is made.

(e) A charter school may submit a request for funding determination up to one year prior to the fiscal year in which the request will initially be effective. The State Board may grant the request for up to five years following the effective date of the request.

(f) Not more than 120 days following the receipt of a complete determination of funding request, the California Department of Education shall present the request and the recommendation of the Advisory Commission on Charter Schools to the State Board of Education in accordance with subdivision (a) of section 11963.4.

(g) If, during the effective period of a determination of funding, a charter school wishes to seek a higher or lower determination of funding, it shall do so by the filing of a new determination of funding request. During the effective period of a charter school's determination of funding, no more than one additional determination of funding request (which would replace the determination of funding then in effect) may be submitted by the charter school in the same fiscal year.

Section 11963.7
Termination of a determination of funding regarding non-classroom based instruction

§ 11963.7 Any multi-year funding determination approved by the State Board of Education may be modified by the State Board of Education, in terms of both the multi-year approval and the funding authorized.

The State Board of Education may terminate a determination of funding if updated or additional information requested by the California Department of Education and/or the Advisory Commission on Charter Schools is not made available by a charter school within thirty (30) calendar days or if credible information from any source supports termination. If the latter is the case, the charter schools shall be given thirty (30) calendar days prior to the termination of funding to provide additional information to support the school's determination of funding.

Sections 11965-11968

CHAPTER 4 - RENEWALS, APPEALS & STATEWIDE BENEFIT CHARTER SCHOOLS

Section 11965
Definitions

§ 11965 For the purposes of Articles 1, 2 and 2.5, the following definitions shall apply:

(a) "Chartering authority" means the entity that grants a school's charter and includes the following:

(1) "County chartering authority" means a county board of education that has granted a school's charter. In making specific the provisions of Education Code section 47607(i)(1), these regulations use the term "county chartering authority" where Education Code section 47607(i)(1) uses the term "county office of education."

(2) "District chartering authority" means the governing board of a school district that has granted a school's charter. In making specific the provisions of Education Code section 47607(i)(1), these regulations use the term "district chartering authority" where Education Code section 47607(i)(1) uses the term "school district."

(3) "State chartering authority" is the State Board of Education (SBE) when the SBE has granted a school's charter. The SBE acts as a state chartering authority when it approves the operation of a charter school that has been denied by a local educational agency (LEA) and when it approves the operation of a state charter school pursuant to

Education Code section 47605.8.

(b) “Final Decision” means the final written decision of the chartering authority to either revoke or decline to revoke a school’s charter.

(c) “Notice of Appeal” means a written document notifying the county board of education or the SBE, as appropriate, that the charter school’s governing body as described in the school’s charter, or the district chartering authority is appealing the decision to revoke or reverse the revocation of a school’s charter.

(d) “Notice of Intent to Revoke” means the written notice of a chartering authority’s decision to pursue revocation of a school’s charter due to the charter school’s failure to remedy one or more violations identified in the Notice(s) of Violation. This notice shall identify all of the following:

(1) All evidence relied upon by the chartering authority in determining that the charter school failed to remedy a violation pursuant to this section;

(2) The date and time at which the chartering authority will hold a public hearing concerning revocation, which shall be held no more than 30 calendar days after the chartering authority issues this notice.

(e) “Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety” means the written notice of a chartering authority’s decision to revoke a school’s charter due to a severe and imminent threat to the health or safety of the pupils. This notice shall identify all of the following:

(1) The location of the facility;

(2) The provisions of Education Code section 47607(f) that the charter school has violated and a description of the emergency or urgent conditions that have resulted from this violation;

(3) A description of how the condition(s) identified in subdivision (2) severely and imminently threatens the health or safety of pupils.

(4) For purposes of this article, “a severe and imminent threat to pupil health or safety” occurs when a charter school’s structures, systems or practices are in a condition that poses a severe and imminent threat to the health or safety of pupils while at school, and where the charter school has made no reasonable attempt to remedy the condition or no remedy exists to cure the condition.

(5) For purposes of this article, “a severe and imminent threat to pupil health or safety” does not include any cosmetic or nonessential repairs or severe threats for which the school has initiated corrective action and has removed the pupils from any immediate danger.

(f) “Notice of Violation” means the written notice of a chartering authority’s identification of one or more specific alleged violations by the charter school based on the grounds for revocation specified in Education Code section 47607(f). This notice shall identify all of the following:

(1) The charter school’s alleged specific material violation of a condition, standard, or procedure set out in the school’s charter pursuant to Education Code section 47607(f)(1); the specific pupil outcome(s) identified in the school’s charter that the charter school allegedly failed to meet or pursue pursuant to Education Code section 47607(f)(2); the charter school’s alleged fiscal mismanagement or specific failure to follow generally accepted accounting principles pursuant to Education Code section 47607(f)(3); or the specific provision(s) of law that the charter school allegedly failed to follow pursuant to Education Code section 47607(f)(4), as appropriate.

(2) All evidence relied upon by the chartering authority in determining the charter school engaged in any of the acts or omissions identified in subdivision (f)(1) including the date and duration of the alleged violation(s), showing the violation(s) is/are both material and uncured, and that the alleged violation(s) occurred within a reasonable period of time before a notice of violation is issued; and

(3) The period of time that the chartering authority has concluded is a reasonable period of time for the charter school to remedy or refute the identified violation(s). In identifying the time period that will serve as the charter school's reasonable opportunity to remedy the identified violation(s), the chartering authority shall consider the amount of time reasonably necessary to remedy each identified violation, which may include the charter school's estimation as to the anticipated remediation time.

(g) "Private school" as that term is used in Education Code section 47602(b) means a school that meets the requirements set forth in Education Code sections 48222 and 48223.

(h) For each charter school, "satisfactory progress," as that term is used in Education Code section 47612, means uninterrupted progress (1) towards completion, with passing grades, of the substance of the course of study that is required for graduation from a non-charter comprehensive high school of the school district that authorized the charter school's charter, that the pupil has not yet completed, (2) at a rate that is at least adequate to allow the pupil to successfully complete, through full-time attendance, all of that uncompleted coursework within the aggregate amount of time assigned by the chartering agency for the study of that particular quantity of coursework within its standard academic schedule. If the chartering authority is not a school district having at least one non-charter comprehensive high school, the applicable high school graduation requirements and associated time assignments shall be those for the comprehensive high school(s) of the largest unified school district, as measured by average daily attendance, in the county or counties in which the charter school operates.

For individuals with exceptional needs, as defined in Education Code section 56026, "satisfactory progress," as that term is used in Education Code section 47612, means uninterrupted maintenance of progress towards meeting the goals and benchmarks or short-term objectives specified in his or her individualized education program made pursuant to 20 U.S.C. Section 1414(d) until high school graduation requirements have been met, or until the pupil reaches an age at which special education services are no longer required by law.

(i) "School's charter" is the document approved by the chartering authority, including any material revisions that have been approved by the chartering authority.

(j) "Statewide benefit charter" is a charter school authorized by the SBE to operate at multiple sites throughout the state pursuant to Education Code section 47605.8. In making specific the provisions of Education Code section 47605.8, these regulations use the term "statewide benefit charter" where Education Code section 47605.8 uses the term "state charter school."

 - (c) If within 60 days of its receipt of a petition for renewal, a district governing board has not made a written factual finding as mandated by Education Code section 47605(b), the absence of written factual findings shall be deemed an approval of the petition for renewal.
 - (1) The district governing board and charter petitioner may extend this date by an additional 30 days only by written mutual agreement.

§ 11966.5 (a) When the governing board of a school district denies a charter school's petition for renewal, the charter school may submit a petition for renewal to the county board of education not later than 30 calendar days after the district governing board makes its written factual findings. (SBE)

(4) A description of any changes to the renewal petition necessary to reflect the SBE as the chartering entity.

(c)(1) When considering a petition for renewal, the SBE shall consider the past

(2) The SBE may deny a petition for renewal of a charter school only if the SBE makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the grounds for denial set forth in Education Code section 47605(b) or failure to meet one of the criteria set forth in Education Code section 47607(b).

§ 11967 (a) A charter school petition that has been previously denied by the governing board of a school district must be received by the county board of education not later than 180 calendar days after the denial. (d) If within 60 days of a county board of education's receipt of a petition appealing the denial to establish a charter school, the county board of education does not grant or deny the petition for the establishment of a charter school, the charter school may submit the petition for the establishment of a charter school to the SBE. The county board of education and charter petitioner may extend this date by an additional 30 days only by written mutual agreement.

(e) If, within 120 days of the SBE's receipt of a petition appealing the denial to establish a charter school, the SBE does not grant or deny the charter petition, the decision of the governing board of the school district to deny the petition is subject to judicial review. The SBE and the charter petitioner may extend this date by an additional 30 days only by written mutual agreement.

(f) In considering charter petitions that have been previously denied, the county board of education or SBE are not limited to a review based solely on the reasons for denial stated by the school district, but must review the charter school petition pursuant to Education Code section 47605(c).

§ 11967.5 The State Board of Education shall utilize the criteria set forth in

Section 11967
Appeals of petitions
for the establishment
of a charter school
that have been
denied

Section 11967.5

SBE review and approval of charter school petition

Section 11967.5.1. in reviewing the elements of a charter petition submitted for its approval in accordance with the provisions of Education Code section 47605(c) and (k). The purpose of the criteria is to convey to charter petitioners the State Board of Education's understanding of the meaning of the elements specified in Education Code section 47605(c), or otherwise to convey essential information about the elements. The criteria are intended to require no charter provisions in excess of those that the State Board of Education believes necessary to determine whether each element specified in Education Code section 47605(c) has been satisfactorily addressed. Where the criteria call for judgments to be made, the judgments will be made in such a manner as to be reasonable, rational, and fair to the petitioners and other parties potentially affected by the chartering of the school by the State Board of Education.

Section 11967.5.1 SBE approval criteria for charter school petitions and renewals

§ 11967.5.1 (a) For purposes of Education Code section 47605(c), a charter petition shall be "consistent with sound educational practice" if, in the SBE's judgment, it is likely to be of educational benefit to pupils who attend. A charter school need not be designed or intended to meet the educational needs of every student who might possibly seek to enroll in order for the charter to be granted by the SBE.

Unsound program

(b) For purposes of Education Code section 47605(c)(1), a charter petition shall be "an unsound educational program" if it is any of the following:

- (1) A program that involves activities that the SBE determines would present the likelihood of physical, educational, or psychological harm to the affected pupils.
- (2) A program that the SBE determines not to be likely to be of educational benefit to the pupils who attend.

Likelihood of success

(c) For purposes of Education Code section 47605(c)(2), the SBE shall take the following factors into consideration in determining whether charter petitioners are "demonstrably unlikely to successfully implement the program."

- (1) If the petitioners have a past history of involvement in charter schools or other education agencies (public or private), the history is one that the SBE regards as unsuccessful, e.g., the petitioners have been associated with a charter school of which the charter has been revoked or a private school that has ceased operation for reasons within the petitioners' control.
- (2) The petitioners are unfamiliar in the SBE's judgment with the content of the petition or the requirements of law that would apply to the proposed charter school.
- (3) The petitioners have presented an unrealistic financial and operational plan for the proposed charter school. An unrealistic financial and operational plan is one to which any or all of the following applies:
 - (A) In the area of administrative services, the charter or supporting documents do not adequately:
 1. Describe the structure for providing administrative services, including, at a minimum, personnel transactions, accounting and payroll that reflects an understanding of school business practices and expertise to carry out the necessary administrative services, or a reasonable plan and time line to develop and assemble such practices and expertise.
 2. For any contract services, describe criteria for the selection of a contractor or contractors that demonstrate necessary expertise and the procedure for selection of the contractor or contractors.

(B) In the area of financial administration, the charter or supporting documents do not adequately:

1. Include, at a minimum, the first-year operational budget, start-up costs, and cash flow, and financial projections for the first three years.
2. Include in the operational budget reasonable estimates of all anticipated revenues and expenditures necessary to operate the school, including, but not limited to, special education, based, when possible, on historical data from schools or school districts of similar type, size, and location.
3. Include budget notes that clearly describe assumptions on revenue estimates, including, but not limited to, the basis for average daily attendance estimates and staffing levels.
4. Present a budget that in its totality appears viable and over a period of no less than two years of operations provides for the amassing of a reserve equivalent to that required by law for a school district of similar size to the proposed charter school.
5. Demonstrate an understanding of the timing of the receipt of various revenues and their relative relationship to timing of expenditures that are within reasonable parameters, based, when possible, on historical data from schools or school districts of similar type, size, and location.

(C) In the area of insurance, the charter and supporting documents do not adequately provide for the acquisition of and budgeting for general liability, workers compensations, and other necessary insurance of the type and in the amounts required for an enterprise of similar purpose and circumstance.

(D) In the area of facilities, the charter and supporting documents do not adequately:

1. Describe the types and potential location of facilities needed to operate the size and scope of educational program proposed in the charter.
2. In the event a specific facility has not been secured, provide evidence of the type and projected cost of the facilities that may be available in the location of the proposed charter school.
3. Reflect reasonable costs for the acquisition or leasing of facilities to house the charter school, taking into account the facilities the charter school may be allocated under the provisions of Education Code section 47614.

(4) The petitioners personally lack the necessary background in the following areas critical to the charter school's success, and the petitioners do not have a plan to secure the services of individuals who have the necessary background in these areas:

(A) Curriculum, instruction, and assessment.

(B) Finance and business management.

(d) For purposes of Education Code section 47605(c)(3), a charter petition that "does not contain the number of signatures required by subdivision (a)" of Education Code section 47605 shall be a petition that did not contain the requisite number of signatures at the time of the submission of the original charter to a school district governing board pursuant to Education Code section 47605(a). The SBE shall not disregard signatures that may be purported to have been withdrawn or to have been determined to be invalid after the petition was denied by the school district. The signature requirement set forth in Education Code section 47605(a) is not applicable to a petition for renewal.

Adequate
Signatures

(e) For purposes of Education Code section 47605(c)(4), a charter petition that "does not contain an affirmation of each of the conditions described in subdivision

Required
affirmations

What is “reasonably comprehensive”

(d)” of Education Code section 47605 shall be a petition that fails to include a clear, unequivocal affirmation of each such condition, not a general statement of intention to comply. Neither the charter nor any of the supporting documents shall include any evidence that the charter will fail to comply with the conditions described in Education Code section 47605(e).

(f) For purposes of Education Code section 47605(c)(5), the SBE shall take the following factors into consideration in determining whether a charter petition does not contain a “reasonably comprehensive” description of each of the specified elements.

(1) The description of the educational program of the school, as required by Education Code section 47605(c)(5)(A), at a minimum:

(A) Indicates the proposed charter school’s target student population, including, at a minimum, grade levels, approximate numbers of pupils, and specific educational interests, backgrounds, or challenges.

(B) Specifies a clear, concise school mission statement with which all elements and programs of the school are in alignment and which conveys the petitioners’ definition of an “educated person” in the 21st century, belief of how learning best occurs, and goals consistent with enabling pupils to become or remain self-motivated, competent, and lifelong learners.

(C) Includes a framework for instructional design that is aligned with the needs of the pupils that the charter school has identified as its target student population.

(D) Indicates the basic learning environment or environments (e.g., site-based matriculation, independent study, community-based education, or technology-based education).

(E) Indicates the instructional approach or approaches the charter school will utilize, including, but not limited to, the curriculum and teaching methods (or a process for developing the curriculum and teaching methods) that will enable the school’s pupils to master the content standards for the four core curriculum areas adopted by the SBE pursuant to Education Code section 60605 and to achieve the objectives specified in the charter.

(F) Indicates how the charter school will identify and respond to the needs of pupils who are not achieving at or above expected levels.

(G) Indicates how the charter school will meet the needs of students with disabilities, English learners, students achieving substantially above or below grade level expectations, and other special student populations.

(H) Specifies the charter school’s special education plan, including, but not limited to, the means by which the charter school will comply with the provisions of Education Code section 47641, the process to be used to identify students who qualify for special education programs and services, how the school will provide or access special education programs and services, the school’s understanding of its responsibilities under law for special education pupils, and how the school intends to meet those responsibilities.

(2) Measurable pupil outcomes, as required by Education Code section 47605(c)(5)(B), at a minimum:

(A) Specify skills, knowledge, and attitudes that reflect the school’s educational objectives and can be assessed, at a minimum, by objective means that are frequent and sufficiently detailed enough to determine whether pupils are making

satisfactory progress. It is intended that the frequency of objective means of measuring pupil outcomes vary according to such factors as grade level, subject matter, the outcome of previous objective measurements, and information that may be collected from anecdotal sources. To be sufficiently detailed, objective means of measuring pupil outcomes must be capable of being used readily to evaluate the effectiveness of and to modify instruction for individual students and for groups of students.

(B) Include the school's Academic Performance Index growth target, if applicable.

(3) The method by which pupil progress is to be measured, as required by Education Code section 47605(c)(5)(C), at a minimum:

(A) Utilizes a variety of assessment tools that are appropriate to the skills, knowledge, or attitudes being assessed, including, at a minimum, tools that employ objective means of assessment consistent with paragraph (2)(A) of subdivision (f) of this section.

(B) Includes the annual assessment results from the Statewide Testing and Reporting (STAR) program.

(C) Outlines a plan for collecting, analyzing, and reporting data on pupil achievement to school staff and to pupils' parents and guardians, and for utilizing the data continuously to monitor and improve the charter school's educational program.

(4) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement in supporting the school's effort on behalf of the school's pupils, as required by Education Code section 47605(c)(5)(D), at a minimum:

(A) Includes evidence of the charter school's incorporation as a non-profit public benefit corporation, if applicable.

(B) Includes evidence that the organizational and technical designs of the governance structure reflect a seriousness of purpose necessary to ensure that:

1. The charter school will become and remain a viable enterprise.
2. There will be active and effective representation of interested parties, including, but not limited to parents (guardians).
3. The educational program will be successful.

(5) The qualifications to be met by individuals to be employed by the school, as required by Education Code section 47605(c)(5)(E), at a minimum:

(A) Identify general qualifications for the various categories of employees the school anticipates (e.g., administrative, instructional, instructional support, non-instructional support). The qualifications shall be sufficient to ensure the health, and safety of the school's faculty, staff, and pupils.

(B) Identify those positions that the charter school regards as key in each category and specify the additional qualifications expected of individuals assigned to those positions.

(C) Specify that the requirements for employment set forth in applicable provisions of law will be met, including, but not limited to credentials as necessary.

(6) The procedures that the school will follow to ensure the health and safety of pupils and staff, as required by Education Code section 47605(c)(5)(F), at a minimum:

(A) Require that each employee of the school furnish the school with a criminal record summary as described in Education Code section 44237.

(B) Include the examination of faculty and staff for tuberculosis as described in

Education Code section 49406.

(C) Require immunization of pupils as a condition of school attendance to the same extent as would apply if the pupils attended a non-charter public school.

(D) Provide for the screening of pupils' vision and hearing and the screening of pupils for scoliosis to the same extent as would be required if the pupils attended a non-charter public school.

(7) Recognizing the limitations on admissions to charter schools imposed by Education Code section 47605(e), the means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted, as required by Education Code section 47605(c)(5)(G), shall be presumed to have been met, absent specific information to the contrary.

