FEDERAL CONTRACTING

AALRR employs a team of experts in the area of federal construction contracting, including review and analysis of federal contracts, negotiating and drafting liquidating agreements, advice relating to compliance with relevant FAR provisions, contract administration, and effective communication with federal agencies during contract performance. Our attorneys are well-versed in bringing requests for equitable adjustment, actions under the Contract Disputes Act in both the Court of Federal Claims and the Board of Contract Appeals, and bringing and defending Miller Act claims.