(8) To the extent admission requirements are included in keeping with Education Code section 47605(c)(5)(H), the requirements shall be in compliance with the requirements of Education Code section 47605(e) and any other applicable provision of law.

(9) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority, as required by Education Code section 47605(c)(5)(I), at a minimum:

(A) Specify who is responsible for contracting and overseeing the independent audit.

(B) Specify that the auditor will have experience in education finance.

(C) Outline the process of providing audit reports to the SBE, California Department of Education, or other agency as the SBE may direct, and specifying the time line in which audit exceptions will typically be addressed.

(D) Indicate the process that the charter school will follow to address any audit findings and/or resolve any audit exceptions.

(10) The procedures by which pupils can be suspended or expelled, as required by Education Code section 47605(c)(5)(J), at a minimum:

(A) Identify a preliminary list, subject to later revision pursuant to subparagraph (E), of the offenses for which students in the charter school must (where non-discretionary) and may (where discretionary) be suspended and, separately, the offenses for which students in the charter school must (where non-discretionary) or may (where discretionary) be expelled, providing evidence that the petitioners' reviewed the offenses for which students must or may be suspended or expelled in non-charter public schools.

(B) Identify the procedures by which pupils can be suspended or expelled.

(C) Identify the procedures by which parents, guardians, and pupils will be informed about reasons for suspension or expulsion and of their due process rights in regard to suspension or expulsion.

(D) Provide evidence that in preparing the lists of offenses specified in subparagraph (A) and the procedures specified in subparagraphs (B) and (C), the petitioners reviewed the lists of offenses and procedures that apply to students attending non-charter public schools, and provide evidence that the charter petitioners believe their proposed lists of offenses and procedures provide adequate

safety for students, staff, and visitors to the school and serve the best interests [of] the school's pupils and their parents (guardians).

(E) If not otherwise covered under subparagraphs (A), (B), (C), and (D):

1. Provide for due process for all pupils and demonstrate an understanding of the rights of pupils with disabilities in regard to suspension and expulsion.

2. Outline how detailed policies and procedures regarding suspension and expulsion will be developed and periodically reviewed, including, but not limited to, periodic review and (as necessary) modification of the lists of offenses for which students are subject to suspension or expulsion.

(11) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security, as required by Education Code section 47605(c)(5)(K), at a minimum, specifies the positions to be covered under each system and the staff who will be responsible for ensuring that appropriate arrangements for that coverage have been made.

(12) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools, as required by Education Code section 47605(c)(5)(L), at a minimum, specify that the parent or guardian of each pupil enrolled in the charter school shall be informed that the pupils has no right to admission in a particular school of any local educational agency (LEA) (or program of any LEA) as a consequence of enrollment in the charter school, except to the extent that such a right is extended by the LEA.

(13) The description of the rights of any employees of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school, as required by Education Code section 47605(c)(5)(M), at a minimum, specifies that an employee of the charter school shall have the following rights:

(A) Any rights upon leaving the employment of an LEA to work in the charter school that the LEA may specify.

(B) Any rights of return to employment in an LEA after employment in the charter school as the LEA may specify.

(C) Any other rights upon leaving employment to work in the charter school and any rights to return to a previous employer after working in the charter school that the SBE determines to be reasonable and not in conflict with any provisions of law that apply to the charter school or to the employer from which the employee comes to the charter school or to which the employee returns from the charter school.

(14) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter, as required by Education Code section 47605(c)(5)(N), at a minimum:

(A) Include any specific provisions relating to dispute resolution that the SBE determines necessary and appropriate in recognition of the fact that the SBE is not an LEA.

(B) Describe how the costs of the dispute resolution process, if needed, would be funded.

(C) Recognize that, because it is not an LEA, the SBE may choose to resolve a dispute directly instead of pursuing the dispute resolution process specified in the charter, provided that if the SBE intends to resolve a dispute directly instead of

pursuing the dispute resolution process specified in the charter, it must first hold a public hearing to consider arguments for and against the direct resolution of the dispute instead of pursuing the dispute resolution process specified in the charter. (D) Recognize that if the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with Education Code section 47604.5, the matter will be addressed at the SBE's discretion in accordance with that provision of law and any regulations pertaining thereto.

(15) The declaration of whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act. Education Code section 47605(c)(6) recognizes that the SBE is not an exclusive public school employer. Therefore, the charter school must be the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (commencing with Government Code section 3540).

(g) A "reasonably comprehensive" description, within the meaning subdivision (f) of this section and Education Code section 47605(c)(5) shall include, but not be limited to, information that:

(d) When the meeting date for the SBE's consideration of an original petition under subdivisions (a) and (b), or a petition to amend under subdivision (c) becomes publicly available, the petitioner shall submit a written notice of the meeting date to the county superintendent of schools of each county where the petitioner proposes to locate a school site, and to the governing board of each school district where the petitioner plans to locate a school site.

§ 11967.7 (a) The statewide benefit charter school shall notify the California Department of Education at least 60 days prior to proposed commencement of instruction at each individual school, including submission of all documentation required in section 11967.6(a)(14). Within 30 days of the receipt of a complete and documented notice pursuant to this section, the California Department of Education shall evaluate the facilities for the proposed educational program for compliance with local building permits and codes and notify the statewide benefit charter school and any affected local education agency of its determination. The charter school or any affected local education agency may appeal the Department's determination within 10 calendar days of the date of the determination, and the matter will be placed on the agenda of the next regularly scheduled meeting of the State Board of Education. If no action is taken by the State Board of Education, the California Department of Education's determination shall stand. A school may not open in a facility without a positive determination.

The county office may charge the statewide benefit charter school for the actual cost of services.
 - (2) In designating a county office of education, the State Board shall give preference to the county office of education of the county that the statewide benefit charter school identifies as the principal location of its business records.
 - (3) If the county office of education in the county that the statewide benefit charter school identifies as the principal location of its business records declines to accept the responsibility for the statewide benefit charter school, the State Board of Education may designate another county office of education by mutual agreement.

CHAPTER 5 - ESTABLISHMENT & REVOCATION

Section 11968.1
Numbering of
charter school
petitions

§ 11968.1 (a) In accordance with subdivision (a) of section 47602 of the Education Code, the California Department of Education (CDE), on behalf of the SBE, shall establish and administer a numbering system to track the total number of charter schools authorized to operate in the state, based on the chronological order of the receipt of a complete charter petition and notification of charter approval by a local educational agency (LEA) or, in the case of a charter petition approved by the SBE, the date and time of the SBE's approval.

(b) When the SBE approves a charter petition or receives notice that a charter petition has been approved by a LEA, the SBE shall assign a number to that charter petition in accordance with section 47602(a)(1) of the Education Code.

Section 11968.5.1
Revocation of, or
other action related
to, a charter by the
SBE

§ 11968.5.1 (a) Prior to making a recommendation to the SBE under Education Code sections 47604.5(a) and (b), the SSPI shall deliver a written notice to the charter school's governing body as described in the school's charter and the SBE Executive Director, which identifies one or more specific alleged violations by the charter school based on the grounds specified in Education Code sections 47604.5(a) and (b). This notice shall identify all of the following:

- (1) the charter school's alleged gross financial mismanagement that jeopardizes the financial stability of the charter school pursuant to Education Code section 47604.5(a); or the charter school's alleged illegal or substantially improper use of charter school funds for the personal benefit of any officer, director, or fiduciary of the charter school pursuant to Education Code section 47604.5(b);
- (2) all evidence relied upon by the SSPI in determining the charter school engaged in any of the acts or omissions identified in subdivision (a)(1); and
- (3) the period of time that will serve as the opportunity to remedy or refute the identified violation(s) by the charter school's governing body as described in the school's charter.

(b) Upon receipt of a written notice, the charter school's governing body as described in the school's charter, if it chooses to respond, shall take the following actions:

(1) Submit to the SSPI a detailed, written response to each identified violation which shall include the refutation or remedial action taken by the charter school's governing body as described in the school's charter, specific to each identified violation. The written response shall be due by the end of the remedy period identified in the written notice.

(2) Attach to its written response, supporting evidence of remedial action, if any, including written reports, statements, and other appropriate documentation.

(c) After conclusion of the remedy period, the SSPI shall evaluate the response of the charter school's governing body as described in the school's charter, if submitted, and shall take one of the following actions:

(1) Make a recommendation to the SBE to take appropriate action, including but not limited to, revocation of the school's charter, and provide timely written notice of such action within 30 calendar days to the charter school's governing body as described in the school's charter; or

(2) Discontinue action and provide written notice of such action to the charter school's governing body as described in the school's charter within 10 calendar days.

(d) In making a recommendation to the SBE to take appropriate action, including but not limited to, revocation of the school's charter, the SSPI shall present written findings to the SBE at the next regularly scheduled board meeting.

§ 11968.5.2 This section sequentially sets forth procedures the chartering authority and the charter school's governing body as described in the school's charter shall complete for the revocation of a school's charter pursuant to Education Code section 47607, except for charter revocation when the violation constitutes a severe and imminent threat to the health or safety of pupils which is subject to section 11968.5.3 rather than this section.

(a) At least 72 hours prior to any board meeting in which a chartering authority will consider issuing a Notice of Violation, the chartering authority shall provide the charter school with notice and all relevant documents related to the proposed action.

(b) The chartering authority shall deliver a Notice of Violation to the charter school's governing body as described in the school's charter.

(c) Upon receipt of a Notice of Violation, the charter school's governing body as described in the school's charter, if it chooses to respond, shall take the following actions:

Section 11968.5.2
General charter
revocation
procedures

(1) Submit to the chartering authority a detailed, written response addressing each identified violation which shall include the refutation, remedial action taken, or proposed remedial action by the charter school specific to each alleged violation. The written response shall be due by the end of the remedy period identified in the Notice of Violation.

(2) Attach to its written response supporting evidence of the refutation, remedial action, or proposed remedial action, if any, including written reports, statements, and other appropriate documentation.

(d) After conclusion of the reasonable opportunity to remedy, the chartering authority shall evaluate the response of the charter school's governing body as described in the school's charter response to the Notice of Violation and any supporting evidence, if submitted, and shall take one of the following actions:

(1) If the chartering authority has substantial evidence that the charter school has failed to refute to the chartering authority's satisfaction, or remedy a violation identified in the Notice of Violation, continue revocation of the school's charter by issuing a Notice of Intent to Revoke to the charter school's governing body as described in the school's charter; or

(2) Discontinue revocation of the school's charter and provide timely written notice of such action to the charter school's governing body as described in the school's charter.

(e) If the chartering authority does not act, as specified in subdivision (d), within 60 calendar days of the conclusion of the remedy period specified in the Notice of Violation, the revocation process is terminated and the Notice of Violation is void.

(f) On the date and time specified in the Notice of Intent to Revoke, the chartering authority shall hold a public hearing concerning revocation. No more than 30 calendar days after the public hearing (or 60 calendar days by written mutual agreement with the charter school) the chartering authority shall issue a Final Decision.

(g) The chartering authority shall provide a copy of the Final Decision to the CDE and its county board of education (unless the county board of education is also the chartering authority), within 10 calendar days of issuing the Final Decision.

(h) If the chartering authority does not act to issue a Final Decision within the timeframe specified in subdivision (f), the revocation process is terminated and the Notice of Intent to Revoke is void.

Section 11968.5.3
Charter revocation,
severe and
imminent threat to
the health or safety
of pupils

§ 11968.5.3 This section sets forth procedures the chartering authority shall complete for the revocation of a school's charter when the chartering authority has determined that any violation under Education Code section 47607(f) constitutes a severe and imminent threat to the health or safety of pupils and the procedures that a charter school and county office of education and SBE must follow if the charter school elects to appeal a chartering authority's Final Decision to revoke the school's charter.

(a) If there is a severe and imminent threat to pupil health or safety, the chartering authority is exempt from the requirements of section 11968.5.2 and may immediately revoke the school's charter by approving and delivering a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety to the charter school's governing body as described in the school's charter, the county board of education (unless the county board of education is also the

chartering authority), and the CDE.

(b) Following the approval and delivery of the Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety by the chartering authority, the charter school's governing body as described in the school's charter may appeal to the county board of education or the SBE, as applicable, pursuant to Education Code sections 47607(i) and (j).

(c) In an appeal to a county board of education, within 30 calendar days of receipt of a Final Decision revoking the school's charter, the charter school's governing body as described in the school's charter shall approve and deliver a written Notice of Appeal to the county board of education that:

(1) includes a copy of the Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety issued pursuant to this article except that the charter school shall not be responsible for providing this document if the chartering authority did not provide it to the charter school as required in this section;

(2) includes evidence of the final vote of the chartering authority, if available;

(3) includes all evidence relied upon by the chartering authority in determining that a violation under section 11965(e) existed;

(4) includes minutes of any public meeting at which the chartering authority considers or makes its decision to revoke the school's charter, if available; and

(5) includes a written statement explaining why the charter school does not believe the district chartering authority's factual findings are supported by substantial evidence.

(d) If the county board of education does not issue a written decision that explains whether, in the county board of education's judgment, the district chartering authority's factual findings are supported by substantial evidence within 90 calendar days of receiving a Notice of Appeal that includes the documents listed in subdivision (c) of this section, the district chartering authority's decision is upheld, pending any further appeal.

(e) In determining whether the district chartering authority's factual findings are supported by substantial evidence, the county board of education shall consider whether the district chartering authority provided the charter school's governing body as described in the school's charter a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety pursuant to Education Code sections 47607(f) and (g).

(f) The county board of education shall provide the CDE and the chartering authority a copy of its written decision within 10 calendar days of its action.

(g) If the district chartering authority or the school's governing body as described in the school's charter elects to appeal to the SBE, the appellant shall approve and deliver a written Notice of Appeal to the SBE within 30 calendar days following the final decision by the county board of education, or within 30 calendar days upon the expiration of 90 calendar days pursuant to subdivision (d) of this section, or within 30 calendar days of a county chartering authority's Final Decision.

(h) The appellant shall, at the same time it delivers a Notice of Appeal to the SBE, deliver to the SBE the following documents that shall be individually and sequentially numbered, one number per page, and be delivered to the respondent and the county board of education, if applicable, within five calendar days of

delivery to the SBE:

(1) copies of the Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety, the Final Decision, and the Notice of Appeal delivered to the county board of education, and the county board of education's written decision, as applicable;

(2) evidence of the final vote of the chartering authority, if available;

(3) evidence relied upon by the chartering authority in determining that a violation under section 11965(e) existed; and

(4) minutes of any public meeting at which the chartering authority considers or makes its decision to revoke the school's charter, if available.

(i) At the same time the appellant submits its Notice of Appeal to the SBE, the appellant shall also submit to the SBE a written argument in the form of a brief or letter that shall be individually and sequentially numbered, one number per page; be delivered to the respondent within five calendar days of delivery to the SBE; and contain the following:

(1) a summary of the procedural and substantive facts limited to matters in the record;

(2) a summary of the arguments in support of the appellant's position that the chartering authority and/or the county board of education erred in its decision; and

(3) specific citations to the administrative record in support of each argument presented.

(j) If the respondent chooses to submit a written opposition to the SBE, it must do so within 30 calendar days of the delivery of the appellant's written argument to the SBE. This written opposition shall be in the form of a brief or letter that shall be individually and sequentially numbered, one number per page; be delivered to the appellant within five calendar days of delivery to the SBE; and contain the following:

(1) a summary of the procedural and substantive facts limited to matters in the record as submitted to the chartering authority and the county board of education, as appropriate;

(2) a summary of the arguments in support of the respondent's position that the chartering authority and/or the county board of education did not err in its decision; and

(3) specific citations to the administrative record in support of each argument presented.

(k) Within 15 calendar days of the delivery of the respondent's written opposition to the SBE, the appellant may submit to the SBE a written reply to the respondent's written opposition in the form of a brief or letter. If submitted, this written reply shall be individually and sequentially numbered, one number per page; be delivered to the respondent within five calendar days of delivery to the SBE; and contain the following:

(1) a summary of the arguments refuting the arguments raised in the respondent's opposition; and

(2) specific citations to the administrative record in support of each argument presented.

(l) If the SBE does not take action within 120 calendar days of receipt of the appellant's written argument, if submitted pursuant to subdivision (i); or within

150 days of receipt of the respondent's written opposition, if submitted pursuant to subdivision (j); or within 165 days of receipt of the appellant's written reply, if submitted pursuant to subdivision (k); whichever is later, the appellant is deemed to have exhausted its administrative remedies.

§ 11968.5.4 This section establishes the procedures that a charter school and county office of education must follow if the charter school elects to appeal to a county board of education a district chartering authority's Final Decision to revoke the school's charter.

(a) Within 30 calendar days of receipt of a Final Decision revoking the school's charter, the charter school's governing body as described in the school's charter, shall approve and deliver a written Notice of Appeal to the county board of education that:

(1) Includes a copy of the Notice of Violation, Notice of Intent to Revoke and the Final Decision issued pursuant to this article except that the charter school shall not be responsible for providing these documents if the chartering authority did not provide them to the charter school as required in section 11968.5.2;

(2) Includes evidence of the final vote of the chartering authority, if available;

(3) Includes all evidence relied upon by the chartering authority in determining whether substantial evidence existed that the charter school failed to remedy one or more violations identified in the Notice(s) of Violation;

(4) Includes all evidence and correspondence submitted by the charter school's governing body as described in the school's charter in response to the chartering authority's Notice of Violation and Notice of Intent to Revoke;

(5) Includes minutes of any public meeting at which the chartering authority considers or makes its decision to revoke the school's charter, if available;

(6) Includes a written statement explaining why the charter school does not believe the district chartering authority's factual findings are supported by substantial evidence; and

(7) Identifies any procedural omissions or errors the charter school alleges to have occurred in the revocation process.

(b) If the county board of education does not issue a written decision that explains whether, in the county board of education's judgment, the district chartering authority's factual findings are supported by substantial evidence within 90 calendar days of receiving a Notice of Appeal that includes the documents listed in subdivision (a) of this section, the district chartering authority's decision is upheld, pending any further appeal.

(1) In determining whether the district chartering authority's factual findings are supported by substantial evidence, the county board of education shall consider whether the district chartering authority provided the charter school's governing body as described in the school's charter a Notice of Violation, a reasonable opportunity to remedy the identified violation(s), a Notice of Intent to Revoke, a public hearing, and Final Decision, pursuant to Articles 2 and 2.5 and Education Code sections 47607(f) through (h), inclusive.

(2) If the charter school submits a response to the Notice of Violation pursuant to section 11968.5.2(c), the county board of education shall, in determining whether the district chartering authority's factual findings are supported by substantial evidence, consider whether the charter school complied with the procedures set

Section 11968.5.4
Appeal of a district

forth in that section.

(3) The county board of education shall also consider whether an alleged procedural deficiency negatively impacted the charter school's ability to refute or remedy the alleged violation or the chartering authority's ability to comply with its procedural obligations or authorizing duties.

(c) The county board of education shall provide the CDE and the chartering authority a copy of its written decision within 10 calendar days of its action.

(d) An appeal to a county board of education of a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety is subject to section 11968.5.3 rather than this section.

Section 11968.5.5
Appeal of charter
revocation to the
SBE

§ 11968.5.5 (a) If the district chartering authority or the charter school's governing body as described in the school's charter elects to appeal to the SBE, the appellant shall approve and deliver a written Notice of Appeal to the SBE within 30 calendar days of receiving a written decision by the county board of education, within 30 calendar days upon the expiration of 90 calendar days pursuant to section 11968.5.4(b), or within 30 calendar days of a county chartering authority's Final Decision.

(b) The appellant shall, at the same time it delivers a Notice of Appeal to the SBE, deliver to the SBE the following documents that shall be individually and sequentially numbered, one number per page, and be delivered to the respondent and the county board of education, if applicable, within five calendar days of delivery to the SBE:

(1) copies of the Notice of Violation, Notice of Intent to Revoke, the Final Decision, the Notice of Appeal to the county board of education, and the county board of education's written decision, as applicable;

(2) evidence of the final vote of the chartering authority if available;

(3) evidence relied upon by the chartering authority in determining whether substantial evidence existed that the charter school failed to refute to the chartering authority's satisfaction or remedy one or more violations identified in the Notice(s) of Violation;

(4) evidence and correspondence submitted by the charter school's governing body as described in the school's charter in response to the chartering authority's Notice of Violation and Notice of Intent to Revoke; and

(5) minutes of any public meeting at which the chartering authority considers or makes its decision to revoke the school's charter if available.

(c) At the same time the appellant submits its Notice of Appeal to the SBE, the appellant shall also submit to the SBE a written argument in the form of a brief or letter that shall be individually and sequentially numbered, one number per page; be delivered to the respondent within five calendar days of delivery to the SBE; and contain the following:

(1) a summary of the procedural and substantive facts limited to matters in the record;

(2) a summary of the arguments in support of the appellant's position that the chartering authority and/or the county board of education erred in its decision; and

(3) specific citations to the administrative record in support of each argument presented.

(d) If the respondent chooses to submit a written opposition to the SBE, it must do so within 30 calendar days of the delivery of the appellant's written argument to the SBE. This written opposition shall be in the form of a brief or letter that shall be individually

and sequentially numbered, one number per page; be delivered to the appellant within five calendar days of delivery to the SBE; and contain the following:

- (1) a summary of the procedural and substantive facts limited to matters in the record as submitted to the chartering authority and the county board of education, as appropriate;
 - (2) a summary of the arguments in support of the respondent's position that the chartering authority and/or the county board of education did not err in its decision; and
 - (3) specific citations to the administrative record in support of each argument presented.
- (e) Within 15 calendar days of the delivery of the respondent's written opposition to the SBE, the appellant may submit to the SBE a written reply to the respondent's written opposition in the form of a brief or letter. - (f) If the SBE does not take action within 120 calendar days of receipt of the appellant's written argument, if submitted pursuant to subdivision (c); or within 150 days of receipt of the respondent's written opposition, if submitted pursuant to subdivision (d); or within 165 days of receipt of the appellant's written reply, if submitted pursuant to subdivision (e); whichever is later, the appellant is deemed to have exhausted its administrative remedies.
- (g) An appeal to the SBE of a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety is subject to section 11968.5.3 rather than this section.

CHAPTER 6 - IMPLEMENTATION OF PROPOSITION 39

§ 11969.1 (a) This article governs provision of facilities by school districts to charter schools under Education Code section 47614.

(b) If a charter school and a school district mutually agree to an alternative to specific compliance with any of the provisions of this article, nothing in this article shall prohibit implementation of that alternative, including, for example, funding in lieu of facilities in an amount commensurate with local rental or lease costs for facilities reasonably equivalent to facilities of the district.

§ 11969.2 (a) Average Daily Classroom Attendance. As used in Education Code section 47614(b), "average daily classroom attendance," or "classroom ADA," is average daily attendance (ADA) for classroom-based apportionments as used in Education Code section 47612.5. "In-district classroom ADA" is classroom ADA attributable to in-district students. Nothing in this article shall prohibit a school district from allowing a charter school to include nonclassroom-based ADA in average daily classroom attendance, but only:

- (1) to the extent of the instructional time that the students generating the nonclassroom-based ADA are actually in the classroom under the direct supervision and control of an employee of the charter school; and
- (2) if the school district and charter school agree upon the time(s) that facilities devoted to students generating nonclassroom-based ADA will be used.

Section 11969.1-11969.11

Section 11969.1 Purpose; alternatives permitted

Section 11969.2 Definitions

Average daily classroom attendance

Operating in the School District

In-district students	<p>(b) Operating in the School District. As used in Education Code section 47614(b), a charter school is “operating in the school district” if the charter school meets the requirements of Education Code section 47614(b)(5) regardless of whether the school district is or is proposed to be the authorizing entity for the charter school and whether the charter school has a facility inside the school district’s boundaries.</p>
Contiguous	<p>(c) In-district Students. As used in Education Code section 47614(b), a student attending a charter school is an “in-district student” of a school district if he or she is entitled to attend the schools of the school district and could attend a school district-operated school, except that a student eligible to attend the schools of the school district based on interdistrict attendance pursuant to Education Code section 46600-46611 or based on parental employment pursuant to Education Code section 48204(b) shall be considered a student of the school district where he or she resides.</p> <p>(d) Contiguous. As used in Education Code section 47614(b), facilities are “contiguous” if they are contained on the school site or immediately adjacent to the school site. If the in-district average daily classroom attendance of the charter school cannot be accommodated on any single school district school site, contiguous facilities also includes facilities located at more than one site, provided that the school district shall minimize the number of sites assigned and shall consider student safety. In evaluating and accommodating a charter school’s request for facilities pursuant to Education Code section 47614, the charter school’s in-district students must be given the same consideration as students in the district-run schools, subject to the requirement that the facilities provided to the charter school must be contiguous. If a school district’s preliminary proposal or final notification presented pursuant to subdivisions (f) or (h) of section 11969.9 does not accommodate a charter school at a single school site, the district’s governing board must first make a finding that the charter school could not be accommodated at a single site and adopt a written statement of reasons explaining the finding.</p>
Furnished and equipped	<p>(e) Furnished and Equipped. As used in Education Code section 47614(b), a facility is “furnished and equipped” if it includes reasonably equivalent furnishings necessary to conduct classroom instruction and to provide for student services that directly support classroom instruction as found in the comparison group schools established under section 11969.3(a), and if it has equipment that is reasonably equivalent to that in the comparison group schools. “Equipment” means property that does not lose its identity when removed from its location and is not changed materially or consumed immediately (e.g., within one year) by use. Equipment has relatively permanent value, and its purchase increases the total value of a Local Educational Agency’s (LEA’s) physical properties. Examples include furniture, vehicles, machinery, motion picture film, videotape, furnishings that are not an integral part of the building or building system, and certain intangible assets, such as major software programs. Furnishings and equipment acquired for a school site with non-district resources are excluded when determining reasonable equivalence.</p>
General fund	<p>(f) General Fund. As used in Education Code section 47614(b)(1), “general fund” means the main operating fund of the LEA. It is used to account for all activities except those that are required to be accounted for in another fund. In keeping with the minimum number of funds principle, all of an LEA’s activities are reported in the general fund unless there is a compelling reason to account for an activity in another fund. An LEA may have only one general fund.</p>

(g) Unrestricted Revenues. As used in Education Code section 47614(b)(1), “unrestricted revenues” are those funds whose uses are not subject to specific constraints and that may be used for any purposes not prohibited by law. Restricted revenues are those funds received from external sources that are legally restricted or that are restricted by the donor to specific purposes. Programs funded by a combination of restricted and unrestricted sources will be accounted for and reported as restricted. Funds or activities that are not restricted or designated by the donor, but rather by the LEA’s governing board, will be accounted for and reported as unrestricted.

Unrestricted revenues

(h) Facilities Costs. As used in Education Code section 47614(b)(1), “facilities costs” are those activities concerned with keeping the physical plant open, comfortable, and safe for use and keeping the grounds, buildings, and equipment in working condition and a satisfactory state of repair. These include the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools. This includes plant maintenance and operations, facilities acquisition and construction, and facilities rents and leases.

Facilities costs

§ 11969.3 The following provisions shall be used to determine whether facilities provided to a charter school are sufficient to accommodate charter school students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending public schools of the school district providing facilities, as required by Education Code section 47614(b).

Section 11969.3
Conditions reasonably equivalent

(a) Comparison Group.

Comparison group

(1) The standard for determining whether facilities are sufficient to accommodate charter school students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending public schools of the school district providing facilities shall be a comparison group of district-operated schools with similar grade levels. If none of the district-operated schools has grade levels similar to the charter school, then a contiguous facility within the meaning of subdivision (d) of section 11969.2 shall be an existing facility that is most consistent with the needs of students in the grade levels served at the charter school. The district is not obligated to pay for the modification of an existing school site to accommodate the charter school’s grade level configuration.

(2) The comparison group shall be the school district-operated schools with similar grade levels that serve students living in the high school attendance area, as defined in Education Code section 17070.15(b), in which the largest number of students of the charter school reside. The number of charter school students residing in a high school attendance area shall be determined using in-district classroom ADA projected for the fiscal year for which facilities are requested.

(3) For school districts whose students do not attend high school based on attendance areas, the comparison group shall be three schools in the school district with similar grade levels that the largest number of students of the charter school would otherwise attend. For school districts with fewer than three schools with similar grade levels, the comparison group shall be all schools in the school district with similar grade levels.

(4) Although the district is not obligated to pay for the modification of an existing school site to accommodate the charter school’s grade level configuration, nothing in this article shall preclude the district from entering into an agreement with the

Capacity

charter school to modify an existing school site, with the costs of the modifications being paid exclusively by the charter school or by the school district, or paid jointly by the district and the charter school.

(b) Capacity.

(1) Facilities made available by a school district to a charter school shall be provided in the same ratio of teaching stations (classrooms) to ADA as those provided to students in the school district attending comparison group schools. School district ADA shall be determined using projections for the fiscal year and grade levels for which facilities are requested. Charter school ADA shall be determined using in-district classroom ADA projected for the fiscal year and grade levels for which facilities are requested. The number of teaching stations (classrooms) shall be determined using the classroom inventory prepared pursuant to California Code of Regulations, title 2, section 1859.31, adjusted to exclude classrooms identified as interim housing. "Interim housing" means the rental or lease of classrooms used to house pupils temporarily displaced as a result of the modernization of classroom facilities, as defined in California Code of Regulations, title 2, section 1859.2, and classrooms used as emergency housing for schools vacated due to structural deficiencies or natural disasters.

(2) If the school district includes specialized classroom space, such as science laboratories, in its classroom inventory, the space allocation provided pursuant to paragraph (1) of subdivision (b) shall include a share of the specialized classroom space and/or a provision for access to reasonably equivalent specialized classroom space. The amount of specialized classroom space allocated and/or the access to specialized classroom space provided shall be determined based on three factors:

- (A) the grade levels of the charter school's in-district students;
- (B) the charter school's total in-district classroom ADA; and
- (C) the per-student amount of specialized classroom space in the comparison group schools.

(3) The school district shall allocate and/or provide access to non-teaching station space commensurate with the in-district classroom ADA of the charter school and the per-student amount of non-teaching station space in the comparison group schools. Non-teaching station space is all of the space that is not identified as teaching station space or specialized classroom space and includes, but is not limited to, administrative space, kitchen, multi-purpose room, and play area space. If necessary to implement this paragraph, the district shall negotiate in good faith with the charter school to establish time allocations and schedules so that educational programs of the charter school and school district are least disrupted.

Condition

(c) Condition.

(1) All of the factors listed below shall be used by the school district and charter school to determine whether the condition of facilities provided to a charter school is reasonably equivalent to the condition of comparison group schools. Condition is determined by assessing such factors as age (from latest modernization), quality of materials, and state of maintenance.

(A) School site size.

(B) The condition of interior and exterior surfaces.

(C) The condition of mechanical, plumbing, electrical, and fire alarm systems, including conformity to applicable codes.

- (D) The availability and condition of technology infrastructure.
- (E) The condition of the facility as a safe learning environment including, but not limited to, the suitability of lighting, noise mitigation, and size for intended use.
- (F) The condition of the facility's furnishings and equipment.
- (G) The condition of athletic fields and/or play area space.

(2) Notwithstanding paragraph (1) of subdivision (c), at a charter school established at an existing public school site pursuant to Education Code sections 47605(a)(2), 52055.5, 52055.55, or 52055.650, the condition of the facility previously used by the school district at the site shall be considered to be reasonably equivalent to the condition of school district facilities for the first year the charter school uses the facility. During its first year of operation, the charter school shall be subject to charges for pro rata costs pursuant to section 11969.7, but shall not be subject to reimbursement for over-allocated space pursuant to section 11969.8.

(d) Additional Provisions Relating to a Charter School Established at an Existing Public School Site.

Conversions

The following provisions apply only to a charter school established at an existing public school site pursuant to Education Code sections 47605(a)(2), 52055.5, 52055.55, or 52055.650 and that operated at the site in its first year pursuant to paragraph (2) of subdivision (c).

(1) The school site, as identified in the school's charter, shall be made available to the school for its second year of operation and thereafter upon annual request pursuant to Education Code section 47614. The district is entitled to charge the charter school pro rata costs for the school site pursuant to section 11969.7, and the district is entitled to receive reimbursement for over-allocated space from the charter school pursuant to section 11969.8, except as provided in paragraph (3).

(2)(A) If, by material revision of the charter, the location of a charter school is changed, or if one or more additional sites are approved pursuant to Education Code section 47605(a)(4), then the school is entitled to request and the district shall provide for the use of facilities by the school in accordance with the revised charter, Education Code section 47614, and the provisions of this article.

(B) If the charter school was established pursuant to Education Code section 47605(a)(2), the district shall change the school's attendance area only if a waiver is first secured from the State Board of Education (SBE) pursuant to Education Code sections 33050-33053 of the requirement in Education Code section 47605(e)(1) that the school continuously give admission preference to students residing in the former attendance area of the school site.

(C) If the charter school was established pursuant to Education Code sections 52055.5, 52055.55, or 52055.650, the district shall relocate the school or change the school's attendance area only if a waiver is first secured from the SBE pursuant to Education Code sections 33050-33053 of the provision of statute binding the school to the existing school site.

(D) If a school district decides to change a charter school's attendance area as provided in subparagraphs (B) or (C), and if the decision occurs between November 1 and June 30 and becomes operative in the forthcoming fiscal year, then the space allocated to the charter school is not subject to reimbursement for over-allocated space pursuant to section 11969.8 in the forthcoming fiscal year.

(3) If, by February 1 of its first year of operation, a charter school notifies the district that it will have over-allocated space in the following fiscal year, the space identified is not subject to reimbursement for over-allocated space pursuant to section 11969.8 in the following year or thereafter, and the district is entitled to occupy all or a portion of the space identified. To recover space surrendered to the district pursuant to this paragraph, a charter school must apply to the district. An application to recover surrendered space shall be evaluated by the district in accordance with the provisions of this article.

Section 11969.4
Operations and
maintenance

§ 11969.4 (a) Facilities and furnishings and equipment provided to a charter school by a school district shall remain the property of the school district. (b) The ongoing operations and maintenance of facilities and furnishings and equipment is the responsibility of the charter school. Projects eligible to be included in the school district deferred maintenance plan established pursuant to Education Code section 17582 and the replacement of furnishings and equipment supplied by the school district in accordance with school district schedules and practices, shall remain the responsibility of the school district. The charter school shall comply with school district policies regarding the operations and maintenance of the school facility and furnishings and equipment, except to the extent variation is approved by the district. However, the charter school need not comply with policies in cases where actual school district practice substantially differs from official policies.

Section 11969.5
Availability

§ 11969.5 The space allocated for use by the charter school, subject to sharing arrangements, shall be available for the charter school's entire school year regardless of the school district's instructional year or class schedule and may not be sublet or used for purposes other than those that are consistent with school district policies and practices for use of other public schools of the school district without permission of the school district.

Section 11969.6
Location

§ 11969.6 A school district may satisfy the requirements of Education Code section 47614 by providing facilities that are located outside the school district's boundaries, subject to other provisions of this article and subject to the restrictions on location of charter schools established in Education Code sections 47605 and 47605.1. No school district is required to provide facilities that are located outside the school district's boundaries to a charter school.

Section 11969.7
Charges for facilities
costs

§ 11969.7 If the school district charges the charter school a pro rata share of its facilities costs for the use of the facilities, the pro rata share shall not exceed (1) a per-square-foot amount equal to those school district facilities costs that the school district pays for with unrestricted revenues from the district's general fund, as defined in sections 11969.2(f) and (g) and hereinafter referred to as "unrestricted general fund revenues," divided by the total space of the school district times (2) the amount of space allocated by the school district to the charter school. The following provisions shall apply to the calculation of the pro rata share of facilities costs:

(a) For purposes of this section, facilities costs that the school district pays with unrestricted general fund revenues includes those costs associated with plant maintenance and operations, facilities acquisition and construction, and facilities rents and leases, as defined in section 11969.2(h). For purposes of this section, facilities costs also includes:

(1) contributions from unrestricted general fund revenues to the school district's

Ongoing and Major Maintenance Account (Education Code section 17070.75), Routine Restricted Maintenance Account (Education Code section 17014), and/or deferred maintenance fund,

(2) costs paid from unrestricted general fund revenues for projects eligible for funding but not funded from the deferred maintenance fund, and

(3) costs paid from unrestricted general fund revenue for replacement of facilities-related furnishings and equipment, that have not been included in paragraphs (1) and (2), according to school district schedules and practices.

For purposes of this subdivision, facilities costs do not include any costs that are paid by the charter school, including, but not limited to, costs associated with ongoing operations and maintenance and the costs of any tangible items adjusted in keeping with a customary depreciation schedule for each item.

(b) For purposes of this section, the cost of facilities shall include debt service costs.

(c) “Space allocated by the school district to the charter school” shall include a portion of shared space where a charter school shares a campus with a school district-operated program. Shared space includes, but is not limited to, those facilities needed for the overall operation of the campus, whether or not used by students. The portion of the shared space to be included in the “space allocated by the school district to the charter school” shall be calculated based on the amount of space allocated for the exclusive use of the charter school compared to the amount of space allocated to the exclusive use of the school-district-operated program.

(d) The per-square-foot charge shall be determined using actual facilities costs in the year preceding the fiscal year in which facilities are provided and the largest amount of total space of the school district at any time during the year preceding the fiscal year in which facilities are provided.

(e) The per-square-foot charge shall be applied equally by the school district to all charter schools that receive facilities under this article, and a charter school using school district facilities pursuant to Education Code section 47614 shall report the per-square-foot charge it is paying in the current fiscal year to the California Department of Education (CDE) in any notification the charter school makes to the CDE pursuant to Education Code section 47630.5(b). The CDE shall post the per-square-foot amounts reported by charter schools on its publicly accessible Web site. The CDE shall offer the opportunity to each school district to provide explanatory information regarding its per-square-foot charge and shall post any information received.

(f) If a school district charges a charter school for facilities costs pursuant to this article, and if the district is the charter school’s authorizing entity, the facilities are not substantially rent free within the meaning of Education Code section 47613, and the district may only charge for the actual costs of supervisory oversight of the charter school not to exceed one percent of the school’s revenue.

“Substantially rent free facilities” defined

§ 11969.8 (a) Space is considered to be over-allocated if (1) the charter school’s actual in-district classroom ADA is less than the projected in-district classroom ADA upon which the facility allocation was based and (2) the difference is greater than or equal to a threshold ADA amount of 25 ADA or 10 percent of projected in-district classroom ADA, whichever is greater. The per-pupil rate for over-allocated space shall be equal to the statewide average cost avoided per pupil

Section 11969.8 Reimbursement rates for over-allocated space

set pursuant to Education Code section 42263 for 2005-06, adjusted annually thereafter by the CDE by the annual percentage change in the general-purpose entitlement to charter schools calculated pursuant to Education Code section 47633, rounded to the next highest dollar, and posted on the CDE Web site. The reimbursement amount owed by the charter school for over-allocated space shall be equal to (1) this rate times the difference between the charter school's actual in-district classroom ADA and the projected in-district classroom ADA upon which the facility allocation was based, less (2) this rate times one-half the threshold ADA. For purposes of this subdivision, the actual in-district classroom ADA shall be determined using the report submitted pursuant to section 11969.9(l) in conjunction with the second principal apportionment under Education Code section 41601.

(b) A charter school must notify the school district when it anticipates that it will have over-allocated space that could be used by the school district. Upon notification by a charter school that the charter school anticipates having over-allocated space, a school district may elect to use the space for school district programs. The school district must notify the charter school whether or not it intends to use the over-allocated space within 30 days of the notification by the charter school. If the school district notifies the charter school that it intends to use all or a portion of the over-allocated space, payments for over-allocated space and pro rata share payments shall be reduced accordingly beginning at the time of the school district notification to use the space. If the school district notifies the charter school that it does not intend to use the space, the charter school must continue to make payments for over-allocated space and pro rata share payments. The school district may, at its sole discretion, reduce the amounts owed by the charter school.

(c) With respect to charter schools established at existing public school sites pursuant to Education Code sections 47605(a)(2), 52055.5, 52055.55, or 52055.650, the provisions of this section are limited by the applicable provisions of subdivisions (c) and (d) of section 11969.3.

§ 11969.9 (a) A charter school must be operating in the school district as defined in Education Code section 47614 before it submits a request for facilities. A new or proposed new charter school is operating within the school district and, therefore, eligible to request facilities for a particular fiscal year only if it submitted its charter petition pursuant to Education Code sections 47605, 47605.5, 47605.6, or 47605.8 on or before November 1 of the fiscal year preceding the year for which facilities are requested. A new charter school is entitled to be allocated and/or provided access to facilities only if it receives approval of the petition before March 15 of the fiscal year preceding the year for which facilities are requested.

(b) To receive facilities during a particular fiscal year, a charter school must submit a written facilities request to the school district on or before November 1 of the preceding fiscal year.

(c)(1) The written facilities request consists of:

(A) reasonable projections of in-district and total ADA and in-district and total classroom ADA, based on ADA claimed for apportionment, if any, in the fiscal year prior to the fiscal year in which the facilities request is made, adjusted for

expected changes in enrollment in the forthcoming fiscal year;
(B) a description of the methodology for the projections;
(C) if relevant (i.e., when a charter school is not yet open or to the extent an operating charter school projects a substantial increase in in-district ADA), documentation of the number of in-district students meaningfully interested in attending the charter school that is sufficient for the district to determine the reasonableness of the projection, but that need not be verifiable for precise arithmetical accuracy;
(D) the charter school's operational calendar;
(E) information regarding the district school site and/or general geographic area in which the charter school wishes to locate; and
(F) information on the charter school's educational program, if any, that is relevant to assignment of facilities.

(2) Projections of in-district ADA, in-district classroom ADA, and the number of in-district students shall be broken down by grade level and by the school in the school district that the student would otherwise attend.

(3) School districts may require the charter school to submit its facilities request containing the information specified in paragraphs (1) and (2) on a form available from the CDE and developed in consultation with the Advisory Commission on Charter Schools (ACCS) or another form specified by the school district. School districts may also require the charter school either to distribute a reasonable number of copies of the written facilities request for review by other interested parties, such as parents and teachers, or to otherwise make the request available for review.

(d) The school district shall review the charter school's projections of in-district and total ADA and in-district and total classroom ADA and, on or before December 1, express any objections in writing and state the projections the district considers reasonable. If the district does not express objections in writing and state its own projections by the deadline, the charter school's projections are no longer subject to challenge, and the school district shall base its offer of facilities on those projections.

Dec 1 district objections

(e) On or before January 2, the charter school shall respond to any objections expressed by the school district and to the district's projections provided pursuant to subdivision (d). The charter school shall reaffirm or modify its previous projections as necessary to respond to the information received from the district pursuant to subdivision (d). If the charter school does not respond by the deadline, the district's projections provided pursuant to subdivision (d) are no longer subject to challenge, and the school district shall base its offer of facilities on those projections.

Jan 2 charter response to objections

(f) On or before February 1, the school district shall prepare in writing a preliminary proposal regarding the space to be allocated to the charter school and/or to which the charter school is to be provided access. At a minimum, the preliminary proposal shall include (1) the projections of in-district classroom ADA on which the proposal is based, (2) the specific location or locations of the space, (3) all conditions pertaining to the space, including a draft of any proposed agreement pertaining to the charter school's use of the space, and (4) the projected pro rata share amount and a description of the methodology used to determine that amount. The district shall also provide the charter school a list and

Feb 1 district's preliminary proposal

March 1 charter response

description of the comparison group schools used in developing its preliminary proposal, and a description of the differences between the preliminary proposal and the charter school's facilities request as submitted pursuant to subdivision (b).
(g) On or before March 1, the charter school shall respond in writing to the school district's preliminary proposal made pursuant to subdivision (f), expressing any concerns, addressing differences between the preliminary proposal and the charter school's facilities request as submitted pursuant to subdivision (b), and/or making counter proposals.

April 1 district final notification

(h) On or before April 1, having reviewed any concerns and/or counter proposals made by the charter school pursuant to subdivision (g), the school district shall submit in writing a final notification of the space offered to the charter school. The notification shall include a response to the charter school's concerns and/or counter proposals (if any). The notification shall specifically identify:

(1) the teaching station, specialized classroom space, and non-teaching station space offered for the exclusive use of the charter school and the teaching station, specialized classroom space, and non-teaching station space to which the charter is to be provided access on a shared basis with district-operated programs;

(2) for shared space, the arrangements for sharing;

(3) the in-district classroom ADA assumptions for the charter school upon which the allocation is based and, if the assumptions are different than those submitted by the charter school pursuant to subdivision (e), a written explanation of the reasons for the differences;

(4) the specific location or locations of the space;

(5) all conditions pertaining to the space;

(6) the pro rata share amount; and

(7) the payment schedule for the pro rata share amount, which shall take into account the timing of revenues from the state and from local property taxes.

(i) The charter school must notify the school district in writing whether or not it intends to occupy the offered space. This notification must occur by May 1 or 30 days after the school district notification pursuant to subdivision (h), whichever is later. The charter school's notification can be withdrawn or modified before this deadline. After the deadline, if the charter school has notified the school district that it intends to occupy the offered space, the charter school is committed to paying the pro rata share amount as identified. If the charter school does not notify the school district by this deadline that it intends to occupy the offered space, then the space shall remain available for school district programs and the charter school shall not be entitled to use facilities of the school district in the following fiscal year.

(j) The space allocated to the charter school by the school district (or to which the school district provides the charter school access) must be furnished, equipped and available for occupancy by the charter school for a period of at least ten working days prior to the first day of instruction of the charter school. For good cause, the period is subject to reduction by the school district, but to no fewer than seven working days.

(k) The school district and the charter school shall negotiate an agreement regarding use of and payment for the space. The agreement shall contain at a minimum, the information included in the notification provided by the school district to the charter school pursuant to subdivision (h). In addition:

(1) The charter school shall maintain general liability insurance naming the school district as an additional insured to indemnify the school district for damage and losses for which the charter school is liable. The school district shall maintain first party property insurance for the facilities allocated to the charter school.

(2) The charter school shall comply with school district policies regarding the operations and maintenance of the school facility and furnishings and equipment.

(3) A reciprocal hold-harmless/indemnification provision shall be established between the school district and the charter school.

(4) The school district shall be responsible for any modifications necessary to maintain the facility in accordance with Education Code section 47610(d) or 47610.5.

(l) The charter school must report actual ADA to the school district every time that the charter school reports ADA for apportionment purposes. The reports must include in-district and total ADA and in-district and total classroom ADA. The charter school must maintain records documenting the data contained in the reports. These records shall be available on request by the school district.

§ 11969.10 If a dispute arises between a school district and a charter school concerning the provisions of Education Code section 47614 or this article, nothing in this article shall preclude the dispute being subject to mediation in accordance with the procedures set forth in this section, if agreeable to both parties. Mediation consists of the following:

(a) The initiating party shall select a mediator, subject to the agreement of the responding party. If, though agreeing to mediation, the parties are unable to agree upon a mediator, the CDE shall be requested by the initiating party to appoint a mediator within seven days to assist the parties in resolving the dispute. The mediator shall meet with the parties as quickly as possible.

(b) Within seven days of the selection or appointment of the mediator, the party initiating the dispute resolution process shall prepare and send to both the responding party and the mediator a notice of dispute that shall include the following information:

(1) The name, address, and phone numbers of designated representatives of the parties;

(2) A statement of the facts of the dispute, including information regarding the parties' attempts to resolve the dispute;

(3) The specific sections of the statute or regulations that are in dispute; and

(4) The specific resolution sought by the initiating party.

(c) Within seven days of receiving the information specified in subdivision (b), the responding party shall file a written response.

(d)(1) The mediation procedure shall be entirely informal in nature. However, copies of exhibits upon which either party bases its case shall be shared with the other party. The relevant facts shall be elicited in a narrative fashion to the extent possible, rather than through examination and cross-examination of witnesses. The rules of evidence will not apply and no record of the proceedings will be made.

(2) If an agreement is reached, the agreement shall be reduced to writing and shall be signed by the school district and the charter school. The agreement shall not set a precedent for any other case.

(3) If the school district and the charter school fail to meet within the specified

Section 11969.10
Mediation of
disputes

time line, have not reached an agreement within 15 days from the first meeting held by the mediator, or if the mediator declares the parties at impasse, the mediation is terminated.

(e) The costs of the mediation shall be divided equally by the two parties and paid promptly.

School 20 day Attendance Report pursuant to Section 10170.6(f)(3).

§ 10170.8 (a) By the second apportionment as described in Section 10170.9, Grantees shall provide final and actual rent or lease costs for the Fiscal Year.

(b) The Authority shall obtain from the Department final average daily attendance figures and FRPM Eligibility for each Grantee.

(c) Pursuant to Section 10170.9(d), the Authority shall consider invoices for additional facility costs as submitted pursuant to Section 10170.6(e).

Reimbursement for additional eligible costs submitted by invoice shall be limited to the criteria set forth in Section 10170.4(a)(2).

(d) Based on the information provided pursuant to subdivisions (a)-(c), the Authority shall verify program eligibility and calculate each Grantee's Final Fiscal Year Entitlement, pursuant to Section 10170.4(d).

Section 10170.9
Apportionment of
grant funds

§ 10170.9 (a) The first apportionment of 50% of the Estimated Annual Entitlement shall be disbursed to each Grantee by October 31 of the Fiscal Year for which the grant is requested, or 30 days after enactment of the annual Budget Act, whichever is later.

(b) For a Grantee that submitted an Application pursuant to Section 10170.5(a)(2), the first apportionment of 50% of the Estimated Annual Entitlement shall be made within 30 days after the Authority determines eligibility and the Estimated Annual Entitlement.

(c) No later than March 1 of each Fiscal Year, the Authority shall provide to each Grantee a second disbursement of 75% of the Estimated Annual Entitlement less the initial disbursement and less any adjustments due to receipt of the executed rental or lease agreement for the designated Fiscal Year.

(d) No later than 30 days after the end of each Fiscal Year or 30 days after receiving the data and documentation needed to compute the Charter School's total annual entitlement, whichever is later, the Authority shall provide to each Grantee a third disbursement of 100% of the Final Fiscal Year Entitlement less the first two disbursements and adjusted for any changes to the FRPM Eligibility data, ADA, and executed rental or leases agreements for the designated Fiscal Year. If reimbursement of invoices considered eligible pursuant to Section 10170.4(a)(2) is requested and Program funds remain, these costs will be incorporated into this final disbursement.

(e) If there are insufficient funds to cover all eligible costs, the following conditions shall be in effect:

(1) Facility rent and lease costs as described in Section 10170.4(a)(1), (a)(3), and (a)(4) shall be awarded first. If funds remain, the Authority shall determine the pro rata share for each Grantee's invoice costs as described in Section 10170.4(a)

(2) by calculating the percentage of the remaining funds available as compared to the funds needed to award all Grantees' eligible invoice costs. This percentage shall be applied to the Grantee's eligible invoice costs, as described in subsection (A) below.

(A) Eligible invoice costs = If 75% of (invoice costs + lease costs) > ADA Cap, then ADA Cap - (75% x lease costs), otherwise invoice costs.

(2) If insufficient funds remain available from the Fiscal Year's appropriation to reimburse Grantee's facility rent and lease costs, the award shall be based solely on rent and lease costs as described in Section 10170.4(a)(1), (a)(3) and (a)(4). The

Authority shall determine the pro rata share to which each Grantee is entitled by calculating the percentage of the Fiscal Year's appropriation as compared to the funds needed to fully award all Grantees' rent and lease costs. This percentage shall be applied to the Grantee's annual award and shall serve as the Grantee's pro rata share.

(3) The Authority shall disburse funds in three apportionments pursuant to subsections (b)-(e).

(A) The first apportionment shall be 50% of the pro rata share of the Estimated Annual Entitlement as determined by calculating the percentage of the Fiscal Year's appropriation as compared to the funds needed to fully award all Grantee's Maximum ADA Cap.

(B) The second apportionment shall be 25% of the pro rata share of the Estimated Annual Entitlement as determined by calculating the percentage of the Fiscal Year's appropriation as compared to the funds needed to fully award all Grantee's Maximum ADA Cap.

(C) The third apportionment shall be the pro rata share of the Grantee's remaining balance of the Final Fiscal Year Entitlement.

(4) Until the current year FRPM data is made available, Charter Schools with no Prior Year enrollment data shall have their FRPM based solely on the Charter School sites' Period 1 FRPM submission to the Department.

(5) During the Final Fiscal Year Entitlement Calculation, each eligible Applicant shall receive a Notice of Eligible Facility Costs (CSFA Form 740-03; revised October 2017), incorporated herein by reference. This notice shall serve as the Section 10170.10 Notification of Grantee and upon receipt, the Applicant shall have 30 days to review and execute the notice.

(6) The Applicant shall have the opportunity to appeal the Notice of Eligible Facility Costs and the Appeal Process under Section 10170.10 (b)-(g) shall be implemented.

(7) The Authority shall not disburse the third apportionment under subsection (e) until each eligible Applicant's executed Notice of Eligible Facility Costs has been received or October 30, whichever is earliest.

(f) If a Grantee's Final Fiscal Year Entitlement is less than the amount disbursed to the Grantee through the first two apportionments the Authority shall provide the Grantee with notice and require that the Grantee reimburse the Authority for the excess within 60 days of the Grantee's receipt of such notice.

(g) Prior to disbursement of funds for costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, improving sites, and common area maintenance, the Grantee shall complete the annual Invoice Expenditure Report, provided by the Authority. Grantee shall also submit supporting invoices, work orders, or other evidence of completed work to the Authority. Upon presentation of such evidence of actual costs incurred, such costs shall be reimbursed as a portion of the final apportionment. Such evidence shall be provided to the Authority no later than July 15 of the applicable Fiscal Year.

(h) At any time during each Fiscal Year the Authority reserves the right to:

(1) Adjust each Grantee's Estimated Annual Entitlement on a pro rata basis based on the number of approved Grantees, the total amount of Estimated Annual Entitlements, and the amount of funds available;

(2) Adjust Estimated Annual Entitlements for individual Grantees based on the

Authority's receipt of updated data from the Grantee or the Department; and
(3) If final data for FRPM Eligibility provided by the Department establishes that the Grantee is not eligible for the program pursuant to Section 10170.3(d), request reimbursement of grant funds already disbursed to the Grantee consistent with subdivision (d).

Section 10170.10
Notification of
grantee; appeal
process

§ 10170.10 (a) The Authority will provide notice to each Applicant of Authority staff's eligibility determination and award calculation pursuant to Sections 10170.7 and 10170.8.

(b) An Applicant shall have 30 calendar days from receipt of the Authority's notice to request reconsideration of eligibility or the award calculation by Authority staff.

(c) Authority staff shall have 30 calendar days to review an Applicant's request for reconsideration and provide a final staff decision.

(d) If the Applicant is unsatisfied with Authority staff's final decision, the Applicant shall have 30 calendar days following receipt of notice of the decision to notify the Authority that the Applicant wishes to appeal the matter to the Authority board.

(e) Upon receipt of an appeal notice from an Applicant, the matter will be considered by the Authority board at the next regularly scheduled Authority meeting.

(f) Applicants may request a single extension of up to 30 days for either of the deadlines provided in Section 10170.10 (b) or (d). Including the 30 day extension, the entire Appeal Process under subsections (b)-(d) may not exceed 120 days. The extension request must be approved by Authority staff and can be granted only one time during an appeal process. Staff shall consider the request for extension based on a showing of good cause and evaluate on a case-by case basis. Extensions granted under these conditions are considered final and not subject to an additional appeal process.

(g) If an appeal is not able to be resolved by the deadlines provided in Section 10170.10 (b), (d), and (f), the Authority shall deny the appeal based on a failure to comply with Program regulations. This decision is considered final and is not subject to an additional appeal.

(h) If an eligibility determination or award calculation is modified by Authority staff or the Authority Board, changes in apportionments will be processed and distributed to the Applicant within 30 days.

Section 10170.11

(b) Overcrowded School Site: If the applicant charter school is physically located within the driving distance of any public school as designated in the table below for which the public school is either 1) eligible for funding under the Overcrowding Relief Grant based on the current list qualified by the most current CALPADS or CBEDS, or 2) meets the criteria for the Critically Overcrowded School program based on the most current CALPADS or CBEDS, as identified for either program by the CDE, the applicant will receive 10 preference points. The driving distance will be determined by the Locale Code assigned by the U.S. Department of Education, and found on the National Center for Education Statistics (NCES) website. If no data is available on the NCES website for the applicant charter school, no points will be awarded under this category. The following table will be used to determine the maximum driving distance to receive preference points in this category:

Locale Code Maximum Driving Distance in Miles

City/Urban	3
Suburban	10
Town/Rural	15

(c) Nonprofit Entity: If the charter school or entity operating the charter school meets the definition of a nonprofit entity as defined in this article, the application will receive 20 preference points.

(d) Student Performance: If 60% of the charter school's students meet or exceed either the Smarter Balanced Assessment - English Language Arts/Literacy standard or the Smarter Balanced Assessment - Mathematics standard for the most recent year, to the extent data is available for all grades, the applicant will receive 20 preference points. Preference points will be based on data provided by the CDE.

(e) School Choice: If the charter school is providing a school choice option in a community of greatest need, it may receive up to 20 points through the following two options. The charter school may receive 10 points pursuant to subsection (e) (1) and 10 preference points pursuant to subsection (e)(2), to the extent data is available from CDE for all grades.

(1) Smarter Balanced Assessment - English Language Arts / Literacy standard: If the applicant charter school is physically located within the driving distance as found in the table in subsection (b) of any traditional public school serving a minimum of 50 percent of the same grade levels assessed (grades 3-8 and 11) as the applicant charter school for which CDE has calculated Smarter Balanced Assessment - English Language Arts/Literacy standard data and a higher percentage of the applicant charter school's students met or exceeded the Smarter Balanced Assessment - English Language Arts/Literacy standard than did the traditional school's students for the most recent year, the applicant charter school will receive 10 preference points. Verification of Smarter Balanced Assessment - English Language Arts/Literacy standard data shall be based on data provided by the CDE. The driving distance will be determined by the Locale Code assigned by the U.S. Department of Education and found on the NCES website. If no data is available on the NCES website or CDE website for the applicant charter school, no points will be awarded under this category.

(2) Smarter Balanced Assessment - Mathematics Standard: If the applicant charter school is physically located within the driving distance as found in the table in subsection (b) of any traditional public school serving a minimum of 50 percent of the same grade levels assessed (grades 3-8 and 11) as the applicant charter school for which CDE has calculated Smarter Balanced Assessment - Mathematics standard data and a higher percentage of the applicant charter school's students met or exceeded the Smarter Balanced Assessment - Mathematics standard than did the traditional public school's students for the most recent year, the applicant charter school will receive 10 preference points. Verification of Smarter Balanced Assessment - Mathematics standard data shall be based on data provided by the CDE. The driving distance will be determined by the Locale Code assigned by the U.S. Department of Education and found on the NCES website. If no data is available on the NCES website or CDE website for the applicant charter school, no

points will be awarded under this category.

(f) First-Time Award Competitive Priority: If an applicant charter school has not previously received an award under the Program, the applicant charter school shall receive an additional 20 preference points.

§ 10183 (a) In each funding round, staff shall rank the applications based on the scores received, with the highest score based on preference points ranking first. In the event that more than one application has the same overall score, the application with the highest percentage in the low-income category will receive a higher ranking. If more than one application has the same overall score as well as the same low-income percentage, the application with the highest points in the overcrowded school district category will receive a higher ranking. If application of the tiebreaker described above results in more than one application still having the same ranking, applications with the earliest mailing time will be given preference. Applications that are hand-delivered and do not have a mailing time will be given preference in this situation based on the time received by the Authority.

(b) If the application is not complete at the time of submission, the applicant will be notified of the deficiencies and asked to submit the missing information. Failure to provide the required additional information will result in the applicant being deemed ineligible.

(c) For each funding round, the Authority shall make an initial award for each application, taking into account the ranking of all applications, the total amount of funds requested and the total amount of funds available. In the event total funds requested exceed total funds available, the Authority shall allocate funds beginning with the application scoring the highest ranking, and then proceed with the next highest rank until all funds have been awarded.

§ 10184 Allocations approved by the Authority at a regularly scheduled board meeting shall be awarded as grants to subgrantees. Subgrantees will be notified in writing of the amount of the grant and the disbursement schedule within seven (7) business days of the board meeting.

§ 10185 (a) Grant funds shall be used for the immediate needs of the designated project. Grant funds must be obligated and expended by the dates specified in the grant agreement. The funding period will be no more than three (3) years, which means that all funds must be obligated no more than three (3) years from when a grant is awarded and all funds must be liquidated no more than three (3) years and 90 days from when the grant was awarded by the Authority. The grant is deemed awarded and the grant period begins on the date stated in the Grant Agreement.

(b) The end of the funding periods for the first five (5) funding rounds is designated by the U.S. Department of Education:

(1) The end of the funding period for funding rounds one (1) through five (5) was designated as September 30, 2013.

(2) The end of the funding period for funding rounds six (6) through ten (10) was designated as September 30, 2017.

(3) The end of the funding period for funding rounds 11-15 is currently targeted as September 30, 2019.

(c) No extensions of the funding period will be considered or allowed unless approved in writing by the U.S. Department of Education. Grants to subgrantees

that are made within three (3) years of the end of the funding period will be awarded based on the amount of time remaining in the funding period.

(d) Within one year of the grant award date, subgrantees that receive an award for purchase, construction, or renovation shall provide, in form and substance satisfactory to the Authority, any and all documents necessary to establish that the approved project has been initiated. Such subgrantees shall also provide the Authority with semi-annual progress reports and shall annually provide sufficient documentation, as determined by the Authority, to approve disbursements equal to one-third of the total award. Failure to draw down an amount equal to one-third of the total award annually will result in the loss of one-third of the total award, less any funds previously distributed in the applicable year. Funds will immediately revert to the Authority.

(1) In extraordinary circumstances and on a case-by case basis, the Authority may approve extensions to the one-third draw down requirement and allow subgrantees an additional time to draw down funds. Subgrantees will be required to submit a request for the extension in writing, including a statement of need to be evaluated by Authority. In no circumstances shall the extension be granted beyond the three-year grant term.

(e) If Authority staff determines at its discretion that the subgrantee does not demonstrate timeliness, readiness, or feasibility in providing verification of continued eligibility for each disbursement, the subgrantee will not be eligible for disbursement of Grant funds.

(f) Subgrantees who fail to respond to inquiries and/or requests from Authority staff may be declared ineligible to continue participation in the Program. Should the Authority, at its sole discretion, deem a subgrantee nonresponsive, it shall be given 90 days to cure all outstanding issues to the satisfaction of the Authority. If all issues are not resolved to the full satisfaction of the Authority within this time, the subgrantee may be declared ineligible to receive all remaining disbursements under the Program and the forfeited funds will immediately revert back to the Authority.

(g) For lease or Proposition 39 subgrantees only, the Authority may increase an award in any year of the three (3) year grant term should the subgrantee's lease costs go up and additional funding become available.

(1) Increases to awards will be calculated and awarded based on the subgrantee's preference points at the time the award was made and based on the Evaluation Criteria cited in Section 10182. Subgrantees with the highest preference points for lease or Proposition 39 awards will be re-evaluated to determine the eligibility of the increased costs and the continued applicability of the preference points. Subgrantees may receive additional funds, up to the increased lease amount, until all newly available funding has been allocated.

Section 10186
Approval of grant
use change

§ 10186 The Authority may, on a case-by-case basis, consider a change in the use of the grant funds if the subgrantee demonstrates, to the Authority's satisfaction, that the change is consistent with the Program and this Article.

Section 10187
Grant agreements

§ 10187 The terms and conditions of a grant shall be set forth in a grant agreement, which shall include, but not be limited to, all of the following terms and conditions:
(a) The dates by which the grant funds must be legally obligated, expended and liquidated.

(b) A provision that any unspent grant funds and any unspent investment earnings

on such grant funds shall revert to the Authority.

(c) Agreement to comply with this Article and federal requirements pertaining to the Program.

(d) Agreement that the subgrantee will defend, indemnify, and hold harmless the Authority and the state, and all officers, trustees, agents, and employees of the same, from and against any and all claims, losses, costs, damages, or liability of any kind or nature, whether direct or indirect, arising from or relating to the grant and the project or the Program.

(e) Agreement that the grant shall only be used for projects as described in the subgrantee's application and approved by the Authority.

(f) Any audit provisions as required by the Authority and/or the U.S. Department of Education.

(g) The charter school shall continuously maintain its good standing with the chartering authority and its compliance with the terms of the charter. The Authority reserves the right to contact the chartering authority directly seeking written verification that the school is in good standing and in compliance with the terms of its charter.

(h) Applicants are required to notify the Authority within 30 days of any material changes to the charter school, including changes to the school name; facility address and lease terms; enrollment charter status and charter authorizer; nonprofit status; financial condition; or scope of the project that occurs between the time of application and the time of completing the project and submitting the final performance report.

(i) Current enrollment based on CALPADS or CBEDS is to be reported to the Authority within 30 days of the end of each Academic Year, until the time at which project completion and the final performance report is submitted.

(j) In the event that the charter school is not in compliance with its charter authorizer or the charter is not in good standing, not renewed, or revoked at any time during the grant period, the subgrantee will advise the Authority within 30 days of notification of such action, including providing the Authority with a copy of the document provided by the chartering entity notifying the charter school of such action.

(k) All subgrantees are required to submit two copies of a final performance report within 60 days after the expiration or termination of grant support.

(l) The format of all performance reports will be provided by the Authority and will include information requested by the U.S. Department of Education.

(m) Any other provisions required by the Authority and/or the U.S. Department of Education.

§ 10188 (a) No grant funds shall be released until the grant agreement and supporting attachments have been provided and it has been determined by the Authority that the charter school continuously meets the requirements of the grant program.

Section 10188
Release of funds

Applicants shall be afforded three options for disbursement of grant funds, depending on the use of the grant award:

(1) Option One: Base Rent/Debt Service/Proposition 39 pro-rata payments. Under the first option, charter schools shall apply monthly disbursements of grant funds toward the eligible monthly costs of rentor debt service payments over a three-year

period, if such costs are sufficiently documented to the Authority's satisfaction.

(A) Grant fund awards shall be released on the dates listed in the grant agreement.

(B) All disbursements of Grant fund awards shall be processed according to the schedule established by the Authority.

(C) All subgrantees shall submit documentation of continued eligibility on a semi-annual basis during the months of February and August.

(D) Documentation of continued eligibility shall include, but not be limited to, copies of the current charter and current lease(s); verification of any changes to the subgrantee's name, project, project location, or facility costs; executed amendments to the grant agreement, when appropriate; and verification and/or status of pending or threatened legal issues or investigations.

(E) Documentation of continued eligibility shall require verification the subgrantee charter school is continuously in good standing with its chartering authority and continuously in compliance with the terms of its charter without interruption throughout the term of the grant. The Authority will rely on information from the chartering authority regarding the school's good standing and compliance with the terms of its charter. Charter schools may appeal any response by the chartering authority's staff directly to the chartering authority's governing board. It shall be the charter school's responsibility, and not the Authority's, to ensure that the good standing and compliance response letter is received by the relevant deadline.

(F) Documentation of continued eligibility shall require submission of a completed LSQ (as may be amended from time to time) disclosing information relating to any legal or regulatory proceedings or investigations in which the subgrantee or its parent/subsidiary/affiliate is or has been a party and which might have a material impact on the financial or educational viability of the charter school. The responses to the LSQ and all supporting documents related to the responses will be reviewed by Authority staff and legal counsel prior to authorizing additional disbursements of grant funds.

(G) Documentation of continued eligibility must be received and approved by the Authority on or before February 28 and August 31 of each year in order for the Authority to release a disbursement.

(H) Failure to meet the February 28 or August 31 deadline shall result in the subgrantee being declared ineligible to receive the first monthly disbursement of the respective semi-annual disbursement period. The forfeited funds cannot be disbursed retroactively and will immediately revert back to the Authority.

(I) If the required documentation is not received and approved by the Authority within 30 calendar days following the February 28 and August 31 deadline, the subgrantee shall be declared ineligible to receive the remaining five monthly disbursements for the respective semi-annual disbursement period. The forfeited funds cannot be distributed retroactively and will immediately revert back to the Authority.

(J) Failure to meet the semi-annual deadlines consecutively and provide documentation within 30 calendar days from each deadline shall result in the subgrantee being declared ineligible to receive all remaining disbursements under the grant program. The forfeited funds will immediately revert back to the Authority.

(2) Option Two: Construction/Renovation. Under the second disbursement option, charter schools shall have the choice of applying grant funds (equal to a three-year award) toward the costs of constructing or renovating a facility, if such costs are

sufficiently documented to the Authority's satisfaction. Charter schools requesting the second option will be required to demonstrate project readiness at the time of application. Such project readiness may include, but not be limited to proof of site control for the term of the grant and detailed project plans and drawings.

(A) Processing Disbursements:

1. Requests for disbursement shall be processed when the Authority, in its sole discretion, determines that the invoices and supporting documents are complete.
2. Repeated failure by the subgrantee to timely respond to Authority staff's request for additional documentation or information related to disbursement requests may result in subgrantee being found ineligible to receive grant funds as described in Section 10185.

(B) Subgrantees are required to draw down an amount equal to one-third of their total award within the first year of the grant term. Failure to draw down an amount equal to one-third of the total award annually will result in the loss of one-third of the total award, less any funds previously distributed in the applicable year. Funds will immediately revert to the Authority.

1. In extraordinary circumstances and on a case-by case basis, the Authority may approve extensions to the one-third draw down requirement and allow subgrantees additional time to draw down funds. Subgrantees will be required to submit a request for the extension including a statement of need to be evaluated by Authority. In no circumstances shall the extension be granted beyond the three-year grant term.

(C) All subgrantees shall submit documentation of continued eligibility on a semi-annual basis during the months of February and August.

(D) Documentation of continued eligibility shall include, but not be limited to, copies of the current charter and current lease(s); verification of any changes to the subgrantee's name, project, project location, or facility costs; executed amendments to the grant agreement, when appropriate; and verification and/or status of pending or threatened legal issues or investigations.

(E) Documentation of continued eligibility shall require verification the subgrantee charter school is continuously in good standing with its chartering authority and continuously in compliance with the terms of its charter without interruption throughout the term of the grant. The Authority will rely on information from the chartering authority regarding the school's good standing and compliance with the terms of its charter. Charter schools may appeal any response by the chartering authority's staff directly to the chartering authority's governing board. It shall be the charter school's responsibility, and not the Authority's, to ensure that the good standing and compliance response letter is received by the relevant deadline.

(F) Documentation of continued eligibility shall require submission of a completed LSQ (as may be amended from time to time) disclosing information relating to any legal or regulatory proceedings or investigations in which the subgrantee or its parent/subsidiary/affiliate is or has been a party and which might have a material impact on the financial or educational viability of the charter school. The responses to the LSQ and all supporting documents related to the responses will be reviewed by Authority staff and legal counsel prior to authorizing additional disbursements of grant funds.

(G) Documentation of continued eligibility must be received and approved by the Authority on or before February 28 and August 31 of each year in order for the

Authority to release a disbursement.

(H) Failure to meet the February 28 or August 31 deadline shall result in the subgrantee being declared ineligible to receive the first monthly disbursement of the respective semi-annual disbursement period. The forfeited funds cannot be disbursed retroactively and will immediately revert back to the Authority.

(I) If the required documentation is not received and approved by the Authority within 30 calendar days following the February 28 and August 31 deadline, the subgrantee shall be declared ineligible to receive the remaining five monthly disbursements for the respective semi-annual disbursement period. The forfeited funds cannot be distributed retroactively and will immediately revert back to the Authority.

(J) Failure to meet the semi-annual deadlines consecutively and provide documentation within 30 calendar days from each deadline shall result in the subgrantee being declared ineligible to receive all remaining disbursements under the grant program. The forfeited funds will immediately revert back to the Authority.

(3) Option Three: Purchase. Under the third disbursement option, charter schools shall have the choice of applying grant funds (equal to a three-year award) toward the costs of acquiring a facility or land, if such costs are sufficiently documented to the Authority's satisfaction. Charter schools requesting the third option will be required to demonstrate a commitment toward the acquisition of a facility at the time of application. Such commitment may include, but not be limited to, verification of the charter school's possession of an option to purchase land.

(A) Processing Disbursements:

1. Requests for disbursement shall be processed when the Authority, in its sole discretion, determines that the invoices and supporting documents are complete.
2. Repeated failure by the subgrantee to timely respond to Authority staff's request for additional documentation or information related to disbursement requests may result in subgrantee being found ineligible to receive grant funds as described in Section 10185.

(B) Subgrantees are required to draw down an amount equal to one-third of their total award within the first year of the grant term. Failure to draw down an amount equal to one-third of the total award annually will result in the loss of one-third of the total award, less any funds previously distributed in the applicable year. Funds will immediately revert to the Authority.

(1) In extraordinary circumstances and on a case-by case basis, the Authority may approve extensions to the one-third draw down requirement and allow subgrantees additional time to draw down funds. Subgrantees will be required to submit a request for the extension in writing, including a statement of need to be evaluated by Authority. In no circumstances shall the extension be granted beyond the three-year grant term.

(C) All subgrantees shall submit documentation of continued eligibility on a semi-annual basis during the months of February and August.

(D) Documentation of continued eligibility shall include, but not be limited to, copies of the current charter and current lease(s); verification of any changes to the subgrantee's name, project, project location, or facility costs; executed amendments to the grant agreement, when appropriate; and verification and/or status of pending or threatened legal issues or investigations.

(E) Documentation of continued eligibility shall require verification the subgrantee

charter school is continuously in good standing with its chartering authority and continuously in compliance with the terms of its charter without interruption throughout the term of the grant. The Authority will rely on information from the chartering authority regarding the school's good standing and compliance with the terms of its charter. Charter schools may appeal any response by the chartering authority's staff directly to the chartering authority's governing board. It shall be the charter school's responsibility, and not the Authority's, to ensure that the good standing and compliance response letter is received by the relevant deadline.

(F) Documentation of continued eligibility shall require submission of a completed LSQ (as may be amended from time to time) disclosing information relating to any legal or regulatory proceedings or investigations in which the subgrantee or its parent/subsidiary/affiliate is or has been a party and which might have a material impact on the financial or educational viability of the charter school. The responses to the LSQ and all supporting documents related to the responses will be reviewed by Authority staff and legal counsel prior to authorizing additional disbursements of grant funds.

(G) Documentation of continued eligibility must be received and approved by the Authority on or before February 28 and August 31 of each year in order for the Authority to release a disbursement.

(H) Failure to meet the February 28 or August 31 deadline shall result in the subgrantee being declared ineligible to receive the first monthly disbursement of the respective semi-annual disbursement period. The forfeited funds cannot be disbursed retroactively and will immediately revert back to the Authority.

(I) If the required documentation is not received and approved by the Authority within 30 calendar days following the February 28 and August 31 deadline, the subgrantee shall be declared ineligible to receive the remaining five monthly disbursements for the respective semi-annual disbursement period. The forfeited funds cannot be distributed retroactively and will immediately revert back to the Authority.

(J) Failure to meet the semi-annual deadlines consecutively and provide documentation within 30 calendar days from each deadline shall result in the subgrantee being declared ineligible to receive all remaining disbursements under the grant program. The forfeited funds will immediately revert back to the Authority.

(b) Subgrantees applying grant funds toward the costs of acquiring land and purchasing, constructing, or renovating a facility must also provide all documentation verifying eligible costs annually, as described in Section 10185.

§ 10189 (a) The subgrantee shall certify to the Authority that the project is complete and, to the extent not already provided to the Authority, provide supporting documentation as follows:

(1) Construction and renovation projects require documentation including, but not limited to, copies of the certificate of occupancy, final payment certification by the architect, final payment request from the contractor and corresponding copies of cancelled checks. If the subgrantee does not provide copies of cancelled checks, the subgrantee shall provide wire transfers, electronic fund transfers or other evidence acceptable to the Authority in lieu of copies of cancelled checks.

(2) Real property acquisition projects require a copy of the final closing statement

Section 10189
Completion of grant

project

with certification by the title company, to be received by the Authority within 60 days of the disbursement of grant funds.

(b) If the subgrantee fails to complete the project within the project period, the Authority may require remedies, including forfeiture and return of all grant funds and any accrued interest thereon to the Authority.

(c) The Authority reserves the right to conduct site visits to any charter school facility or project receiving a grant pursuant to this Article.

(d) The Authority or Authority staff may seek third party verification regarding any and all applicable costs associated with the facility/project receiving a grant pursuant to this Article.

Section 10190
Audits and conflicts
of interest

§ 10190 (a) The Authority and/or the Bureau of State Audits may conduct or require periodic audits to ensure subgrantees are using grant funds consistent with the requirements and the terms of the Program, the State Charter School Facilities Incentive Grant, and this article as approved. Subgrantees shall retain all documentation and financial data necessary to substantiate the purposes for which the grant funds were spent for a period of three years after the certification of completion of the project has been submitted or three years after the end of the funding period, whichever is longer.

(b) Subgrantees must avoid apparent and actual conflicts of interest when administering grants from the U.S. Department of Education. Department regulations at 34 CFR 75.525(a) prohibit a person from participating in an administrative decision regarding a project if (a) the decision is likely to benefit that person or his or her immediate family members; and (b) the person is a public official or has a family or business relationship with the subgrantee. Section 75.525(b) provides further that a subgrantee may not permit any person participating in a project to use his or her position for a purpose that is - or gives the appearance of being - motivated by a desire for a private or financial gain for that person or for others.

(c) When using federal funds to enter into a contract, a State or local entity receiving a grant must comply with 34 CFR 80.36. These standards require federal grant subgrantees to develop written procurement procedures and to conduct all procurement transactions in a manner that provides, to the maximum extent possible, open and free competition. No employee, officer, or agent of the subgrantee may participate in the selection, award, or administration of any contract supported by federal funds if a real or apparent conflict of interest exists.

(d) When these funds are used for construction-related activities, such as constructing a school building, renovating an existing owned school facility, or making leasehold improvements, contractors or subcontractors on the projects assisted with these federal funds must be in compliance with Davis-Bacon and Related Acts. (40 U.S.C. § 3141, et seq.; 29 U.S.C. § 201, et seq.; 40 U.S.C. § 3701, et seq.; 40 U.S.C. § 3145; and 18 U.S.C. § 874.)

(e) The Authority reserves the right to conduct site visits to any charter school facility or project receiving a grant pursuant to this Article.

Section 10191
Funding contingency

§ 10191 (a) This grant program is contingent upon the receipt of funds in each budget period as scheduled by the U.S. Department of Education.

(b) Continuing apportionments to subgrantees will be contingent upon the subgrantee's eligibility to receive such apportionments.

N. APPORTIONMENTS AND REVENUE

CHAPTER 1 - LOCAL CONTROL FUNDING FORMULA, Education Code

Sections 42238.01-42238.07

Section 42238.01
Definitions

§ 42238.01 For purposes of Section 42238.02, the following definitions shall apply: (a) “Eligible for free or reduced-price meals” means determined to meet federal income eligibility criteria, either through completing an application for the federal National School Lunch Program or through an alternative household income data collection form, or deemed to be categorically eligible for free or reduced-price meals under the federal National School Lunch Program, as described in Part 245 of Title 7 of the Code of Federal Regulations.

(1)(A) A school participating in a special assistance alternative authorized by Section 11(a)(1) of the federal Richard B. Russell National School Lunch Act (Public Law 113-79), including Provision 2, Provision 3, or the Community Eligibility Provision, may establish a base year for purposes of the local control funding formula by doing either of the following:

(i) Determining the pupils at the school who are eligible for free or reduced-price meals and using each pupil’s eligibility status in that base year to report eligibility for up to each of the following three school years.

(ii) Carrying forward eligibility for pupils eligible for free or reduced-price meals from the school year in which the school applied to use a federal universal school meal provision, and using each pupil’s eligibility status from the application year to report eligibility for up to each of the following three school years.

(B) The school may include between base year eligibility determinations, any newly enrolled pupils who are determined to be eligible for free or reduced-price meals or any current pupils found to be newly eligible for free or reduced-price meals as identified through a local or state direct certification match or another categorical designation.

(2) A school that uses the special assistance alternative shall maintain information on each pupil’s eligibility status and annually submit information on that status in the California Longitudinal Pupil Achievement Data System pursuant to paragraph (2) of subdivision (b) of Section 42238.02 or subparagraph (A) of paragraph (3) of subdivision (b) of Section 2574, as applicable.

(3) For a pupil who transfers to a school using a special assistance alternative and who is transferring between schools within the same school district, documentation supporting eligibility for that pupil for purposes of the local control funding formula may be transferred from the pupil’s old school to the pupil’s new school, as long as the documentation supporting eligibility for that pupil is less than four years old and is updated at least once every four years.

(4) To the extent permitted by federal law, a school may choose to establish a new base year for purposes of the federal National School Lunch Program at the same time the school establishes a new base year for purposes of the local control funding formula. A school may use federal National School Lunch Program application forms to collect household income data as permitted under the federal National School Lunch Program. If the use of federal National School Lunch Program application forms is not permitted, a school shall use alternative household income data collection forms.

- (5) An alternative household income data collection form shall be confidential and shall not be shared by the school other than as necessary for purposes of determining funding allocations under the local control funding formula and for assessing the accountability of that funding. An alternative household income data collection form shall contain, at a minimum, all of the following information:
- (A) Information sufficient to identify the pupil or pupils.
 - (B) Information sufficient to determine that the pupil or household meets federal income eligibility criteria sufficient to qualify for either a free or reduced-priced meal under the federal Richard B. Russell National School Lunch Act (Public Law 113-79).
 - (C) Certification that the information is true and correct by the pupil's adult household member.
- (6) Paragraphs (1) and (3) are effective commencing with the 2014–15 fiscal year.
- (b) “Foster youth” means any of the following:
- (1) A child who is the subject of a petition filed pursuant to Section 300 of the Welfare and Institutions Code, whether or not the child has been removed from the child's home by the juvenile court pursuant to Section 319 or 361 of the Welfare and Institutions Code.
 - (2) A child who is the subject of a petition filed pursuant to Section 602 of the Welfare and Institutions Code, has been removed from the child's home by the juvenile court pursuant to Section 727 of the Welfare and Institutions Code, and is in foster care as defined by subdivision (d) of Section 727.4 of the Welfare and Institutions Code.
 - (3) A nonminor under the transition jurisdiction of the juvenile court, as described in Section 450 of the Welfare and Institutions Code, who satisfies all of the following criteria:
 - (A) The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court, and is not more than 19 years of age on or after January 1, 2012, not more than 20 years of age on or after January 1, 2013, and not more than 21 years of age, on or after January 1, 2014, and as described in Section 10103.5 of the Welfare and Institutions Code.
 - (B) The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization that entered into an agreement pursuant to Section 10553.1 of the Welfare and Institutions Code.
 - (C) The nonminor is participating in a transitional independent living case plan pursuant to Section 475(8) of the federal Social Security Act (42 U.S.C. to pupils of the same age or grade whose primary language is English. “English learner” shall have the same meaning as provided for in subdivision (a) of Section 306 and as “pupils of limited English proficiency.”

§ 42238.02 (a) The amount computed pursuant to this section shall be known as the school district and charter school local control funding formula.

Section 42238.02
Local control
funding formula,
charter school

(b) (1) For purposes of this section “unduplicated pupil” means a pupil enrolled in a school district or a charter school who is either classified as an English learner, eligible for a free or reduced-price meal, or is a foster youth. A pupil shall be counted only once for purposes of this section if any of the following apply:

Unduplicated pupil

(A) The pupil is classified as an English learner and is eligible for a free or reduced-price meal.

(B) The pupil is classified as an English learner and is a foster youth.

(C) The pupil is eligible for a free or reduced-price meal and is classified as a foster youth.

(D) The pupil is classified as an English learner, is eligible for a free or reduced-price meal, and is a foster youth.

(2) Under procedures and timeframes established by the Superintendent, commencing with the 2013–14 fiscal year, a school district or charter school shall annually submit its enrolled free and reduced-price meal eligibility, foster youth, and English learner pupil-level records for enrolled pupils to the Superintendent using the California Longitudinal Pupil Achievement Data System.

(3) (A) Commencing with the 2013–14 fiscal year, a county office of education shall review and validate certified aggregate English learner, foster youth, and free or reduced-price meal eligible pupil data for school districts and charter schools under its jurisdiction to ensure the data is reported accurately. The Superintendent shall provide each county office of education with appropriate access to school district and charter school data reports in the California Longitudinal Pupil Achievement Data System for purposes of ensuring data reporting accuracy.

(B) The Controller shall include the instructions necessary to enforce paragraph (2) in the audit guide required by Section 14502.1. The instructions shall include, but are not necessarily limited to, procedures for determining if the English learner, foster youth, and free or reduced-price meal eligible pupil counts are consistent with the school district’s or charter school’s English learner, foster youth, and free or reduced-price meal eligible pupil records.

(4) The Superintendent shall make the calculations pursuant to this section using the data submitted by local educational agencies, including charter schools, through the California Longitudinal Pupil Achievement Data System. Under timeframes and procedures established by the Superintendent, school districts and charter schools may review and revise their submitted data on English learner, foster youth, and free or reduced-price meal eligible pupil counts to ensure the accuracy of data reflected in the California Longitudinal Pupil Achievement Data System.

(5) The Superintendent shall annually compute the percentage of unduplicated pupils for each school district and charter school by dividing the enrollment of unduplicated pupils in a school district or charter school by the total enrollment in that school district or charter school pursuant to all of the following:

(A) For the 2013–14 fiscal year, divide the sum of unduplicated pupils for the

2013–14 fiscal year by the sum of the total pupil enrollment for the 2013–14 fiscal year.

(B) For the 2014–15 fiscal year, divide the sum of unduplicated pupils for the 2013–14 and 2014–15 fiscal years by the sum of the total pupil enrollment for the 2013–14 and 2014–15 fiscal years.

(C) For the 2015–16 fiscal year and each fiscal year thereafter, divide the sum of unduplicated pupils for the current fiscal year and the two prior fiscal years by the sum of the total pupil enrollment for the current fiscal year and the two prior fiscal years.

(D) (i) For purposes of the quotients determined pursuant to subparagraphs (B) and (C), the Superintendent shall use a school district's or charter school's enrollment of unduplicated pupils and total pupil enrollment in the 2014–15 fiscal year instead of the enrollment of unduplicated pupils and total pupil enrollment in the 2013–14 fiscal year if doing so would yield an overall greater percentage of unduplicated pupils.

(ii) It is the intent of the Legislature to review each school district and charter school's enrollment of unduplicated pupils for the 2013–14 and 2014–15 fiscal years and provide one-time funding, if necessary, for a school district or charter school with higher enrollment of unduplicated pupils in the 2014–15 fiscal year as compared to the 2013–14 fiscal year.

(E) (i) Notwithstanding any other law, for purposes of subparagraph (C), the unduplicated pupils and total pupil enrollment in prior fiscal years shall be the following:

(Subclause (E)(II)
becomes inoperative
July 1, 2023)

(I) For a transferred charter school, the counts shall be equal to the counts reported for the original charter school.

(II) For an acquiring charter school, the counts shall be equal to the counts reported for the original charter school. This subclause shall become inoperative on July 1, 2023, unless its operation is extended by the Legislature.

(III) For the restructured portions of a divided charter school, the counts shall be zero.

(IV) For the remaining portion of a divided charter school, the counts shall be equal to the counts reported for the original charter school.

(ii) The definitions in Section 47654 apply for purposes of this subparagraph.

(6) Notwithstanding subdivision (a) of Section 14002, the data used to determine the percentage of unduplicated pupils shall be final once that data is no longer used in the current fiscal year calculation of the percentage of unduplicated pupils. This paragraph does not apply to a change that is the result of an audit exception, as described in paragraph (2) of subdivision (a) of Section 41341.

(c) Commencing with the 2013–14 fiscal year and each fiscal year thereafter, the Superintendent shall annually calculate a local control funding formula grant for each school district and charter school in the state pursuant to this section.

(d) The Superintendent shall compute a grade span adjusted base grant equal to the total of the following amounts:

(1) For the 2013–14 fiscal year, a base grant of:

(A) Six thousand eight hundred forty-five dollars (\$6,845) for average daily attendance in kindergarten and grades 1 to 3, inclusive.

(B) Six thousand nine hundred forty-seven dollars (\$6,947) for average daily

attendance in grades 4 to 6, inclusive.

(C) Seven thousand one hundred fifty-four dollars (\$7,154) for average daily attendance in grades 7 and 8.

(D) Eight thousand two hundred eighty-nine dollars (\$8,289) for average daily attendance in grades 9 to 12, inclusive.

(2) In each year the grade span adjusted base grants in paragraph (1) shall be adjusted by the percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the third quarter of the prior fiscal year. This percentage change shall be determined using the latest data available as of May 10 of the preceding fiscal year compared with the annual average value of the same deflator for the 12-month period ending in the third quarter of the second preceding fiscal year, using the latest data available as of May 10 of the preceding fiscal year, as reported by the Department of Finance.

(3) (A) The Superintendent shall compute an additional adjustment to the kindergarten and grades 1 to 3, inclusive, base grant as adjusted for inflation pursuant to paragraph (2) equal to 10.4 percent. The additional grant shall be calculated by multiplying the kindergarten and grades 1 to 3, inclusive, base grant, as adjusted by paragraph (2), by 10.4 percent.

(B) Until paragraph (4) of subdivision (b) of Section 42238.03 is effective, as a condition of the receipt of funds in this paragraph, a school district shall make progress toward maintaining an average class enrollment of not more than 24 pupils for each schoolsite in kindergarten and grades 1 to 3, inclusive, unless a collectively bargained alternative annual average class enrollment for each schoolsite in those grades is agreed to by the school district, pursuant to the following calculation:

(i) Determine a school district's average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, in the prior year. For the 2013–14 fiscal year, this amount shall be the average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, in the 2012–13 fiscal year.

(ii) Determine a school district's proportion of total need pursuant to paragraph (2) of subdivision (b) of Section 42238.03.

(iii) Determine the percentage of the need calculated in clause (ii) that is met by funding provided to the school district pursuant to paragraph (3) of subdivision (b) of Section 42238.03.

(iv) Determine the difference between the amount computed pursuant to clause (i) and an average class enrollment of not more than 24 pupils.

(v) Calculate a current year average class enrollment adjustment for each schoolsite for kindergarten and grades 1 to 3, inclusive, equal to the adjustment calculated in clause (iv) multiplied by the percentage determined pursuant to clause (iii).

(C) School districts that have an average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, of 24 pupils or less for each schoolsite in the 2012–13 fiscal year, shall be exempt from the requirements of subparagraph

(B) so long as the school district continues to maintain an average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, of not

more than 24 pupils, unless a collectively bargained alternative ratio is agreed to by the school district.

(D) Upon full implementation of the local control funding formula, as a condition of the receipt of funds in this paragraph, all school districts shall maintain an average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, of not more than 24 pupils for each schoolsite in kindergarten and grades 1 to 3, inclusive, unless a collectively bargained alternative ratio is agreed to by the school district.

(E) The average class enrollment requirement for each schoolsite for kindergarten and grades 1 to 3, inclusive, established pursuant to this paragraph shall not be subject to waiver by the state board pursuant to Section 33050 or by the Superintendent.

(F) The Controller shall include the instructions necessary to enforce this paragraph in the audit guide required by Section 14502.1. The instructions shall include, but are not necessarily limited to, procedures for determining if the average class enrollment for each schoolsite for kindergarten and grades 1 to 3, inclusive, exceeds 24 pupils, or an alternative average class enrollment for each schoolsite pursuant to a collectively bargained alternative ratio. The procedures for determining average class enrollment for each schoolsite shall include criteria for employing sampling.

(4) The Superintendent shall compute an additional adjustment to the base grant for grades 9 to 12, inclusive, as adjusted for inflation pursuant to paragraph (2), equal to 2.6 percent. The additional grant shall be calculated by multiplying the base grant for grades 9 to 12, inclusive, as adjusted by paragraph (2), by 2.6 percent.

(e) The Superintendent shall compute a supplemental grant add-on equal to 20 percent of the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (d), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), for each school district's or charter school's percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b). The supplemental grant shall be calculated by multiplying the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), by 20 percent and by the percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in that school district or charter school. The supplemental grant shall be expended in accordance with the regulations adopted pursuant to Section 42238.07.

(f) (1) (A) The Superintendent shall compute a concentration grant add-on equal to 50 percent of the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (d), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), for each school district's or charter school's percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the school district's or charter school's total enrollment. The concentration grant shall be calculated by multiplying the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (d), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), by 50 percent and by the percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the total enrollment in that school district or charter school.

(B) Commencing with the 2021-22 fiscal year, the concentration grant add-on referenced in subparagraph (A) shall instead be equal to 65 percent of the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (d), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), for each school district's or charter school's percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the school district's or charter school's total enrollment. The concentration grant shall be calculated by multiplying the base grants as specified in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (d), as adjusted by paragraphs (2) to (4), inclusive, of subdivision (d), by 65 percent and by the percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the total enrollment in that school district or charter school.

(2) (A) For a charter school physically located in only one school district, the percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent used to calculate concentration grants shall not exceed the percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the school district in which the charter school is physically located. For a charter school physically located in more than one school district, the charter school's percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent used to calculate concentration grants shall not exceed that of the school district with the highest percentage of unduplicated pupils calculated pursuant to paragraph (5) of subdivision (b) in excess of 55 percent of the school districts in which the charter school has a school facility. The concentration grant shall be expended in accordance with the regulations adopted pursuant to Section 42238.07.

(B) For purposes of this paragraph and subparagraph (A) of paragraph (1) of subdivision (f) of Section 42238.03, a charter school shall report its physical location to the department under timeframes established by the department. For a charter school authorized by a school district, the department shall include the authorizing school district in the department's determination of physical location. For a charter school authorized on appeal pursuant to subdivision (k) of Section 47605, the department shall include the school district that initially denied the petition in the department's determination of physical location. Notwithstanding subdivision (a) of Section 14002, the reported physical location of the charter school shall be considered final as of the second principal apportionment for that fiscal year, and, for purposes of this paragraph, the percentage of unduplicated pupils of the school district associated with the charter school pursuant to subparagraph (A) shall be considered final as of the second principal apportionment for that fiscal year.

(g) The Superintendent shall compute an add-on to the total sum of a school district's or charter school's base, supplemental, and concentration grants equal to the amount of funding a school district or charter school received from funds allocated pursuant to the Targeted Instructional Improvement Block Grant program, as set forth in Article 6 (commencing with Section 41540) of Chapter 3.2, for the 2012-13 fiscal year, as that article read on January 1, 2013. A school district or charter school shall not receive a total funding amount from this add-on greater than the total amount of funding received by the school district or charter

school from that program in the 2012–13 fiscal year. The amount computed pursuant to this subdivision shall reflect the reduction specified in paragraph (2) of subdivision (a) of Section 42238.03.

(h) (1) The Superintendent shall compute an add-on to the total sum of a school district's or charter school's base, supplemental, and concentration grants equal to the amount of funding a school district or charter school received from funds allocated pursuant to the Home-to-School Transportation program, as set forth in former Article 2 (commencing with Section 39820) of Chapter 1 of Part 23.5, former Article 10 (commencing with Section 41850) of Chapter 5, and the Small School District Transportation program, as set forth in former Article 4.5 (commencing with Section 42290), as those articles read on January 1, 2013, for the 2012–13 fiscal year. A school district or charter school shall not receive a total funding amount from this add-on greater than the total amount received by the school district or charter school for those programs in the 2012–13 fiscal year. The amount computed pursuant to this subdivision shall reflect the reduction specified in paragraph (2) of subdivision (a) of Section 42238.03.

(2) If a home-to-school transportation joint powers agency, established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code for purposes of providing pupil transportation, received an apportionment directly from the Superintendent from any of the funding sources specified in paragraph (1) for the 2012–13 fiscal year, the joint powers agency may identify the member local educational agencies and transfer entitlement to that funding to any of those member local educational agencies by reporting to the Superintendent, on or before September 30, 2015, the reassignment of a specified amount of the joint powers agency's 2012–13 fiscal year entitlement to the member local educational agency. Commencing with the 2015–16 fiscal year, the Superintendent shall compute an add-on to the total sum of a school district's or charter school's base, supplemental, and concentration grants equal to the amount of the entitlement to funding transferred by the joint powers agency to the member school district or charter school.

(i) (1) The sum of the local control funding formula rates computed pursuant to subdivisions (c) to (f), inclusive, shall be multiplied by:

(A) For school districts, the average daily attendance of the school district in the corresponding grade level ranges computed pursuant to Section 42238.05, excluding the average daily attendance computed pursuant to paragraph (2) of subdivision (a) of Section 42238.05 for purposes of the computation specified in subdivision (d).

(B) For charter schools, the total current year average daily attendance in the corresponding grade level ranges.

(2) The amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed pursuant to paragraphs (1) to (4), inclusive, of subdivision (d), as multiplied by subparagraph (A) or (B) of paragraph (1), as appropriate.

(j) The Superintendent shall adjust the sum of each school district's or charter school's amount determined in subdivisions (g) to (i), inclusive, pursuant to the calculation specified in Section 42238.03, less the sum of the following:

(1) (A) For school districts, the property tax revenue received pursuant to Chapter

3.5 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(B) For charter schools, the in-lieu property tax amount provided to a charter school pursuant to Section 47635.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of Division 2 of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.

(4) Prior years' taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount, if any, received pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), less any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance and that is not an amount received pursuant to Section 33492.15, or paragraph (4) of subdivision (a) of Section 33607.5, or Section 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(7) The amount, if any, received pursuant to Sections 34177, 34179.5, 34179.6, 34183, and 34188 of the Health and Safety Code.

(8) Revenue received pursuant to subparagraph (B) of paragraph (3) of subdivision (e) of Section 36 of Article XIII of the California Constitution.

(k) A school district shall annually transfer to each of its charter schools funding in lieu of property taxes pursuant to Section 47635.

(l) (1) This section does not authorize a school district that receives funding on behalf of a charter school pursuant to Section 47651 to redirect this funding for another purpose unless otherwise authorized in law pursuant to paragraph (2) or pursuant to an agreement between the charter school and its chartering authority.

(2) A school district that received funding on behalf of a locally funded charter school in the 2012–13 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42605, Section 42606, and subdivision (b) of Section 47634.1, as those sections read on January 1, 2013, or a school district that was required to pass through funding to a conversion charter school in the 2012–13 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42606, as that section read on January 1, 2013, may annually redirect for another purpose a percentage of the amount of the funding received on behalf of that charter school. The percentage of funding that may be redirected shall be determined pursuant to the following computation:

(A) (i) Determine the sum of the need fulfilled for that charter school pursuant to paragraph (3) of subdivision (b) of Section 42238.03 in the then current fiscal year for the charter school.

(ii) Determine the sum of the need fulfilled in every fiscal year before the then current fiscal year pursuant to paragraph (3) of subdivision (b) of Section 42238.03 adjusted for changes in average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.03 for the charter school.

(iii) Subtract the amount computed pursuant to paragraphs (1) to (3), inclusive, of subdivision (a) of Section 42238.03 from the amount computed for that charter school under the local control funding formula entitlement computed pursuant to

subdivision (i) of this section.

(iv) Compute a percentage by dividing the sum of the amounts computed pursuant to clauses (i) and (ii) by the amount computed pursuant to clause (iii).

(B) Multiply the percentage computed pursuant to subparagraph (A) by the amount of funding the school district received on behalf of the charter school in the 2012–13 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42605, Section 42606, and subdivision (b) of Section 47634.1, as those sections read on January 1, 2013.

(C) The maximum amount that may be redirected shall be the lesser of the amount of funding the school district received on behalf of the charter school in the 2012–13 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42605, Section 42606, and subdivision (b) of Section 47634.1, as those sections read on January 1, 2013, or the amount computed pursuant to subparagraph (B).

(3) Commencing with the 2013–14 fiscal year, a school district operating one or more affiliated charter schools shall provide each affiliated charter school schoolsite with no less than the amount of funding the schoolsite received pursuant to the charter school block grant in the 2012–13 fiscal year.

(m) Any calculations in law that are used for purposes of determining if a local educational agency is an excess tax school entity or basic aid school district, including, but not limited to, this section and Sections 41544, 42238.03, 47632, 47660, 47663, 48310, and 48359.5, and Section 95 of the Revenue and Taxation Code, shall exclude the revenue received pursuant to subparagraph (B) of paragraph (3) of subdivision (e) of Section 36 of Article XIII of the California Constitution.

(n) The funds apportioned pursuant to this section and Section 42238.03 shall be available to implement the activities required pursuant to Article 4.5 (commencing with Section 52059.5) of Chapter 6.1 of Part 28 of Division 4.

(o) A school district that does not receive an apportionment of state funds pursuant to this section, as implemented pursuant to Section 42238.03, excluding funds apportioned pursuant to the requirements of subparagraph (A) of paragraph (2) of subdivision (e) of Section 42238.03, shall be considered a “basic aid school district” or an “excess tax entity.”

Section 42238.025
Economic recovery
target rate

§ **42238.025** (a) In the 2013–14 fiscal year, the Superintendent shall compute an economic recovery target rate for each school district and charter school equal to the sum of the following:

(1) (A) For each school district, the school district's revenue limit in the 2012–13 fiscal year as computed pursuant to this article, as this article read on January 1, 2013, divided by the 2012–13 fiscal year average daily attendance of the school district computed pursuant to Section 42238.05. For purposes of this section, average daily attendance shall include any applicable revenue limit average daily attendance and shall be considered final for purposes of this section as of the annual apportionment for the 2012–13 fiscal year, as calculated for purposes of the certification required on or before February 20, 2014, pursuant to Sections 41332 and 41339.

(B) For each charter school, the charter school's general purpose funding as computed pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8 of Division 4, as that article read on January 1, 2013, and the in-lieu property tax amount provided to the charter school pursuant to Section 47635, as that section read on January 1, 2013, divided by the 2012–13 fiscal year average daily attendance of the charter school computed pursuant to Section 42238.05. For purposes of this section, average daily attendance shall include any applicable charter school general purpose funding average daily attendance and shall be considered final for purposes of this section as of the annual apportionment for the 2012–13 fiscal year, as calculated for purposes of the certification required on or before February 20, 2014, pursuant to Sections 41332 and 41339.

(C) The amounts determined pursuant to subparagraphs (A) and (B) shall not reflect the deficit factor adjustments set forth in Section 42238.146, as that section read on January 1, 2013.

(D) The amounts determined pursuant to subparagraphs (A) and (B) shall be adjusted for the cost-of-living adjustment for the 2013–14 fiscal year pursuant to paragraph (2) of subdivision (d) of Section 42238.02 and an annual average cost-of-living adjustment of 1.94 percent for the 2014–15 fiscal year to the 2020–21 fiscal year, inclusive.

Each school district or charter school for which this calculation yields an amount greater than zero shall be eligible for an economic recovery target payment equal to the amount of the difference. A school district or charter school that has a funding rate per unit of average daily attendance calculated pursuant to subdivision (a) that exceeds the rate calculated pursuant to subdivision (b) shall not be eligible for an economic recovery target payment.

(B) For an acquiring charter school, the economic recovery target payment shall be equal to the sum of the amounts calculated for the original charter schools.

This subparagraph shall become inoperative on July 1, 2023, unless its operation is extended by the Legislature.

(C) For a divided charter school, the economic recovery target payment shall be divided between the restructured portions of a divided charter school and the remaining portion of a divided charter school based on each charter school's share of the combined average daily attendance of the charter schools computed pursuant to Section 42238.05 as of the second principal apportionment in the fiscal year immediately before the first fiscal year of instruction as a restructured charter school. Data regarding average daily attendance shall be provided by the charter school in a format prescribed by the Superintendent. The total average daily attendance attributable to the restructured and remaining portions of a divided charter school shall not exceed the total average daily attendance of the original charter school for the applicable fiscal year. The amounts shall be final as of the second principal apportionment for the first fiscal year of instruction as a restructured charter school and each fiscal year thereafter.

The amounts computed pursuant to paragraphs (1) to (4), inclusive, shall be continuously appropriated pursuant to Section 14002.

(1) The current fiscal year base entitlement funding level shall be the sum of all of the following:

(A) For school districts, revenue limits in the 2012–13 fiscal year as computed pursuant to Article 2 (commencing with Section 42238), as that article read on January 1, 2013, divided by the 2012–13 average daily attendance of the school district computed pursuant to Section 42238.05. (ii) For the 2013–14 and 2014–15 fiscal years only, if a home-to-school transportation joint powers agency established in accordance with Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code for purposes of providing pupil transportation received, in the 2012–13 fiscal year, an apportionment of funds directly from the Superintendent from any of the funding sources identified in subparagraph (A) of paragraph (2) of subdivision (a), the Superintendent shall apportion that same amount to the home-to-school transportation joint powers agency.

Commencing with the 2015–16 fiscal year, the Superintendent shall add the reassigned amounts to the amounts calculated pursuant to subparagraph (A) of paragraph (2) of subdivision (a).

(B) In addition to subparagraph (A), of the funds a school district receives for home-to-school transportation programs the school district shall expend, pursuant to former Article 2 (commencing with Section 39820) of Chapter 1 of Part 23.5, former Article 10 (commencing with Section 41850) of Chapter 5, and the Small School District Transportation program, as set forth in former Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24 of Division 3 of Title 2, as those articles read on January 1, 2013, no less for those programs than the amount of funds the school district expended for home-to-school transportation

For purposes of this paragraph, a school district may include expenditures made by its county office of education within the school district for purposes of regional occupational centers or programs so long as the total amount of expenditures by the school district and the county office of education equal or exceed the total amount required to be expended for purposes of regional occupational centers or programs pursuant to this paragraph and paragraph (3) of subdivision (k) of Section 2575.

(8) For the 2013–14 and 2014–15 fiscal years only, and for purposes of ensuring the continuity of essential induction and training services for beginning teachers, the Alameda County Superintendent of Schools shall withhold five hundred eighty-one thousand five hundred forty dollars (\$581,540) from the local control funding formula apportionments of the Newark Unified School District, and from those withheld funds shall allocate the following amounts to the following entities:

School districts and charter schools with a negative difference shall be deemed to have a zero difference.

(2) Each school district's and charter school's total need, as calculated pursuant to paragraph (1), shall be divided by the sum of all school districts' and charter schools' total need to determine the school district's or charter school's respective proportions of total need.

(3) (A) Each school district's and charter school's proportion of total need shall be multiplied by any available appropriations specifically made for purposes of this subdivision, and added to the school district's or charter school's funding amounts as calculated pursuant to subdivision (a).

(B) For purposes of subparagraph (A), the proportion of total need that is funded from any available appropriations specifically made for purposes of this subdivision for a fiscal year shall be considered fixed as of the second principal apportionment for that fiscal year. Adjustments to a school district's or charter school's total need, as computed pursuant to paragraph (1), subsequent to the second principal apportionment for a fiscal year, shall be funded based on the

fixed proportion of total need that is funded for that fiscal year pursuant to this subdivision and shall be continuously appropriated pursuant to Section 14002.

(4) If the total amount of funds appropriated for purposes of paragraph (3) pursuant to this subdivision are sufficient to fully fund any positive amounts computed pursuant to paragraph (1), the local control funding formula grant computed pursuant to subdivision (c) of Section 42238.02 shall be adjusted to ensure that any available appropriation authority is expended for purposes of the local control funding formula.

(c) The Superintendent shall subtract from the amounts computed pursuant to subdivisions (a) and (b) the sum of the following:

(e) Notwithstanding paragraph (2) of subdivision (g), or the computations pursuant to subdivisions (b) to (d), inclusive, and Section 42238.02, commencing with the 2013–14 fiscal year, a school district or charter school shall receive state-aid funding of no less than the sum of the amounts computed pursuant to paragraphs (1) to (3), inclusive.

(1) (A) For school districts, revenue limits in the 2012–13 fiscal year as computed pursuant to Article 2 (commencing with Section 42238), as that article read on January 1, 2013, divided by the 2012–13 average daily attendance of the school district computed pursuant to Section 42238.05. That quotient shall be multiplied by the current fiscal year average daily attendance of the school district computed

pursuant Section 42238.05. A school district's 2012–13 revenue limit funding shall exclude amounts computed pursuant to Article 4 (commencing with Section 42280). For purposes of this subparagraph, 2012–13 fiscal year average daily attendance and 2012–13 fiscal year general purpose funding, as computed pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8 of Division 4, as that article read on January 1, 2013, shall be considered final as of the annual apportionment for the 2012–13 fiscal year, as calculated for purposes of the certification required on or before February 20, 2014, pursuant to Sections 41332 and 41339.

(ii) The amount computed pursuant to clause (i) shall exclude funds received by a charter school pursuant to Section 47634.1, as that section read on January 1, 2013.

(C) The amount computed pursuant to subparagraph (A) shall exclude funds received pursuant to Section 47633, as that section read on January 1, 2013.

The entitlement for basic aid school districts

shall include the reduction of 8.92 percent as applied pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Section 89 of Chapter 38 of the Statutes of 2012. For purposes of this subparagraph, 2012–13 fiscal year entitlements shall be considered final as of the annual apportionment for the 2012–13 fiscal year, as calculated for purposes of the certification required on or before February 20, 2014, pursuant to Sections 41332 and 41339.

(B) Commencing with the 2014–15 fiscal year, the entitlements identified in subparagraph (A) shall be adjusted to reflect the exclusion of one-time redevelopment agency liquid asset recovery revenue, pursuant to Section 34179.5 and following, of the Health and Safety Code, before the application of the 8.92-percent reduction applied pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Section 3 of Chapter 2 of the Statutes of 2012.

(C) The Superintendent shall annually apportion any entitlement provided to the state special schools from the items specified in subparagraph (A) to the state special schools in the same amount as the state special schools received from those items in the 2012–13 fiscal year.

(D) Commencing with the 2015–16 fiscal year, any portion of funding transferred to a school district or charter school by a joint powers agency pursuant to clause (iii) of subparagraph (A) of paragraph (6) of subdivision (a) shall be deemed to be included in the entitlements specified in subparagraph (A) for the school district or charter school.

(3) The allocations pursuant to Sections 42606 and 47634.1, as those sections read on January 1, 2013, divided by the 2012–13 average daily attendance of the charter school. That quotient shall be multiplied by the current fiscal year average daily attendance of the charter school.

(4)(A) For purposes of this subdivision, funding for a restructured charter school shall be calculated as follows:

(i) Funding for a transferred charter school that meets the requirements of Section 47653 shall be calculated by doing both of the following:

(I) For purposes of paragraphs (1) and (3), using the quotient calculated for the original charter school.

(II) For purposes of paragraph (2), using the same amount of entitlement funding calculated for the charter school before the restructuring.

(ii)(I) Funding for an acquiring charter school that meets the requirements of Section 47653 shall be calculated by doing both of the following:

(ia) For purposes of paragraphs (1) and (3) using the median quotient calculated for the original charter schools.

(ib) For purposes of paragraph (2), using the same amount of entitlement funding calculated for each original charter school before the restructuring.

(II) This clause shall become inoperative on July 1, 2023, unless its operation is extended by the Legislature.

(iii) Funding for a divided charter school that meets the requirements of Section 47653 shall be calculated by doing the following:

(I) For purposes of paragraphs (1) and (3), using the quotients calculated for the original charter school for both the restructured portions of a divided charter school and the remaining portion of a divided charter school.

(II) For purposes of paragraph (2), dividing the amount between the restructured

portions of a divided charter school and the remaining portion of a divided charter school based on each charter school's share of the combined average daily attendance of the original charter school computed pursuant to Section 42238.05 as of the second principal apportionment in the fiscal year immediately before the first fiscal year of instruction as a restructured charter school. Data regarding average daily attendance shall be provided by the charter school in a format prescribed by the Superintendent. The total average daily attendance attributable to the restructured and remaining portions of a divided charter school shall not exceed the total average daily attendance of the original charter school for the applicable fiscal year. The amounts shall be final as of the second principal apportionment for the first fiscal year of instruction as a restructured charter school and each fiscal year thereafter.

(B) The definitions in Section 47654 apply for purposes of this paragraph.

(f) (1) For purposes of this section, commencing with the 2013–14 fiscal year and until all school districts and charter schools equal or exceed their local control funding formula target computed pursuant to Section 42238.02, as determined by the calculation of a zero difference pursuant to paragraph (1) of subdivision (b), a newly operational charter school shall be determined to have a prior year funding amount per unit of average daily attendance equal to the lesser of:

(A) The prior year funding amount per unit of average daily attendance for the school district in which the charter school is physically located. The Superintendent shall calculate the funding amount per unit of average daily attendance for this purpose by dividing the total local control funding formula entitlement, calculated pursuant to subdivisions (a) and (b), received by that school district in the prior year by prior year funded average daily attendance of that school district. For purposes of this subparagraph, a charter school that is physically located in more than one school district shall use the calculated local control funding entitlement per unit of average daily attendance of the school district with the highest prior year funding amount per unit of average daily attendance. For purposes of this subparagraph, the prior year funding amount per unit of average daily attendance for the school district in which the charter school is physically located shall be considered final as of the second principal apportionment of the prior fiscal year.

(B) The charter school's local control funding formula rate computed pursuant to subdivisions (c) to (i), inclusive, of Section 42238.02.

(2) For charter schools funded pursuant to paragraph (1), the charter school shall be eligible to receive growth funding pursuant to subdivision (b) toward meeting the newly operational charter school's local control funding formula target.

(3) Upon a determination that all school districts and charter schools equal or exceed the local control funding formula target computed pursuant to Section 42238.02, as determined by the calculation of a zero difference pursuant to paragraph (1) of subdivision (b) for all school districts and charter schools, this subdivision shall not apply and the charter school shall receive an allocation equal to the amount calculated under Section 42238.02 in that fiscal year and future fiscal years.

(4) For purposes of this subdivision, the determination of a charter school's physical location shall be considered final as of the second principal apportionment for the applicable fiscal year.

(g) (1) In each fiscal year the Superintendent shall determine the percentage of school districts that are apportioned funding pursuant to this section that is less than the amount computed pursuant to Section 42238.02 as of the second principal apportionments of the fiscal year. If the percentage is less than 10 percent, the Superintendent shall apportion funding to school districts and charter schools equal to the amount computed pursuant to Section 42238.02 in that fiscal year. (2) For each fiscal year thereafter, the Superintendent shall apportion funding to a school district and charter school equal to the amount computed pursuant to Section 42238.02.

(c) For purposes of this section, the Superintendent shall distribute total ungraded enrollment and average daily attendance among kindergarten and each of grades 1 to 12, inclusive, in proportion to the amounts of graded enrollment and average daily attendance, respectively, in each of these grades.

(d) Subdivisions (a) to (c), inclusive, shall only apply to average daily attendance generated by school districts and shall not apply to average daily attendance generated by charter schools.

(e) A pupil shall not be counted more than once for purposes of calculating average daily attendance pursuant to this section.

(f) For purposes of Sections 42238.02, 42238.025, and 42238.03, average daily attendance for a charter school shall be the total current year average daily attendance in the corresponding grade level ranges for the charter school.

§ 42238.051 (a) For purposes of paragraph (1) of subdivision (a) of Section 42238.05, a sponsoring school district's average daily attendance shall be computed as follows:

(1) Compute the sponsoring school district's regular average daily attendance in the current year, excluding the attendance of pupils in charter schools.

(2) (A) Compute the regular average daily attendance used to calculate the second principal apportionment of the school district for the prior year, excluding the

(B) Compute the attendance of pupils who attended one or more noncharter schools of the school district between July 1, and the last day of the second period, inclusive, in the prior year, and who attended a charter school sponsored by the school district between July 1, and the last day of the second period, inclusive, in the current year.

For purposes of this subparagraph, a pupil enrolled in a grade at a charter school sponsored by the school district shall not be counted if the school district does not offer classes for pupils enrolled in that grade. The amount of the attendance counted for any pupil for the purpose of this subparagraph may not be greater than the attendance claimed for that pupil by the charter school in the current year.

(C) Compute the attendance of pupils who attended a charter school sponsored by the school district in the prior year and who attended one or more noncharter schools of the school district in the current year. The amount of the attendance counted for any pupil for the purpose of this subparagraph shall not be greater than the attendance claimed for that pupil by the school district in the current year.

(D) From the amount determined pursuant to subparagraph (B), subtract the amount determined pursuant to subparagraph (C). If the result is less than zero, the amount shall be deemed to be zero.

(E) The prior year average daily attendance determined pursuant to subparagraph (A) shall be reduced by the amount determined pursuant to subparagraph (D).

(3) To the greater of the amounts computed pursuant to paragraphs (1) and (2), add the regular average daily attendance in the current year of all pupils attending charter schools sponsored by the school district that are not funded through the charter schools local control funding formula allocation pursuant to Section 42238.02, as implemented by Section 42238.03.

(c) Notwithstanding any other law, this section does not apply to the 2021-22 fiscal year.

§ 42238.052 (a) Notwithstanding any other law, the prior year average daily attendance for a school district determined pursuant to subdivision (a) of Section 42238.051 shall be increased by the prior year second principal apportionment average daily attendance of a school district only for a school that meets the following description:

(1) The school was a district noncharter school in any year before the prior year.

(2) The school was operated as a district-approved charter school in the prior year.

(3) The school is again operated as a district noncharter school in the current year.

(b) An adjustment to prior year average daily attendance pursuant to this section may not be made for the attendance of pupils who were not residents of the school district in the prior year.

§ 42238.053 (a) The fiscal year average daily attendance computed under Section 42238.05 shall be increased, for each school district that operates a school that meets the eligibility requirements set forth in subdivision (b), by the number of days of attendance of pupils enrolled in eligible schools in the school district who are currently migratory children, as defined by Section 54441, and who are residing in state-operated migrant housing projects between the second principal apportionment and the end of the regular school year, divided by the number of

(2) Authorize a school district, county office of education, or charter school to use funds apportioned on the basis of the number of unduplicated pupils for schoolwide purposes, or, for school districts, districtwide purposes, for county offices of education, countywide purposes, or for charter schools, charterwide purposes, in a manner that is no more restrictive than the restrictions provided for in Title I of the federal No Child Left Behind Act of 2001 (20 U.S.C. (d) If the total estimated actual expenditures and the total actual quality improvements described in paragraphs (1) and (2) of subdivision (c) are less than the total budgeted expenditures and the total planned quality improvements described in paragraphs (1) and (2) of subdivision (c), and together these efforts are less than the total increase or improvement in services required by paragraph (1) of subdivision (a), all of the following requirements shall apply:

(1) The difference shall be expressed as an unused portion of the increase in funds apportioned on the basis of the number and concentration of unduplicated pupils in the school district, county office of education, or charter school set forth in paragraph (1) of subdivision (a).

authority shall not unconditionally admit or readmit to any of those institutions specified in this subdivision, or admit or advance any pupil to 7th grade level, unless the pupil has been immunized pursuant to Section 120335 or the parent or guardian files a medical exemption form that complies with Section 120372.

(b) If there is good cause to believe that a child has been exposed to a disease listed in subdivision (b) of Section 120335 and the child's documentary proof of immunization status does not show proof of immunization against that disease, that child may be temporarily excluded from the school or institution until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

§ 120372 (a)(1) By January 1, 2021, the department shall develop and make available for use by licensed physicians and surgeons an electronic, standardized, statewide medical exemption certification form that shall be transmitted directly to the department's California Immunization Registry (CAIR) established pursuant to Section 120440. Pursuant to Section 120375, the form shall be printed, signed, and submitted directly to the school or institution at which the child will attend, submitted directly to the governing authority of the school or institution, or submitted to that governing authority through the CAIR where applicable. Notwithstanding Section 120370, commencing January 1, 2021, the standardized form shall be the only documentation of a medical exemption that the governing authority may accept.

(2) At a minimum, the form shall require all of the following information:

(A) The name, California medical license number, business address, and telephone number of the physician and surgeon who issued the medical exemption, and of the primary care physician of the child, if different from the physician and surgeon who issued the medical exemption.

(B) The name of the child for whom the exemption is sought, the name and address of the child's parent or guardian, and the name and address of the child's school or other institution.

(C) A statement certifying that the physician and surgeon has conducted a physical examination and evaluation of the child consistent with the relevant standard of care and complied with all applicable requirements of this section.

(D) Whether the physician and surgeon who issued the medical exemption is the child's primary care physician. If the issuing physician and surgeon is not the child's primary care physician, the issuing physician and surgeon shall also provide an explanation as to why the issuing physician and not the primary care physician is filling out the medical exemption form.

(E) How long the physician and surgeon has been treating the child.

(F) A description of the medical basis for which the exemption for each individual immunization is sought. Each specific immunization shall be listed separately and space on the form shall be provided to allow for the inclusion of descriptive information for each immunization for which the exemption is sought.

(G) Whether the medical exemption is permanent or temporary, including the date upon which a temporary medical exemption will expire. A temporary exemption shall not exceed one year. All medical exemptions shall not extend beyond the grade span, as defined in Section 120370.

(H) An authorization for the department to contact the issuing physician and

surgeon for purposes of this section and for the release of records related to the medical exemption to the department, the Medical Board of California, and the Osteopathic Medical Board of California.

(I) A certification by the issuing physician and surgeon that the statements and information contained in the form are true, accurate, and complete.

(3) An issuing physician and surgeon shall not charge for either of the following:

(A) Filling out a medical exemption form pursuant to this section.

(B) A physical examination related to the renewal of a temporary medical exemption.

(b) Commencing January 1, 2021, if a parent or guardian requests a licensed physician and surgeon to submit a medical exemption for the parent's or guardian's child, the physician and surgeon shall inform the parent or guardian of the requirements of this section. If the parent or guardian consents, the physician and surgeon shall examine the child and submit a completed medical exemption certification form to the department. A medical exemption certification form may be submitted to the department at any time.

(c) By January 1, 2021, the department shall create a standardized system to monitor immunization levels in schools and institutions as specified in Sections 120375 and 120440, and to monitor patterns of unusually high exemption form submissions by a particular physician and surgeon.

(d)(1) The department, at a minimum, shall annually review immunization reports from all schools and institutions in order to identify medical exemption forms submitted to the department and under this section that will be subject to paragraph (2).

(2) A clinically trained immunization department staff member, who is either a physician and surgeon or a registered nurse, shall review all medical exemptions from any of the following:

(A) Schools or institutions subject to Section 120375 with an overall immunization rate of less than 95 percent.

(B) Physicians and surgeons who have submitted five or more medical exemptions in a calendar year beginning January 1, 2020.

(C) Schools or institutions subject to Section 120375 that do not provide reports of vaccination rates to the department.

(3)(A) The department shall identify those medical exemption forms that do not meet applicable CDC, ACIP, or AAP criteria for appropriate medical exemptions. The department may contact the primary care physician and surgeon or issuing physician and surgeon to request additional information to support the medical exemption.

(B) Notwithstanding subparagraph (A), the department, based on the medical discretion of the clinically trained immunization staff member, may accept a medical exemption that is based on other contraindications or precautions, including consideration of family medical history, if the issuing physician and surgeon provides written documentation to support the medical exemption that is consistent with the relevant standard of care.

(C) A medical exemption that the reviewing immunization department staff member determines to be inappropriate or otherwise invalid under subparagraphs (A) and (B) shall also be reviewed by the State Public Health Officer or a physician

and surgeon from the department's immunization program designated by the State Public Health Officer. Pursuant to this review, the State Public Health Officer or physician and surgeon designee may revoke the medical exemption.

(4) Medical exemptions issued prior to January 1, 2020, shall not be revoked unless the exemption was issued by a physician or surgeon that has been subject to disciplinary action by the Medical Board of California or the Osteopathic Medical Board of California.

(5) The department shall notify the parent or guardian, issuing physician and surgeon, the school or institution, and the local public health officer with jurisdiction over the school or institution of a denial or revocation under this subdivision.

(6) If a medical exemption is revoked pursuant to this subdivision, the child shall continue in attendance. However, within 30 calendar days of the revocation, the child shall commence the immunization schedule required for conditional admittance under Chapter 4 (commencing with Section 6000) of Division 1 of Title 17 of the California Code of Regulations in order to remain in attendance, unless an appeal is filed pursuant to Section 120372.05 within that 30-day time period, in which case the child shall continue in attendance and shall not be required to otherwise comply with immunization requirements unless and until the revocation is upheld on appeal.

(7)(A) If the department determines that a physician's and surgeon's practice is contributing to a public health risk in one or more communities, the department shall report the physician and surgeon to the Medical Board of California or the Osteopathic Medical Board of California, as appropriate. The department shall not accept a medical exemption form from the physician and surgeon until the physician and surgeon demonstrates to the department that the public health risk no longer exists, but in no event shall the physician and surgeon be barred from submitting these forms for less than two years.

(B) If there is a pending accusation against a physician and surgeon with the Medical Board of California or the Osteopathic Medical Board of California relating to immunization standards of care, the department shall not accept a medical exemption form from the physician and surgeon unless and until the accusation is resolved in favor of the physician and surgeon.

(C) If a physician and surgeon licensed with the Medical Board of California or the Osteopathic Medical Board of California is on probation for action relating to immunization standards of care, the department and governing authority shall not accept a medical exemption form from the physician and surgeon unless and until the probation has been terminated.

(8) The department shall notify the Medical Board of California or the Osteopathic Medical Board of California, as appropriate, of any physician and surgeon who has five or more medical exemption forms in a calendar year that are revoked pursuant to this subdivision.

(9) Notwithstanding any other provision of this section, a clinically trained immunization program staff member who is a physician and surgeon or a registered nurse may review any exemption in the CAIR or other state database as necessary to protect public health.

(e) The department, the Medical Board of California, and the Osteopathic Medical

Board of California shall enter into a memorandum of understanding or similar agreement to ensure compliance with the requirements of this section.

(f) In administering this section, the department and the independent expert review panel created pursuant to Section 120372.05 shall comply with all applicable state and federal privacy and confidentiality laws. The department may disclose information submitted in the medical exemption form in accordance with Section 120440, and may disclose information submitted pursuant to this chapter to the independent expert review panel for the purpose of evaluating appeals.

(g) The department shall establish the process and guidelines for review of medical exemptions pursuant to this section. The department shall communicate the process to providers and post this information on the department's website.

(h) If the department or the California Health and Human Services Agency determines that contracts are required to implement or administer this section, the department may award these contracts on a single-source or sole-source basis. The contracts are not subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, or Sections 4800 to 5180, inclusive, of the State Administrative Manual as they relate to approval of information technology projects or approval of increases in the duration or costs of information technology projects.

(i) Notwithstanding the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department may implement and administer this section through provider bulletins, or similar instructions, without taking regulatory action.

(j) For purposes of administering this section, the department and the California Health and Human Services Agency appeals process shall be exempt from the rulemaking and administrative adjudication provisions in the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with 11400), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

§ 120372.05 (a) A medical exemption revoked pursuant to Section 120372 may be appealed by a parent or guardian to the Secretary of California Health and Human Services. Parents, guardians, or the physician who issued the medical exemption may provide necessary information for purposes of the appeal.

(b) The secretary shall establish an independent expert review panel, consisting of three licensed physicians and surgeons who have relevant knowledge, training, and experience relating to primary care or immunization to review appeals. The agency shall establish the process and guidelines for the appeals process pursuant to this section, including the process for the panel to contact the issuing physician and surgeon, parent, or guardian. The agency shall post this information on the agency's internet website. The agency shall also establish requirements, including conflict-of-interest standards, consistent with the purposes of this chapter, that a physician and surgeon shall meet in order to qualify to serve on the panel.

(c) The independent expert review panel shall evaluate appeals consistent with the federal Centers for Disease Control and Prevention, federal Advisory Committee

Section 120372.05
Appeal of revoked
medical exemption;
procedures

on Immunization Practices, or American Academy of Pediatrics guidelines or the relevant standard of care, as applicable.

(d) The independent expert review panel shall submit its determination to the secretary. The secretary shall adopt the determination of the independent expert review panel and shall promptly issue a written decision to the child's parent or guardian. The decision shall not be subject to further administrative review.

(e) A child whose medical exemption revocation pursuant to subdivision (d) of Section 120372 is appealed under this section shall continue in attendance and shall not be required to commence the immunization required for conditional admittance under Chapter 4 (commencing with Section 6000) of Division 1 of Title 17 of the California Code of Regulations, provided that the appeal is filed within 30 calendar days of revocation of the medical exemption.

(f) For purposes for administering this section, the department and the California Health and Human Services Agency appeals process shall be exempt from the rulemaking and administrative adjudication provisions in the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with 11400), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

and 49414.1

§ 120375 (a) The governing authority of each school or institution included in Section 120335 shall require documentary proof of each entrant's immunization status.

The governing authority shall record the immunizations of each new entrant in the entrant's permanent enrollment and scholarship record on a form provided by the department. The immunization record of each new entrant admitted conditionally shall be reviewed periodically by the governing authority to ensure that within the time periods designated by regulation of the department the entrant has been fully immunized against all of the diseases listed in Section 120335, and immunizations received after entry shall be added to the pupil's immunization record.

(b) The governing authority of each school or institution included in Section 120335 shall prohibit from further attendance any pupil admitted conditionally who failed to obtain the required immunizations within the time limits allowed in the regulations of the department until that pupil has been fully immunized against all of the diseases listed in Section 120335, unless the pupil is exempted under Section 120370 or 120372.

(c) The governing authority shall file a written report, on at least an annual basis, on the immunization status of new entrants to the school or institution under their jurisdiction with the department and the local health department on forms prescribed by the department. As provided in paragraph (4) of subdivision (a) of Section 49076 of the Education Code, the local health department shall have access to the complete health information as it relates to immunization of each student in the schools or other institutions listed in Section 120335 in order to determine immunization deficiencies.

(d) The governing authority shall cooperate with the county health officer in carrying out programs for the immunization of persons applying for admission to any school or institution under its jurisdiction. The governing board of any school district may use funds, property, and personnel of the district for that purpose. The governing authority of any school or other institution may permit any licensed physician or any

qualified registered nurse to administer immunizing agents to any person seeking admission to any school or institution under its jurisdiction.

§ 120380 It is the intent of the Legislature that the administration of immunizing agents by registered nurses in school immunization programs under the direction of a supervising physician and surgeon as provided in Sections 49403 and 49426 of the Education Code shall be in accordance with accepted medical procedure. To implement this intent, the department may adopt written regulations specifying the procedures and circumstances under which a registered nurse, acting under the direction of a supervising physician and surgeon, may administer an immunizing agent pursuant to Sections 49403 and 49426 of the Education Code.

However, nothing in this section shall be construed to prevent any registered nurse from administering an immunizing agent in accordance with Sections 49403 and 49426 of the Education Code in the absence of written regulations as the department is authorized to adopt under this section.

(b) When calculating the portion of the real property sold pursuant to EC Section 17462.3(c), the gross acreage/square footage of the school site as well as square footage of building area shall be considered for the purpose of determining the proportionate percentage of funding to be returned.

(c) When the Board makes a finding that the school district, county office of education, or Charter School, is subject to the provisions of Education Code Section 17462.3, the school district, county office of education, or Charter School must return the moneys to the Board within 90 calendar days of the Board's finding.

§ 1859.90.2 The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

Section 1859.90.2
Priority Funding
Process

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:

- (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
- (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result

- in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
- (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
 - (4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
 - (5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.
 - (6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:
 - (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197 (c)(1); and
 - (B) Acknowledgment that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and
 - (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).
- (b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
- (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
 - (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
 - (4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.
- (c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive

a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:

(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

§ 1859.106.1 Upon adoption of the audit findings by the Board and in lieu of the collection procedures outlined in Education Code Section 17076.10(c)(1), a school district, county office of education, or Charter School may request a repayment schedule of up to five years, in equal annual installments, if the total repayment of State funds within 60 days of the Board action would cause the school district, county office of education, or Charter School to fall into fiscal distress. School districts, county offices of education, or Charter Schools requesting a repayment schedule must be in a severe hardship condition as evidenced by at least one of the following criteria:

(a) For a school district or county office of education, the district or county office of education is listed on the current CDE List of Negative and Qualified Certifications of School Districts and County Offices of Education.

(b) For a school district or county office of education, the amount due to the State for one or more projects would cause the district or county office of education to be listed on the CDE List of Negative and Qualified Certifications of School Districts and County Offices of Education report. Where the financial condition of a school district is involved, the county office of education must submit a letter to the OPSC on behalf of its representative school districts for consideration substantiating that the repayment will place the district on the CDE List of Negative and Qualified Certifications of School Districts and County Offices of Education. Where the financial condition of a county office of education is involved, the CDE must submit a letter to the OPSC on behalf of the county office of education for consideration

Section 1859.106.1
Repayment of state
funds

substantiating that the repayment will place the county office of education on the CDE List of Negative and Qualified Certifications of School Districts and County Offices of Education.

(c) For a Charter School, the amount due to the State for one or more projects would cause the Charter School severe financial hardship. The Charter School's authorizing agency must submit a letter to the OPSC on behalf of the Charter School for consideration substantiating that the repayment may result in the Charter School being unable to meet its financial obligations for the current or subsequent two fiscal years.

The repayment schedule shall include interest at the same rate as that earned on the State's Pooled Money Investment Account on the date a repayment schedule is approved by the Board.

The repayment schedule will commence on July 1 of the fiscal year following the repayment schedule approval date.
